Worktops & Undercounters

Refrigerators & Freezers

Worktops & Undercounters (-U models*) cabinets have stainless steel fronts, tops and end panels with aluminum backs and interiors. Worktop models are available as a flat top or with a 5 1/2" backsplash. Front breathing and drawer options available. Undercounters are standard front breathing.

*Undercounters are for under the counter applications <u>only</u> Can not be used as a worktop.

In This Section

FLEXIBLE **Option**
16-gauge overshelves (single or double)

Benefit
Easier item storage and handling at an arm's reach

FLEXIBLE **Option**
Easy, in-the-field conversion from door to drawer or drawer to door, or rehinging doors

Benefit
Workflow flexibility after the installation, easy cleaning & servicing

Continental Refrigerator

Sandwich Units

Standard, Mighty & Cutting Tops

Sandwich Units offer a unique air flow distribution (full length evaporator coil across back of unit). Cabinet has a stainless steel front, top and end panels with aluminum back and interior. Units also feature insulated lid(s), recessed pans and a full-length nylon cutting board. Doors are field rehingeable. Pan top configurations can be modified to meet the needs of the operator. Front breathing and drawer options available.

Note: Unhinged flat lids can not be hinged in the field.

In This Section

FLEXIBLE **Option**
16-gauge overshelves (single or double)

Benefit
Easier item storage and handling at an arm's reach

Hat channel included. Adds stability & the ability to add a heat lamp by others (upper shelf only)

FLEXIBLE **Option**
Vision Panel Lid in lieu of standard insulated lid

Benefit
Product visiblity

Standard Insulated Lid

FLEXIBLE **Option**
1/9 size crumb pans recessed in cutting board

Benefit
Keeps work area clean and crumbs contained

FLEXIBLE **Option**
Easy, in-the-field conversion from door to drawer or drawer to door, or rehinging doors

Benefit
Workflow flexibility after the installation, easy cleaning & servicing

Continental Refrigerator   PRICE LIST | Effective August 16, 2021

Base Models

Worktops, Undercounters & Sandwich Units

For high volume situations where flexibility and storage of pans is needed. Heavy gauge #300 Series stainless steel top, stainless steel front and end panels and aluminum interior. Condensing unit on left or right to keep away from hot equipment that may be nearby. Refrigerated door compartment above the condensing unit, with an option of a refrigerated drawer.

Undercounters are for under the counter applications only. Can not be used as a worktop.

In This Section

FLEXIBLE **Option**
16-gauge overshelves (single or double)

Benefit
Easier item storage and handling at an arm's reach

FLEXIBLE **Option**
Drawer in lieu of standard half door

Benefit
Adds additional refrigerated storage capacity

FLEXIBLE **Option**
Move the condensing unit to left (standard on right)

Benefit
Keeps refrigeration away from hot equipment nearby, prolonging life of unit

FLEXIBLE **Option**
Pan Slides (shown cutaway)

Benefit
Optimizes workflow by having food product within reach

FLEXIBLE **Option**
Easy, in-the-field conversion from door to drawer or drawer to door, or rehinging doors

Benefit
Workflow flexibility after the installation, easy cleaning & servicing

Pizza Preparation Tables

Forced Air

Continental's Pizza Preparation Tables offer an expansion valve system standard for quick recovery, optimum coil defrost with a built-in, off-cycle defrost system, a unique forced air design for even air distribution of cold and a raised angle rail for greater ease and comfort when reaching to dispense food.

In This Section

FLEXIBLE **Option**
Composite cutting board

Benefit
Heat, cold, stain, & scratch resistant

FLEXIBLE **Option**
Vision Panel Lid in lieu of standard insulated lid

Benefit
Product visibility

FLEXIBLE **Option**
Drawer in lieu of standard half door

Benefit
Conserves space w/ smaller width unit & still have pan capacity of larger width unit

FLEXIBLE **Option**
Move the condensing unit to left (standard on right)

Benefit
Keeps refrigeration away from hot equipment nearby, prolonging life of unit

FLEXIBLE **Option**
Front breathing (intake & exhaust from the front)

Benefit
Conserves space by allowing cabinet to be flush against the wall or built into counter, converts in the field

FLEXIBLE **Option**
Pan slides (shown cutaway)

Benefit
Optimizes workflow by having food product within reach

FLEXIBLE **Option**
Easy, in-the-field conversion from door to drawer or drawer to door, or rehinging doors

Benefit
Workflow flexibility after the installation, easy cleaning & servicing

Griddle Stands

Refrigerators & Freezers

Griddle Stands are available in 7 sizes for refrigerators and 4 sizes for freezers. All models are front breathing and come standard with stainless steel interior, exterior and rear. All drawers are fully extendable and designed to hold 6-inch deep pans side-by-side and provide a 250 lb. capacity. Heavy-duty drawer tracks have built-in drawer safety clips. Cabinets have the option of a left or right condensing unit, top modifications, marine edge (standard), flat or top extensions.

In This Section

FLEXIBLE **Option**
Condensing unit to left
(standard on right)

Benefit
Keeps refrigeration
away from hot
equipment nearby,
prolonging life of unit

FLEXIBLE **Option**
16-gauge stainless steel
top (flat top shown)

Benefit
Stronger to support
extra-heavy equipment

FLEXIBLE **Option**
Top extensions

Benefit
Adds length for
wider equipment
to sit on top

FLEXIBLE **Option**
Doors in lieu of drawers

Benefit
Adds extra capacity
for box storage

FLEXIBLE **Option**
Integral heat shield
(shown cutaway)

Benefit
Deflects heat away
from refrigerated
stand

Milk Coolers

Cold Wall & Forced Air

Cold wall or forced air performance-rated refriger-
ated milk coolers, either single or dual access, are
designed to keep milk products cold prior to serving.
Cabinet construction consists of stainless steel top,
lid and door, white finish or stainless steel body and
galvanized steel interior (stainless steel interior on -SS
models). Custom laminate finishes or powder coat-
ing available. Stainless steel marine style latches and
door hinges for heavy usage. Reinforced stainless
steel floor for added durability.

In This Section

FLEXIBLE **Option**
Low profile evaporator
coil (dual access models)

Benefit
Allows milk crates to
move easier from one
side to the other

FLEXIBLE **Option**
Stainless steel interior

Benefit
Added strength
and durability,
easy to clean

FLEXIBLE **Option**
Laminate or
powder coating

Benefit
Exterior customized
to school cafeteria
color/design

FLEXIBLE **Option**
Corner or wrap-
around bumpers

Benefit
Added protection
to exterior of unit

FLEXIBLE **Option**
Floor foot pedal lock

Benefit
Prevents unit from
moving out of place

Bar Equipment

Keg Coolers, Back Bar Coolers & Bottle Coolers/Glass Plate Chillers

Our Back Bar Coolers are "Built to last" with all stainless steel countertop, heavy-duty galvanized interior and reinforced stainless steel floor[1]. Cabinets are front breathing (except 24" models)[2] with the option of a left or right condensing unit[3]. On Keg Coolers, faucets come single, double or triple and beer column placement and brand can be modified to suit.

1 Except Bottle Coolers
2 Only 24" models are front breathing on Bottle Coolers
3 Not an option on Bottle Coolers

FLEXIBLE **Option**
Modify beer
column placement

Benefit
Versatility in
back bar needs

FLEXIBLE **Option**
Faucet lock

Benefit
Prevents tampered
or stolen product

FLEXIBLE **Option**
Move the condensing
unit to right (standard
on left)

Benefit
Keeps refrigeration
away from hot
equipment nearby,
prolonging life of unit

FLEXIBLE **Option**
Riser base (not shown)

Benefit
Increases height by 2"

FLEXIBLE **Option**
Hinged-glass
door w/shelves

Benefit
Product versatility

Heavy-Duty, Epoxy-Coated Steel Shelves

Easily Accessible and Serviceable Slide-Out Condensing Unit
(except 24" models)

Electronic Temperature Control

Readily Removable Front, Rear and Side Venting Louvered Grills
(except 24" models)

Automatic, Hot Gas Condensate Evaporator (except models)

Automatic, Energy-Saving, Non-Electric Condensate Evaporator
(24" models)

Cylinder-Keyed Security Lock (each door)

Magnetic Snap-In Gasket (each door)

LED Interior Lighting (except 24" models)

5" High Casters (24" models only, can not be changed, footing installed)

OPTIONS

Additional epoxy-coated shelves with clips

Stainless steel shelves with clips

Remote temperature logger

Wine racks

Food storage rated stainless steel interior (NSF-7)

Casters or legs (casters cannot be changed on 24" models)

Condensing unit on right (except 24" models)

Riser base (field installed, 50" - 90" models)

See **Page 66** for Options & Accessories.

Reach-Ins & Pass-Thrus

1RNHD/1RSNHD	2RNHD/2RSNHD	3RNHD/3RSNHD

Reach-Ins & Pass-Thrus

Continental Refrigerator has one of the most diversified commercial Reach-In product lines in the industry with modern state-of-the-art styling and standard features not found on other units.

STANDARD FEATURES

Self-Contained, Performance-Rated Refrigeration System

Natural, Environmentally-Safe, High-Efficiency R-290 Refrigerant

3" Non-CFC Polyurethane Foam Insulation

Smooth, Polished Chrome Workflow Door Handles

Cam-Action, Lift-Off Hinges

Heavy Duty, Epoxy-Coated Steel Shelves

Automatic, Electric Condensate Evaporator
(Reach-In models)

Automatic, Hot Gas Condensate Evaporator
(Pass-Thru models)

Santoprene Magnetic Snap-In Door Gasket

Cylinder Lock in Each Door

5" High Casters

Self-Closing Doors

LED Interior Lighting

Electronic Controller w/Digital Display & Hi-Low Alarm

Expansion Valve System

Rehinging of Door in the Field (1-section, full door only)

OPTIONS

Chrome or stainless steel shelves

Additional epoxy-coated steel shelves

Wireless temperature logger

Foot treadle

Wine racks

Heavy-duty pilaster strips (standard on PT models)

Pan slide assemblies (not available on shallow depth models)

Adjustable legs

Rehinging of doors (consult factory)

Correctional facility package

Expansion valve system (optional on 3-section PT only, standard on all other models)

Custom laminates

Stainless steel case back

Glass doors on Pass-Thru models (consult factory)

See **Page 92** for Options & Accessories.
See **Page 159** for Pan Slide Options.

Reach-Ins & Pass-Thrus

Extra-Wide Freezers provide generous amounts of additional space.

STANDARD FEATURES

Self-Contained, Performance-Rated Refrigeration System

Natural, Environmentally-Safe, High-Efficiency R-290 Refrigerant
(Reach-In models)

Environmentally-Safe R-404A Refrigerant (3-section PT models)

3" Non-CFC Polyurethane Foam Insulation

Smooth, Polished Chrome Workflow Door Handles

Cam-Action, Lift-Off Hinges

Heavy Duty, Epoxy-Coated Steel Shelves

Automatic, Electric Condensate Evaporator
(Reach-In models)

Automatic, Hot Gas Condensate Evaporator
(Pass-Thru models)

Santoprene Magnetic Snap-In Door Gasket

Cylinder Lock in Each Door

5" High Casters

Self-Closing Doors

LED Interior Lighting

Electronic Controller w/Digital Display & Hi-Low Alarm

Expansion Valve System (Reach-In models)

Automatic Electric Defrost

Rehinging of Door in the Field (1-section, full door only)
(excludes "X" models, consult factory)

OPTIONS

Chrome or stainless steel shelves

Additional epoxy-coated steel shelves

Wireless temperature logger

Foot treadle

Heavy-duty pilaster strips (standard on "X" and PT models)

Universal pan slide assemblies (not available on shallow depth or "X" models)

Adjustable legs

Rehinging of doors (consult factory)

Correctional facility package

Expansion valve system (optional for PT models, standard on all other models)

Custom laminates

Stainless steel case back

See **Page 92** for Options & Accessories.

In This Section

Standard & Shallow Depth
Slim Line & Extra-Wide
Refrigerators, Freezers & Warmers

Designer Line Refrigerators and Freezers utilize a "Plug" refrigeration system where the assembly is outside the food storage zone allowing complete use of storage space within the cabinet. In addition, Designer Line models are equipped with both top and side air distribution ducts which allow for constant, uniform temperature throughout the cabinet.

FLEXIBLE **Option**
Universal stainless steel pan slides (shown for Extra-Wide models)

Benefit
Prep ahead space saving storage

FLEXIBLE **Option**
Stainless steel or chrome shelves

Benefit
Sturdy & corrosion resistant

FLEXIBLE **Option**
Half doors, drawers on bottom, hinged or sliding glass doors

Benefit
Versatility in storage & display options

Standard Depth & Shallow Depth

Slim Line Refrigerators were designed to meet small space requirements to satisfy the needs of kitchens with limited space.

STANDARD FEATURES

Designer line

Self Contained Performance-Rated Refrigeration System
(2-section standard depth models - "plug" system)
(1-section & shallow depth models - coil housing in cabinet zone)

Environmentally-Safe R-290 Refrigerant
(Standard depth models)

3" Non-CFC Polyurethane Foam Insulation (2" on 1RSE models)

Smooth, Polished Chrome Door Handles

Cam-Action, Lift-Off Hinges

Heavy Duty, Epoxy-Coated Steel Shelves

Automatic, Hot Gas Condensate Evaporator
(Standard depth models)

Automatic, Electric Condensate Evaporator
(Shallow depth models)

Santoprene Magnetic Snap-In Door Gasket

Cylinder Lock in Each Door

Adjustable 6" Stainless Steel Legs

Self-Closing Doors

LED Interior Lighting

Electronic Controller w/Digital Display & Hi-Low Alarm

Expansion Valve System

Rehinging of Door in the Field (1-section, full door only)

OPTIONS

Chrome or stainless steel shelves

Additional epoxy-coated steel shelves

Wireless temperature logger

Foot treadle

Wine racks

Casters

Rehinging of doors (consult factory)
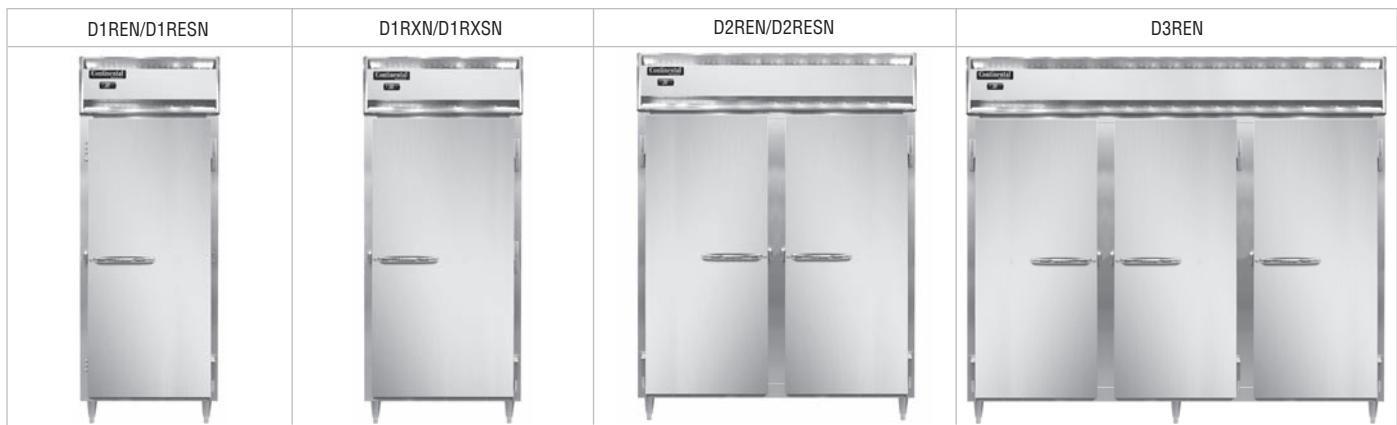

Correctional facility package

Expansion valve system (standard on standard depth models)

Custom laminates

Stainless steel case back

See **Page 126** for Options & Accessories.
See **Page 159** for Expansion Valve Options.

Continental Refrigerator PRICE LIST | Effective August 16, 2021

D1FENHD/D1FESNHD	D1FXNHD/D1FXSNHD	D2FENHD/D2FESNHD	DL3FE-HD

Reach-Ins & Pass-Thrus

Extra-Wide Freezers provide generous amounts of additional space.

STANDARD FEATURES

Designer line

Self Contained Performance-Rated "Plug" Refrigeration System

Environmentally-Safe R-290 Refrigerant
(1- and 2-section models)

Environmentally-Safe R-404A Refrigerant
(3-section models)

3" Non-CFC Polyurethane Foam Insulation

Smooth, Polished Chrome Workflow Door Handles

Cam-Action, Lift-Off Hinges

Heavy Duty, Epoxy-Coated Steel Shelves

Automatic, Hot Gas Condensate Evaporator
(Standard Depth Models)

Automatic, Electric Condensate Evaporator
(Shallow Depth Models)

Santoprene Magnetic Snap-In Door Gaskets

Cylinder Lock in Each Door

Adjustable 6" Stainless Steel Legs

Self-Closing Doors

LED Interior Lighting

Electronic Controller w/Digital Display & Hi-Low Alarm

Automatic Electric Defrost

Rehinging of Door in the Field (1-section, full door only)
(excludes "X" models, consult factory)

Expansion Valve System

OPTIONS

Chrome or stainless steel shelves

Additional epoxy-coated steel shelves

Wireless temperature logger

Foot treadle

Universal pan slide assemblies (not available on shallow depth or "X" models)

Casters

Rehinging of doors (consult factory)

Correctional facility package

Custom laminates

Stainless steel case back

See **Page 130** for Options & Accessories.
See **Page 159** for Pan Slide Options

Continental Refrigerator   PRICE LIST | Effective August 16, 2021

D1RFNHD	D2RFNHD	D3RRFNHD/D3RFFNHD

Reach-Ins & Pass-Thrus

Dual Temperature models have separate, performance-rated refrigeration systems in refrigerator/freezer compartments.
The refrigeration system is accessible on top of the cabinet and separate from the food zone to increase food storage capacity
(except all one-section and shallow depth models).

STANDARD FEATURES

Designer line

Separate, Self Contained Performance-Rated Refrigeration "Plug" System
(DL1RF & 2-section shallow depth models - coil housing in cabinet zone)

Environmentally-Safe R-290 Refrigerant

3" Non-CFC Polyurethane Foam Insulation

Smooth, Polished Chrome Workflow Door Handles

Cam-Action, Lift-Off Hinges

Heavy Duty, Epoxy-Coated Steel Shelves

Automatic, Hot Gas Condensate Evaporator

Automatic, Electric Condensate Evaporator
(Single sections and Shallow depth models)

Santoprene Magnetic Snap-In Door Gaskets

Cylinder Lock in Each Door

Adjustable 6" Stainless Steel Legs

Self-Closing Doors

LED Interior Lighting

Electronic Controllers w/Digital Display & Hi-Low Alarm

Automatic Electric Defrost (Freezer Section)

Expansion Valve System (except 1-section models)

OPTIONS

Chrome or stainless steel shelves

Add'l epoxy-coated steel shelves

Wireless temperature logger

Foot treadle

Pan slide assemblies (not available on shallow depth models)

Casters

Rehinging of doors (consult factory)

Correctional facility package

Custom laminates

Stainless steel case back

Wine racks (refrigerator section only)

See **Page 126** for Options & Accessories.
See **Page 159** for Pan Slide Options.

D1RFENHD/D1RFESNHD	D1RFXNHD/D1RFXSNHD	D2RFENHD/D2RFESNHD	D3RRFENHD/D3RRFESNHD

Reach-Ins & Pass-Thrus

Dual Temperature models have separate, performance-rated refrigeration systems in refrigerator/freezer compartments. Refrigeration system is accessible on top of the cabinet and separate from the food zone to increase food storage capacity (except all one-section and shallow depth models)).

STANDARD FEATURES

Designer line

Separate, Self Contained Performance-Rated Refrigeration "Plug" System
(except all-one section, X-wide, and shallow depth models)

Environmentally-Safe R-290 Refrigerant

3" Non-CFC Polyurethane Foam Insulation

Smooth, Polished Chrome Workflow Door Handles

Cam-Action, Lift-Off Hinges

Heavy Duty, Epoxy-Coated Steel Shelves

Automatic, Hot Gas Condensate Evaporator

Automatic, Electric Condensate Evaporator
(single section and shallow depth models)

Santoprene Magnetic Snap-In Door Gaskets

Cylinder Lock in Each Door

Adjustable 6" Stainless Steel Legs

Self-Closing Doors

LED Interior Lighting

Electronic Controllers w/Digital Display & Hi-Low Alarm

Automatic Electric Defrost (Freezer Section)

OPTIONS

Chrome or stainless steel shelves

Additional epoxy-coated steel shelves

Wireless temperature logger

Foot treadle

Universal pan slide assemblies (not available on Shallow Depth or "X" models)

Casters

Rehinging of doors (consult factory)

Correctional facility package

Expansion valve system (except D1RFENHD models)

Custom laminates

Stainless steel case back

Wine racks (refrigerator section only)

DL2RWE	DL2RWE-PT

Designer line **Extra-Wide Dual Temperature** (Refrigerator/Warmer)

Cabinet Construction: **Standard Models:** Stainless Steel Front, Aluminum End Panels and Interior
SA Models: Stainless Steel Exterior, Aluminum Interior
SS Models: Stainless Steel Exterior and Interior

BTU/HR Rating @ +25°F, 90°F Ambient (Refrigerators)
Refrigerator: 10 ft. cord and plug attached (115-60-1 volts)
§ Warmer: No cord and plug supplied (208-230/60/1 volts)

Continental Refrigerator | PRICE LIST | Effective August 16, 2021

D1FNGDHD/D1FSNGDHD	D2FNGDHD/D2FSNGDHD	DL3F-GD-HD

Reach-Ins

Continental Refrigerator has one of the most diversified commercial Reach-In product lines in the industry with modern state-of-the-art styling and standard features not found on other units.

STANDARD FEATURES

Designer line

Self-Contained, Performance-Rated "Plug" Refrigeration System
(1-section & shallow depth models - coil housing in cabinet zone)

Environmentally-Safe R-290 Refrigerant
(1- and 2-section models)

Environmentally-Safe R-404A Refrigerant
(3-section models)

3" Non-CFC Polyurethane Foam Insulation

Chrome-Plated Handles

Cam-Action, Lift-Off Hinges

Heavy Duty, Epoxy-Coated Steel Shelves

Automatic, Hot Gas Condensate Evaporator
(Standard depth models)

Automatic, Electric Condensate Evaporator
(Shallow depth models)

Magnetic Snap-In Door Gasket

Cylinder Lock in Each Door

Adjustable 6" Stainless Steel Legs

Self-Closing Doors

LED Interior Lighting

Electronic Controller w/Digital Display & Hi-Low Alarm

Triple-Pane, Tempered Hinged Glass Doors

Automatic Electric Defrost

Expansion Valve System

OPTIONS

Chrome or stainless steel shelves

Additional epoxy-coated steel shelves

Remote temperature logger

Alternative refrigerant (3-section models)

Pan slide assemblies (not vavailable on shallow depth models)

Casters

Rehinging of doors (consult factory)

Stainless steel case back

See **Page 126** for Options & Accessories.
See **Page 159** for Pan Slide Options.

Designer line **Undercounters, Sandwich Units** & Base Worktops

Refrigerators & Freezers

All cabinets have a stainless steel exterior and interior. Worktop models are available as a flat top or with a 5 1/2" backsplash. Front breathing and drawer options available. Undercounters are standard front breathing.

In This Section

FLEXIBLE **Option**
Stainless steel back

Benefit
Added strength
and durability

FLEXIBLE **Option**
Easy, in-the-field
conversion from
door to drawer or
drawer to door,
or rehinging doors

Benefit
Workflow flexibility
after the installation,
easy cleaning
& servicing

Door & Drawer Models

Front breathers are a unique, field assembled, bottom mounted ventilation system designed
to allow cabinets to be flush against a wall or built into a counter to conserve space.
Unique air flow distribution allows pan product to maintain 33° - 41°F.

STANDARD FEATURES

Designer line

Performance-Rated Refrigeration System

Natural, Environmentally-Safe, High-Efficiency R-290 Refrigerant

2" Non-CFC Polyurethane Foam Insulation

Automatic, Hot Gas Condensate Evaporator

Non-Corrosive, Plasticized Fin Evaporator Coil

Easily Serviceable, Back Mounted Compressor

8" Deep, Full Length Nylon Cutting Board

Electronic Temperature Controller

Expansion Valve System (48" - 72" models only)

Completely Enclosed, Vented & Removable Case Back

Removable Interior Tub Below Pans
(prevents food spillage in storage zone)

1/6 Size **Recessed** Pans, 4" Deep (can accomodate a 6" deep pan)

Insulated Lids

3 3/4" High Casters

DOOR MODELS

Spring Loaded, Self Closing Doors

Santoprene Magnetic Snap-In Door Gaskets

Smooth, Polished Chrome Door Handles

Field Rehingeable Doors

Heavy Duty, Epoxy-Coated Steel Shelves

DRAWER MODELS

Stainless Steel Roll-Out Drawers

Santoprene Magnetic Snap-In Drawer Gaskets

Smooth, Polished Chrome Drawer Handles

OPTIONS

Door/drawer locks

Overshelves (not available on HGL models)

Digital thermometer with hi-low alarm

Rear-mounted cutting board

Crumb catcher

Additional epoxy-coated or stainless steel shelves

Flat insulated lid

Vision panel lid

Stainless steel back

Composite cutting board

Modified pan openings

DOOR TO DRAWERS (in lieu of one door per section)

Designer line **Fish** Files

Uprights & Base Models

Specially designed for fresh fish on crushed ice. 300 Series stainless steel interior, stainless steel exterior. Each drawer supplied with stainless steel pan. Can accommodate 12 x 20 perforated pans. Base models: compressor can be on left or right to keep away from hot equipment that may be nearby. Refrigerated door compartment over the compressor, with an option of a refrigerated drawer.

FLEXIBLE **Option**
Drawer in lieu of door over condensing unit

Benefit
Adds additional refrigerated storage capacity

FLEXIBLE **Option**
Move the condensing unit to left (standard on right)

Benefit
Keeps refrigeration away from hot equipment nearby, prolonging life of unit

Warranty - United States of America & Canada

THREE (3) YEAR PARTS AND LABOR WARRANTY

Continental Refrigerator warrants to the original purchaser of every new Continental Refrigerator self contained unit, including all parts thereof, that such equipment is free from defects in material and workmanship, under normal use, proper maintenance and service as indicated by Continental Refrigerator Installation and Operations Manual, for a period of three (3) years from the date of installation, or thirty-nine (39) months from the date of shipment from the manufacturer, whichever comes first. Normal wear type parts, such as light bulbs/lamps and gaskets are not covered by this warranty. **Adjustments including cabinet leveling, hinge adjustments, caster or leg adjustments, and adjustments to controls are not covered under this warranty. Water damage to the cabinet or electrical devices including moisture from other appliances or improper cleaning, is not covered under this warranty. Equipment failure deemed to be the result of modifications to the unit will not be covered under this warranty.** For the purpose of this warranty, the original purchaser shall be deemed to mean the individual or company for whom the product was originally installed.

Continental Refrigerator's obligation under this warranty shall be limited to repairing or replacing, including labor, any part of such product which proves thus defective. Continental Refrigerator reserves the right to examine any product claimed to be defective. The labor warranty shall be for self-contained units only and for standard straight time, which is defined as normal service rate time, for service performed during normal working hours. Any service requested outside of a servicer's normal working hours will be covered under this warranty for the normal rate and any additional overtime rate will be the responsibility of the equipment purchaser. **Please contact the factory to obtain proper authorization for service. You may call directly or request service at http://www.continentalrefrigerator.com/product-question/.**

Any part determined to be defective in the product should be returned to the company within thirty (30) days under the terms of this warranty and must be accompanied by the cabinet model, serial number, and identified with a return material authorization number, issued by the manufacturer.

Special installation/applications, including remote locations, are limited in coverage by this warranty. Any installation that requires extra work, and/or travel, to gain access to the unit for service is the sole responsibility of the equipment purchaser.

Improper operation resulting from factors, including but not limited to, improper installation, improper or negligent cleaning and maintenance, out of tolerance voltage conditions, inadequate wiring, and accidental damage are not manufacturing defects and are strictly the responsibility of the purchaser.

Condenser coils must be cleaned at regular intervals. Failure to do so can cause compressor malfunction and will void warranty. Continental Refrigerator recommends a minimum monthly cleaning, as stated in the installation and operation manual.

Any unauthorized service or use of unauthorized non-OEM parts will void warranty.

ADDITIONAL FOUR (4) YEAR R-290 COMPRESSOR PART WARRANTY

In addition to the warranty set forth above, Continental Refrigerator warrants the hermetically sealed R-290 compressor (part only) for an additional four (4) years beyond the first three (3) year warranty period; not to exceed eighty-seven (87) months from the date of shipment from Continental Refrigerator, provided upon receipt of the compressor, manufacturer examination shows the sealed compressor to be defective. This extended warranty does not cover freight for the replacement compressor or freight for return of the failed compressor. Also, this extended compressor-part only warranty does not apply to any electrical controls, condenser, evaporator, fan motors, overload switch, starting relay, capacitors, temperature control, filter/drier, accumulator, refrigeration tubing, wiring harness, labor charges, or supplies which are covered by the standard warranty above.

ADDITIONAL TWO (2) YEAR COMPRESSOR PART WARRANTY

In addition to the warranty set forth above, Continental Refrigerator warrants the hermetically/semi-hermetically sealed compressor (part only) for an additional two (2) years beyond the first three (3) year warranty period; not to exceed sixty-three (63) months from the date of shipment from Continental Refrigerator, provided upon receipt of the compressor, manufacturer examination shows the sealed compressor to be defective. This extended warranty does not cover freight for the replacement compressor or freight for return of the failed compressor. Also, this extended compressor-part only warranty does not apply to any electrical controls, condenser, evaporator, fan motors, overload switch, starting relay, capacitors, temperature control, filter/drier, accumulator, refrigeration tubing, wiring harness, labor charges, or supplies which are covered by the standard warranty above.

THE FOREGOING WARRANTIES ARE EXPRESSLY GIVEN IN LIEU OF ALL OTHER WARRANTIES, EXPRESS, IMPLIED, OR STATUTORY, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, WHICH ARE HEREBY DISCLAIMED, ALONG WITH ALL OTHER OBLIGATIONS OR LIABILITIES ON OUR PART. AND WE NEITHER ASSUME, NOR AUTHORIZE ANY OTHER PERSON TO ASSUME FOR US, ANY OBLIGATION OR LIABILITY IN CONNECTION WITH THE SALE OF SAID REFRIGERATION UNITS OR ANY PARTS THEREOF.

This warranty shall not be assignable and shall be honored only in so far as the original purchaser.

This warranty does not apply outside the limits of the United States of America and Canada, nor does it apply to any part that has been subject to misuse, neglect, alteration, accident, or to any damage caused by transportation, flood, fire, acts of terrorism, or acts of God.

IN NO EVENT SHALL CONTINENTAL REFRIGERATOR BE LIABLE FOR CONSEQUENTIAL, SPECIAL OR PUNITIVE DAMAGES. THE REMEDIES OF PURCHASER SET FORTH HEREIN ARE EXCLUSIVE AND THE TOTAL LIABILITY OF CONTINENTAL REFRIGERATOR, WHETHER BASED ON CONTRACT, WARRANTY, NEGLIGENCE, INDEMNIFICATION, STRICT LIABILITY, TORT, OR OTHERWISE, SHALL NOT EXCEED THE PURCHASE PRICE OF THE COMPONENT UPON WHICH LIABILITY IS BASED. CONTINENTAL REFRIGERATOR SHALL HAVE NO OBLIGATION OR LIABILITY FOR CONSEQUENTIAL OR SPECIAL DAMAGES, INCLUDING BUT NOT LIMITED TO INDIRECT, PUNITIVE DAMAGES, LOSS OF USE, LOSS OF PRODUCT, DOWNTIME OR LOST PROFITS, ARISING OUT OR, RELATED TO OR CONNECTED IN ANY WAY WITH THE PRODUCT OR ITS USE.

See our Service Guideline at http://www.continentalrefrigerator.com/service-parts/ for additional information regarding service and warranty coverage.

Agreement of Sale Information - United States of America & Canada

THE FOLLOWING CONDITIONS ARE THE TERMS UPON WHICH SHIPMENT IS MADE; THIS CONSTITUTES AN AGREEMENT OF SALE.

All prices are list and are subject to change without notice. All orders will be billed at prices prevailing at time of shipment. All prices are F.O.B. factory crated for domestic shipment.

Continental Refrigerator will make every attempt to ship by "preferred" carrier, but reserves the right to ship by "any" responsible carrier.

Freight rate differences or discrepancies are strictly between carrier and consignee. Authorization in writing must be obtained from Continental Refrigerator prior to returning any merchandise. Returns must be shipped "Freight Prepaid". A 35% handling charge will apply to all merchandise for which return is authorized. All unauthorized return merchandise will be refused by Continental Refrigerator.

Damaged Shipment-Merchandise damaged in transit is not to be returned to the factory. If shipping container shows signs of rough handling, indicate on all copies of bill of lading accordingly. If during unpacking, concealed damages are discovered, call the transportation company without further unpacking and have them file a report of concealed damage at once. Continental Refrigerator will make every effort to assist you in filing a damage claim. Continental Refrigerator assumes no responsibility for damages incurred while in transit.

Taxes-Prices contained herein do not include federal, state, or other existing sales tax.
