Date of Original E-Mail: 3/21/2001

Subject: Technical Request

1) The User's Manual exhibit lists two bands of operation; 518-608 MHz and 614-746 MHz. The test report only has data for the 614-746 MHz. band. Upload test data for the 518-608 MHz band.

FYI: You did not use the substitution method for measuring fundamental and spurious emissions. In the future please use the substitution method for all licensed devices.

FYI: The Occupied BW plots should be done using 300 Hz resolution BW.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 60 days of the original e-mail date may result in application dismissal pursuant to Section 2.917(c) and forfeiture of the filing fee pursuant to Section 1.1108

DO NOT Reply to this email by using the Reply button. In order for your response to be processed expeditiously, you must upload your response via the Internet at www.fcc.gov, E-Filing, OET Equipment Authorization Electronic Filing. If the response is submitted through Add Attachments, a message which informs the processing staff that a new exhibit has been submitted must also be submitted via Submit Correspondence. Also, please note that partial responses increase processing time and should not be submitted.
