Oral Irrigator

Quad Stream technology
Pulse waves guide as you go

HX3806/24

Flossing reinvented with QuadStream technology

Removes up to 99.9% of plaque* in treated areas

Effortlessly thorough cleaning between teeth to improve your gum health, with less effort than string floss so it's easy to get flossing right. Unique Quad Stream tip covers more area than a single stream nozzle.

Easy and convenient

- Easy-to-fill 250 ml reservoir
- Effortless technique
- Standard tip for spot cleaning
- Fast, universal charging with USB-C cable

Faster, more effective flossing

- 2 flossing modes, 3 intensities
- Complete clean in 60 seconds
- Pulse Wave technology guides from tooth to tooth
- Quad Stream technology for faster, more effective flossing

Highlights

Quad Stream technology

Unique X-shaped Quad Stream tip separates flow into 4 water jets, which cover more area between teeth and along the gum line. Get a faster, deeper clean without the hassle of string floss.

Pulse Wave technology

Gentle pulses of water keep you going and guide you from tooth to tooth in Deep Clean mode — so you get it right every time.

2 modes, 3 intensities

Choose the clean that suits your smile. Clean mode delivers continuous flow for effective everyday cleaning. Deep Clean pulses for more

thorough cleaning. Adjustable intensity level adapts for comfort.

Complete clean in 60 seconds

Access those hard-to-reach areas with a nozzle that rotates 360 degrees, so that you can use the device in any orientation. Get a thorough 360° clean in just 60 seconds from start to finish.

USB-C Charging

Convenient charging with a USB-C cable uses the same connection as most mobile phone or tablet. Get up to 14 days of cleaning from a single charge.

250ml reservoir

Reservoir capacity of 250 ml holds enough water for a recommended 60-second clean. Simply twist and remove or use the side-fill door for easy refilling.

Effortless technique

Just point, press and clean for more effective flossing. Aim the tip between your teeth and along the gumline — and let it do all the work for you!

Standard tip for spot cleaning

A standard single-stream tip boosts pressure for spot cleaning and removing food debris when you need it.

Specifications

Power

- Voltage: Multi-voltage charger

Service

- Warranty: 2-year limited warranty

Ease of use

- Handle: Slim ergonomic design
- Nozzle attachment: Easily clicks on and off
