Highlights

20 hours play time

This headphone offers up to 20 hours of continuous play for worry-free enjoyment when you're listening to your music on the go.

40mm drivers

Let your workout playlist take you to the next level. Perfectly tuned 40 mm neodymium acoustic drivers deliver the bass to keep you going. The closed-back construction delivers great passive noise isolation. You get to pump up your tunes without annoying others.

Breathable ear-cup cushions.

The soft, breathable ear-cup cushions are filled with cooling gel: no matter how hard you work, the headphones stay cool against your skin. The cushions are also detachable for easy cleaning.

Noise and echo cancellation

No more of those annoying echoes when you are talking on the phone. With our acoustic echo cancellation, you always get a clear, undisturbed connection.

Cooling ear cups.

The soft, breathable ear-cup cushions are filled with cooling gel: no matter how hard you work, the headphones stay cool against your skin. The cushions are also detachable for easy cleaning.

Detailed sound.

Plug into a world of crystal clear and natural sound with precisely tuned 40mm drivers. Your Sports headphone is carefully engineered to deliver crisp and richly detailed yet natural sound – whatever the music you're listening to.

Flat-folding design.

Flat-folding ear cups make storage easy.

IPX4

These sports headphones boast an IPX4 splash-proof rating. They're resistant to splashing from any direction and can withstand more than a little sweat. You can train as hard as you like, even when it's raining.

Quick Charge.

If you need an extra boost, Quick Charge gets you 2 hours more play time after 10 minutes charging.

Sleek design

The sleek design looks great whether you're going for your personal best or meeting friends after a gym session. Flat-folding ear cups make storage easy.

Smart pairing.

The user friendly buttons let you pause your playlist, take calls, and adjust volume. All without touching your smartphone. The headphones are ready to pair the instant you switch on Bluetooth. Once they're paired, they remember the last device they were paired with.
