HP Wireless Keyboard and Mouse

QY449AA

Introduction

The HP Wireless Keyboard and Mouse combine a cordless keyboard, cordless laser mouse, and USB wireless receiver in a single package. This stylish set delivers the convenience, comfort, and elegance of wireless keyboard and laser mouse operation to the computer desktop. It reduces the tangle and clutter associated with wired peripherals, regains valuable workspace, and places advanced functionality and ergonomic ease of operation at your fingertips. The HP Wireless Keyboard and Mouse is also designed to support your environmental initiatives utilizing low halogen¹ materials

With quiet, tactile membrane switch technology, the HP Wireless Keyboard and Mouse supplies a high level of comfort and stress-free responsiveness. The mouse has a convenient scroll wheel that accelerates Web and document navigation. The wheel also functions as a third button. The keyboard and mouse do not require line-of-sight access to the receiver, so they work flawlessly even when blocked from the receiver by books and other objects.

The wireless receiver, which plugs into an available USB port, is dedicated to a particular keyboard and mouse; the ability to switch between multiple channels and user IDs allow other workers in the same office to use their HP Wireless Keyboard and Mouse sets without interference.

Overview

Key Benefits

Keyboard

- Cordless radio frequency keyboard transmitter eliminates wires
- Proprietary key technology renders typing virtually noiseless
- Industry-standard QWERTY key layouts are available in 104 W, 105 W, 106 W, 107 W, and 109 W types and in 42 languages
- Encrypted digital radio transmission results in advanced security and reliability
- Batteries last up to 1 year or more; software warns when battery replacement is required

Laser Mouse

- High resolution laser technology for optimal performance and speed
- Cordless radio frequency mouse transmitter eliminates wires
- Scroll wheel speeds Web and document navigation, functions as a third button
- Batteries last up to six months or more; software warns when batteries need to be replaced
- 1000 DPI for smooth and accurate cursor control and navigation

Receiver

- Cordless radio frequency transmitter eliminates wires
- Does not require line-of-sight access to keyboard and mouse
- Responds to a particular keyboard and mouse, allowing the use of multiple cordless systems in a single office
- Supports USB Suspend modes; provides wake-up by mouse motion or button press wheel scrolling, or keystroke
- Offers 78 channels and 65535 device IDs

Software Application

- Shows Numlock, Cap Lock, and Scroll Lock status of the keyboard
 - Shows Battery status of the mouse and keyboard
-

Service and Support

Your Option Limited Warranty is a one (1) year (HP Option Limited Warranty Period) parts replacement warranty on any HP-branded or Compaq-branded options (HP Options). If your HP Option is installed in an HP Hardware Product, HP may provide warranty service either for the HP Option Limited Warranty Period or the remaining Limited Warranty Period of the HP Hardware Product in which the HP Option is being installed, whichever period is the longer but not to exceed three (3) years from the date you purchased the HP Option.
