Cache	13.75 MB

Product details

If you're searching for a dependable processor, then the 4XG7A37932 processor from Lenovo is an excellent choice. With a 13.75 MB cache and a clock rate of 2.2 GHz this Intel Xeon Silver processor is a reliable model for office programs and web applications. It comes with 10 individual processing cores that are largely independent of one another. This enables a high computing power, which allows you to effortlessly run multiple programs at the same time.

Benefit from great quality and all-round excellent service — from order to delivery. Get it now!
