Acer Business Buyer's Guide

April - June 2016

Powered by Intel® Core™ Processors.

Easy. Reliable. Secure.

INTEL INSIDE

BETTER EXPERIENCES OUTSIDE

**HELPING SCHOOL TO FIND
THE RIGHT DEVICES AND PROCESSORS**

MAXIMIZE EACH DEVICE'S POTENTIAL WITH THE RIGHT INTEL® PROCESSOR

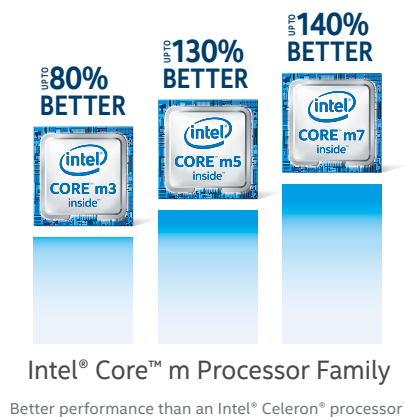

Learn the ins and outs of Intel® processors to help connect your student with the technology that's right for them.

INTEL® PROCESSORS

CHOOSE WHAT MATTERS MOST TO YOU

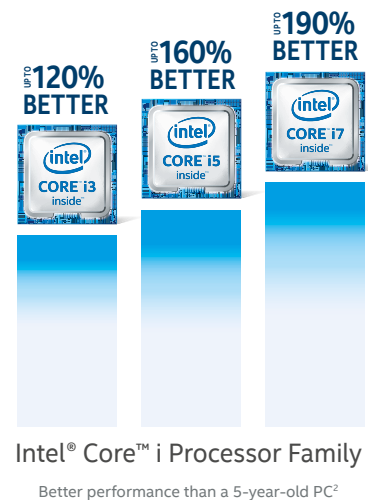

LIGHTER, SLEEKER MOBILE DEVICES

When thin, quiet devices designed for on the go matter most

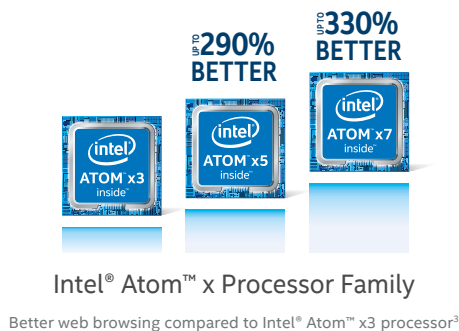

MOST POWER & PERFORMANCE¹

When speed and graphics to power intense programs and games matter most

LONG-LASTING MOBILITY

When long-lasting battery life and quicker web browsing matter most

VALUE & PERFORMANCE

When light gaming and smooth app operations matter most

¹Between current Intel-powered devices available in retail today

For more complete information about performance and benchmark results, visit www.intel.com/benchmarks

For more complete information about performance and benchmark results, visit <http://www.intel.com/benchmarks>

Intel Reference Platform is an example new system. Products available from systems manufacturers will not be identical in design, and performance will vary.

¹⁻²As measured by SYSmark® 2014, a benchmark from the BAPCo® consortium that measures the performance of Windows® platforms on real-world applications. Learn more at: bapco.com

¹Systems Measured: Intel Reference Platform with Intel® Core™ i3-6100U, Memory: 2x4GB DDR4-2133, Storage: Intel SSD, Display Resolution: 1920x1080, Battery: 46 Whr, Graphics driver: 15.40.4225

Intel Reference Platform with Intel® Core™ i5-6200U, Memory: 2x4GB DDR4-2133, Storage: Intel SSD, Display Resolution: 1920x1080, Battery: 46 Whr, Graphics driver: 15.40.4225

Intel Reference Platform with Intel® Core™ i7-6600U, Memory: 2x4GB DDR4-2133, Storage: Intel SSD, Display Resolution: 1920x1080, Battery: 46 Whr, Graphics driver: 15.40.4225

5 year old PC: Intel® Core™ i5-520UM Processor (1.06GHz up to 1.86GHz, 2C4T, 3MB) measured on Acer® Aspire 1830T, Memory: 4GB DDR3 1600MHz, Storage: 500GB hard drive, Display: 11" 1366x768 resolution, Battery: 63Whr, OS: Windows® 7

²Systems Measured: Intel Reference Platform with Intel® Core™ m3-6Y20, Memory: 2x2GB LPDDR3-1600, Storage: Intel SSD, Display Resolution: 1920x1080.

Intel Reference Platform with Intel® Core™ m5-6Y54, Memory: 2x2GB LPDDR3-1600, Storage: Intel SSD, Display Resolution: 1920x1080.

Tough as TravelMate

Built to last, ready for anything – including classroom. Acer's TravelMate series is designed and tested for reliability, security, productivity and toughness using the industry's most stringent criteria.

TravelMate endures Extreme Temp & Humidity

Temperature & Humidity Test: -20C° to 65C° and up to 80% humidity

TravelMate has Super Hinge

Hinge life tested 25,000 times withstands more than 5kg of force

TravelMate survives Free Fall Test

Free-drop tested endures 74cm drop with system on

TravelMate is Solid under Pressure

Weight & pressure tested withstands pressure up to 60kg/cm²

TravelMate has Thicker Armour

TravelMate employs 20% more High Impact ABS or Advanced Materials Technology to withstand rigours of the everyday classroom

when compared with conventional retail models

TravelMate withstands Liquid Spills

Liquid spill resistant keyboard comes standard on TravelMate series

#TravelMate keyboard protects internal laptop components from liquid spill however keyboard itself may require service or replacement.

Channel Partner Services

About Acer's Channel Partners

Acer's Channel Partners are an important strategic extension of our business. They are recognised for their expertise in delivering a range of IT solutions using a mixture of Acer and complimentary third party products and services.

Together with our partners, Acer is able to offer efficiently integrated sales and support solutions to our customers. Our partners are the first point of contact for all Acer related enquiries, and our Channel eBusiness Solutions allow for efficient inter-organisational communication. Our individual partners can offer a unique and customisable range of services, so please discuss your requirements with them to ensure that you choose the appropriate partner to match your needs:

- Advice
- Configuration and design
- Procurement services with volume discounts
- Complimentary third party products
- Project management
- Delivery solutions
- Installation services
- Maintenance services
- End of life services

Our commercial resellers are accessible from our business portal located at smb.acer.com.au. Just follow the link to the Reseller Locator.

Acer Support and Services

On-Site Warranty Service

Acer provides cost effective and professional on-site warranty services utilising our highly knowledgeable and professionally skilled group of engineers in all metropolitan and most regional locations. Our proven track record combined with our comprehensive service network gives our clients the confidence that we can provide the on-site service and response times they require.

Whether it is an efficient and cost effective next business day response to a four hour on-site attendance for the most critical of requirements or IT infrastructure rollouts, Acer can tailor a solution to suit.

Installation Services

Acer has an in-house Project Management Division which delivers a full end-to-end lifecycle service for the refresh of all assets. Services include the planning of refresh cycles, logistics, installation of new assets and the decommissioning of old assets for end of life processing.

Our team will ensure that a high quality, consistent and dependable service is delivered through a single point of contact, backed up with real-time reporting from our process governance system, i-Track.

TravelMate Features Comparison

Acer's professional products are designed and tested for reliability, security, productivity and toughness. These machines have a great reputation for being excellent investments for businesses of all sizes.

TravelMate Notebooks

Full-featured business laptops that deliver superior performance, manageability and security features.

TravelMate P2 series

Compact and Best in Value

The TravelMate P2 Series packs the latest Intel® Core™ processors and graphics to keep you at your productive best. They are loaded with tailor-made management and security software for easy, centralised control.

TravelMate P4 series

All-Round and All-Purpose

Optimized for both performance and security, the Travelmate P4 Series laptops are business partners that enable productivity. With extra memory capacity, high-speed storage and high-performance wireless networking, you get a complete package.

TravelMate P6 series

No Compromises on Quality

As a best-in-class Ultrabook™, the TravelMate P6 Series delivers superior performance plus high-level manageability and security features. A carbon fibre/Mg-Al chassis ensures the P6 series is light and tough as it is stylish, and it has been engineered so there are no gaps when the screen is closed.

Veriton M Series

Micro Tower Commercial PC

Expandability

Fitted with the latest technology of today, the Veriton M series is also flexible enough to be upgraded and expanded to match your business needs. A generous amount of PCI Express (PCIe) ensures you can easily add and replace components as the situation demands it. The conveniently located front mounted bays also allow for add-ons to be quickly inserted or removed.

Reliable, convenient

The 100% solid capacitor design has been created with stability, reliability and longevity in mind. This robustness is essential in running today's most demanding applications, as well as meeting the power needs of the high-end processors and components of the Veriton 6 Series. A convenient, modular design allows components to be easily swapped or upgraded.

Industrial compliance

Industrial compliance extends the life of your hardware, reduces costs, and keeps your business environmentally sound. ENERGY STAR® compliance means maximized efficiency with less power usage. The GS Mark certifies safer product design and better ergonomics.

B6 Series Monitors

Ideal for use in office environments, libraries and computer labs, B6 Series monitors deliver dynamic and energizing visuals thanks to their high display resolution and true-to-life colours. Eco-friendly technologies help to save power and cut energy costs. The monitors also feature an ergonomic design for comfortable all-day computing.

Acer ErgoStand

The Acer ErgoStand pivots vertically so documents and web pages can be viewed in portrait mode – which is great for creating content, too. It also tilts and moves up and down for finding the most comfortable viewing position. Plus, the swivel adjustment lets you move the display around for convenient sharing.

Acer eColour Management

Acer monitors can quickly tailor performance characteristics (brightness, saturation, contrast, etc.) to suit visual content. There are five modes: Standard, Text, Graphics, Movie, and User-Defined. With such flexibility to optimize, Acer monitors deliver specialized views in just a few clicks.

Acer Altos Servers

24x7 availability, reliability and efficiency

Designed with Business in Mind

While scaling up and building your business, your data grows as well. Acer's mainstream one and two-socket servers come with powerful specifications and intelligent management tools that easily plug in and begin working for you. Considering virtualisation? Cloud computing? Acer's enterprise-class solutions are designed to bring flexible IT environments to the business sector, as well as enable high availability and manageability while cutting operation overhead.

High-End Performance

Intel® server processors offer the scalable performance and advanced reliability required for your server and data centre environments. Acer servers harness the power and reliability of Intel® Xeon® processors to deliver maximum performance in a form factor that is perfect for your needs.

Altos T110 F3*

Part Number: US.R8QSA.Q81-WT8

- Intel® Xeon® E3-1220v3 Processor
- 1x 8GB DDR3-1600 RAM
- 1TB 7.2K RPM 3.5" Enterprise Grade SATA HDD
- DVD Super-Multi Drive
- Integrated RAID
- Acer Smart Setup Utility
- Acer Smart Server Manager
- 3 Years Parts and Labour NBD Onsite Response

\$1,799 SRP inc. GST†

Altos T310 F3*

Part Number: US.R8RSA.N53-WT8

- Intel® Xeon® E3-1240v3 Processor
- 16GB (2x 8GB) DDR3-1600 RAM
- 4x 3TB 7.2K RPM 3.5" Enterprise Grade SATA HDD
- DVD Super-Multi Drive | Integrated SATA RAID
- Supports up to 4x 3.5" SAS/SATA hotswap hard drives
- Dedicated Remote Management Port
- Acer Smart Setup Utility / Server Manager
- 3 Years Parts and Labour NBD Onsite Response

\$3,699 SRP inc. GST†

Altos Tower Series

Dual Socket Tower / Rack Server with Hotswap Functionality

Uninterrupted, Solid Computing

The AT350 F3 delivers up to 22-core performance with the latest Intel® Xeon® processors along with DDR4 memory for high-speed, memory-intensive and multi-threaded operations. What's more, 1+1 redundant platinum-level power supplies and redundant 80 PLUS® Platinum-level power supplies and hot-swappable system fans secure your system uptime for increased productivity.

Altos T350 F3*

- Intel® Xeon® E5-2609v3/v4 Processor
- 64GB (4x 16GB) DDR4-2133/2400 RAM
- 920W Redundant (1+1) 80 PLUS® Platinum-level power supply
- 3x 300GB 10K RPM 2.5" Enterprise Grade SAS HDD
- DVD Super-Multi Drive | 6GB 8 ports SAS/SATA RAID*
- Supports up to 8x 2.5" or 3.5" SAS/SATA hotswap hard drives
- Dedicated Remote Management Port
- Acer Smart Setup Utility / Server Manager
- 3 Years Parts and Labour NBD Onsite Response

• Rack-mountable (optional)

Altos Rack-Mount Series

All-round Performance and Expansion

Altos | R Series

The Altos R Series F3 is a robust two-socket 1U or 2U system that is ideal for almost any application. This dynamic system can function as a head node, for virtualization purposes, or as a storage system for your HPC (High-Performance Computing) and technical computing environments. Extremely expandable and highly efficient, this system is a powerful core for your most demanding data-center needs. Equipped upto two 750 W or 1100 W 80 PLUS Platinum-level hotswap power supplies.

Extremely Powerful

The Altos R Series supports up to two Intel® Xeon® E5-2600 v3/v4 product family processors, and high-performance DDR4 memory occupying twenty-four DIMM slots. There is no shortage of storage capability with up to twelve 3.5" or 8/16/24 2.5" front-accessible, hot-swap hard drives, two 2.5" internal drive bays and two 2.5" rear-accessible hot-swap drive bay options. Hard drives can be configured in 12Gb/s SAS RAID and SAS HBA for increased performance and data availability.

Altos R360 F3*

- Intel® Xeon® E5-2609v3/v4 Processor
- 32 GB (2x 16GB) DDR4 -2133/2400 RAM
- 750W Redundant (1+1) 80 PLUS® Platinum-level hotswap power supply
- 3x 300GB 10K RPM 2.5" Enterprise Grade SAS HDD
- Supports up to 8x 2.5" SAS/SATA hotswap hard drives
- 12GB 8-ports SAS/SATA RAID controller
- Dual (1+1) port Intel® X540 10Gbe Ethernet
- Dedicated Remote Management Port | Rack-Mount Rail Kit
- Acer Smart Setup Utility / Server Manager
- 3 Years Parts and Labour NBD Onsite Response

Acer Server Management

Easy and Hassle-Free Operation

Acer Smart Setup

Acer Smart Setup guides you through the server configuration and deployment process in a few clicks via a simple interface, so you can set up your system quickly and easily. This utility automatically detects hardware components to retrieve the proper drivers and configure the server intelligently for a Windows or Linux® operating system.

Acer Smart Server Manager

Acer Smart Server Manager (ASSM) offers all the functionality of Acer Smart Console, with additional features and the ability to manage up to 250 physical and virtual devices at the same time. Providing email alerts; SNMP trap configuration and collection; management for server hardware, OS and virtual machines; and connectivity to server-specific interfaces, ASSM is the perfect window for IT administrators.

Genuine Acer Server Warranty

Trusted and Speedy Support

24x7 Support Hotline for Altos Server and Storage Solutions

We recognised the requirement for technical support availability for our Altos server and storage customers to extend beyond the typical working day and the need to ensure that support issues can be addressed immediately. As part of our continued growth in the server and storage market and the strength of our after-sales service and support, we introduced a 24 x 7 hotline facility for all Acer Channel Partners and customers. This support covers customers regionally (in Australia and New Zealand) with 24 x 7 telephone support by Acer Senior Second Level support engineers.

Server Support 24x7 Hotline: 1300 659 900
