

**BOSCH**

Invented for life

The easy way to  
perfect results.

Bosch built-in cooking catalogue

## Designed to make your everyday life easier.

### Compact appliances

For lovers of cooking, you can add combination steam, pure steam or combination microwave ovens to your kitchen.

### Ovens

High-quality stainless steel combined with sleek black glass offers timeless design, while sophisticated features deliver the best results meaning less work and more cooking pleasure.

### Cooktops

Choose a cooktop to match your cooking habits: from traditional ceramic or gas cooktops, to innovative induction.

### Coffee machine

For lovers of coffee, your favourite café can be right in your kitchen. The coffee machine design matches the Series 8 ovens for a seamless and coordinated look.

### Warming drawers

Keep your coffee cups on hand for the morning cappuccino or warm up plates before serving dinner. You can also defrost, prove dough and so much more.

### Built-in refrigeration

Stylish, matching your kitchen cabinetry and packed full of sensor technology keeping your food fresher for longer.

### Dishwashers

A dishwasher is a must in any modern kitchen to save you the hassle of cleaning up. Choose from semi and fully integrated models to perfectly match the kitchen cabinetry.

# Find the right appliance for your dream kitchen.

## Ovens page 12-23

**60cm Built-in single ovens**  
Our ovens combine high-quality stainless steel and black glass for a sleek finish on all models. Multiple cooking and cleaning options offer convenience.

**Double ovens**  
Bosch double ovens allow you to roast in the bottom oven cavity while grilling in the top oven for maximum cooking convenience.

**90 cm Built-in single oven**  
With a large interior cavity, boasting 77 usable litres (net) telescopic rails and catalytic liners, the 90cm oven offers total convenience.

## Compact appliances page 24-31

**Combination steam and pure steam ovens**  
Cooking with steam helps retain vitamins and minerals in fresh foods, as well as maintain original colour, shape and consistency.

**Combination microwave ovens**  
Add speed to your traditional cooking process without compromising on taste.

**Coffee machine**  
Whether your preference is a skinny latte, a double shot cappuccino or a delicious hot chocolate, our coffee machine brings café-style drinks to your home.

**Warming drawers**  
Ensure food stays at just the right serving temperature. You can also defrost, prove dough or slow cook.

## Cooktops page 32-49

**Induction cooktops**  
Quite simply, Bosch has a range of induction cooktops that are designed to make it easier and quicker for you to create the dishes you love.

**Ceramic cooktops**  
With their electronic touch-controls and flexible cooking zones, Bosch ceramic cooktops combine great looks with smart function and design.

**Gas cooktops**  
The cooktop of choice in most professional kitchens, modern gas cooktops are as stylish as they are practical.

## Rangehoods page 50-63

**Canopy wall-mounted rangehoods**  
Canopy wall-mounted rangehoods provide a focal point in any kitchen. Choose a design that compliments your style, plus they are also packed full of convenient features.

**Integrated rangehoods**  
Sleek in design, Bosch fully integrated rangehoods are neatly concealed beneath the cupboard for a seamless look in the kitchen. Performance that is not seen or heard.

**Slideout rangehoods**  
Extends when in use and slides neatly away when not in operation.

## Dishwashers page 64-69

**Semi-integrated dishwashers**  
Can be fitted with a door panel to match the design of your kitchen, while providing a focal point in the visible, easy to use control panel. A continuous kick panel provides seamless integration.

**Fully-integrated dishwashers**  
Can be concealed entirely behind a door panel to match the design of your kitchen cabinetry with a control panel that is neatly integrated into the top of the dishwasher door.

## Refrigeration page 70-75

**Built-in refrigeration**  
Concealed behind panels that match the rest of your kitchen, these fully integrated fridge-freezers allow you to continue the clean design lines of your kitchen.

# Bosch – a brand you can trust.

## Design

Every detail of every appliance has been carefully designed, where everything just matches perfectly and makes your time spent in the kitchen as enjoyable as possible.

## Quality

Bosch appliances offer premium quality, outstanding German made and engineered technology and have been produced and tested by our engineers to fully satisfy the highest of standards.

## Performance

With BoschAssist and advanced sensor technology found in PerfectBake™ and PerfectRoast, your Bosch Series 8 ovens and compact appliances will modify the cooking process from start to finish for perfect baking and roasting results.

## Convenience

A little peace of mind for your daily life at home with Bosch sensor technology for perfect cooking results. Plus, Active Cooling technology will keep your food fresher for longer and our self-cleaning functions will save you the trouble of cleaning up.

## Sustainability

The Green Technology inside signet stands for the resource-efficiency of our products – quite simply, a Bosch kitchen reflects environmental consciousness.

Bosch | Good, Better, Best

# Design your kitchen

## Your every day kitchen

These appliances are perfect for first time home owners wanting reliable appliances in a contemporary design that deliver efficient value for money.

Series 4 | DFR067A50A  
60cm Slideout Rangehood

## Ovens

Ovens | Design

# Put a new spin on your cooking.

With the new Bosch Series 8 control panel, cooking just became a lot easier. Everything you need at hand: Our new, intuitive control ring makes cooking easier than ever.

TFT Touch Graphic Display

The iconic control ring and clear TFT screen display, combined with the direct select TouchControl buttons, make operating the Series 8 ovens simpler than ever before. Clear, vivid food images and helpful prompts guide you through each step as you navigate through the various menu options, giving you total flexibility and control of cooking functions.

TFT Touch Symbol Display

The intuitive control ring and clear TFT display with DirectSelect icons make it easy to operate your oven. Shortcuts to the two most commonly used heating functions, helpful icons and clear descriptions inside the control ring, provide all the information you need to keep track of your cooking.

Rotary Controls

The rotary controls make the oven easy to operate. The retractable controls, on selected models, maintain a clean line when the oven is not in use, making the oven control panel easy to clean.

Features may vary depending on models. Please check individual product specifications.

Ovens | Automatic functions

# With Bosch sensor technology it's the oven that cooks by itself. Automatically.

Bosch Assist

You could easily search through cookbooks and family recipes without ever finding the exact temperature or cooking time for that favourite dish. Thanks to Bosch Assist, you don't have to. The advanced sensor technology found in PerfectRoast and PerfectBake™ – combined with the functionality of automatic programs as we know them today – offers an extensive menu of food categories that help create your perfect meal. Simply select the desired dish, press start and your oven automatically sets the ideal heating mode, temperature and length of time, monitoring and modifying the cooking as required for the best results. Of course, you can also select these settings yourself every bit as easily.

PerfectBake™

Baking has never been easier, thanks to the unique PerfectBake™ sensor. This function constantly measures the precise moisture level of your dishes and automatically adjusts the entire baking process, which means you'll never have to set the heating mode, length of time or temperature ever again. Simply choose the type of dish, such as 'Cake in Tin', press start and let your Bosch oven bake your cake to perfection\*.

PerfectRoast

Achieve the perfect roast lamb, Christmas turkey, stuffed meats and fish. The PerfectRoast meat probe features three sensitive measuring points and uses the lowest temperature reading to determine the core temperature before calculating the residual cooking time. The results are simply perfect. Used manually or with Bosch Assist, you can modify the suggested core temperature (within a recommended range) and combine with microwave and steam cooking functions.

AutoPilot

The AutoPilot program helps achieve the best possible results with very little effort. Just insert your roast, enter its weight and select the desired program from the menu.

Features may vary depending on models. Please check individual product specifications.  
\*Only works from a cold start. Do not open the door during the cooking process or you will have to continue manually.

Ovens | Cleaning functions

# At last, someone in the house who enjoys cleaning up.

Anyone who has ever cleaned an oven by hand knows it can be exhausting and time-consuming. Thanks to the new EcoClean Direct and pyrolytic self-cleaning function, manual cleaning is a thing of the past. At the touch of a button, the self-cleaning pyrolytic program reduces residual food to ash, leaving your oven sparkling clean.

**EcoClean Direct**

The self-cleaning surfaces in the oven are directly coated with a patented, microfine ceramic material. This coating absorbs and breaks down grease and residue during baking and roasting. Before activating the cleaning function, all you need to do is wipe down the base of the oven and the inside of the glass door. For added convenience, the oven also prompts when it needs to run a cleaning cycle. Of course, you can also activate the cleaning program at any time.\*

**EcoClean**

EcoClean uses a coating of microfine ceramic material applied to liners fitted within the oven cavity. This coating absorbs and breaks down grease and residue during roasting and baking. Depending on the model of the oven, the EcoClean system has rear wall, side walls and/or ceiling liners. As with other Bosch cleaning functions, all you need to do is wipe down the base of the oven and the inside of the glass door before activating.\*

**Pyrolytic cleaning**

During the pyrolytic cleaning function, the oven heats up to 480°C to burn off grease and food residue. What's left is a small residual amount of ash in the base of the oven that can be easily wiped clean. There are three different cleaning programs to choose from, depending on the degree of residue that has accumulated. The pyrolytic proof enamelled trays, shelf racking\* and telescopic rails, mean you can now leave them in the oven during the cleaning program too.

\*Please remove all accessories when activating the specific EcoClean Direct or EcoClean program. #Metal racks may show slight discolouration after prolonged use of the pyrolytic function. To prevent this you may choose to remove the wire racks during the pyrolytic cycle. Features may vary depending on models. Please check individual product specifications.

Ovens | Heating functions

# Because there's hot, and then there's hot.

Perfect baking and roasting not only requires the right temperature, but also the appropriate heating function too. From 4D HotAir to Slow cooking, Bosch ovens offer heating functions that deliver everything from haute cuisine to everyday feasts

**4D HotAir\***

Thanks to 4D HotAir, you can place your food on any shelf from level one to four, and the results will be consistently perfect. The rotating fan alternates its direction during cooking to distribute heat evenly on every level. And for reliable results 'top to bottom', you can also bake and roast on up to four different levels simultaneously.^

**HotAir Eco**

HotAir Eco uses less energy by using a single tray. This energy efficient function distributes less heat into the oven and uses residual heat to maintain the set temperature.

**Top and bottom heat\***

Uses both the upper and lower heating elements. Heat travels to the centre of the oven, which is the best position to obtain the selected temperature. Suitable for traditional baking and roasting, and offers best results for cakes with moist toppings.

**Top and bottom heat Eco**

In addition to the Top and bottom heat function, selected Series 8 ovens feature a new eco-friendly mode, which supports cooking on a single shelf for energy efficient cooking. Prepare perfect sponges, pound cakes, delicate pastries and bread rolls while saving valuable energy.

**Bottom heating**

For cooking in a bain-marie and for the final baking stage. The heat is emitted from the lower heating element.

**Intensive heat**

Combines the top element with a more powerful bottom heating element that is perfect for crispy bases and baking in tins.

**Hot air grilling\***

Achieve rotisserie-style cooking for meat and poultry. The grill and fan alternate, which produces even and crisp cooking results.

**Grill, large area**

For grilling flat items, such as steaks and sausages, for making toast, and for cooking a gratin.

**Grill, small area**

For grilling small amounts of steaks or sausages, for making toast or where grilling a smaller surface area is required.

**Pizza setting**

Create crispy pizzas or give any dish that extra heat that's needed from underneath by using a combination of heating elements.

**Keeping warm\***

A new feature that keeps cooked food warm.

**Slow cooking**

For gentle and slow cooking of seared, tender pieces of meat in ovenware without a lid.

**Preheat ovenware**

A new feature that is useful for preheating ovenware and even dinnerware.

**Drying**

A new function for drying fruits, vegetables and herbs with maximum flavour. This function can also be used for drying out the oven cavity after the added steam function has been used.

**Sabbath mode**

Set a maximum timer of up to 74 hours using the Sabbath function. You can keep the food in the cooking compartment warm without having to switch the oven on or off.

**Rapid heating**

With rapid heating, you can shorten the heat-up time for selected heating functions, including 4D HotAir and Top and bottom heating.

**3D HotAir Plus**

Cook on up to 3 levels simultaneously with even heat distribution.

**Fan forced hot air**

A fan disperses heat evenly for cakes and pastries baked on two levels.

**Fan assisted top and bottom heating**

Uses both upper and lower heating elements while a fan disperses heat evenly.

**Defrost**

Perfect for gentle defrosting of meat, poultry, bread and much more.

**Reheating\***

For plated meals and baked items. Cooked food is gently reheated. The steam ensures the food does not dry out.

**Dough proving\***

For yeast dough and sourdough. Dough will rise considerably quicker than at room temperature. The surface of the dough does not dry out.

Features may vary depending on models. Please check individual product specifications. \*Possible to use added steam for this type of heating (operation only possible when the water tank is full). ^To cook on all four levels simultaneously, four wire racks are required for best results. For up to three levels, all accessories are suitable, ie. universal tray or baking tray.

Ovens | Features and functions

Features and functions for everyday use.

Efficiency

**Telescopic rail system**  
The Bosch telescopic rails are fully or partially extendable (depending on model) and are ideal for loading and removing trays with ease. Whether you choose a single or double rail option, all shelves are pyrolytic proof and compatible with microwave and steam cooking. Trays are also interchangeable between Series 8 full-sized ovens and compact appliances, excluding the pure steam compact oven.

**Extra large cavity**  
Bosch Series 8 ovens offer up to 71 usable litres of cooking space and larger baking trays. The increased cavity creates more uniform baking results due to the improved heat circulation between the racks. Series 6 60cm ovens have an interior capacity of 67 usable litres (net), with the 90cm model boasting 77 usable litres (net).

**SoftMove and SoftClose**  
SoftMove in Series 8 and SoftClose on Series 6 models is a special damping mechanism, the oven door opens and closes softer and quieter than before. This convenient feature not only offers a premium finish, it also protects the oven and door during the life of the oven.

**Lighting**  
Depending on the model, Series 8 ovens and compact appliances offer our classic, halogen lighting, LED ceiling light or the new multi-level LED lighting.

Energy efficient LED lighting offers vibrant illumination and longevity. The multi-level LED lighting offers illumination on each level, which is exceptionally convenient when baking on multiple levels.

Integrated halogen lighting ensures the interior cavity is brightly lit. More efficient than standard lights, they are durable and are designed to last longer.

Simplicity

**Oven clock and timer with programming**  
The electronic clock displays time of day and also acts as a countdown timer with an audible beep to indicate the end of the timer function. Programming adds extra convenience. Simply select the end-time (when you arrive home, eg. 6.30pm), the length of cooking, along with the cooking function and temperature, and the oven will do the rest.

**CoolTouch doors**  
For added safety, selected Bosch single ovens are fitted with quadruple-glazed CoolTouch doors. The reflective inner glass is designed to keep the heat in, while providing a safe-to-touch door on the outside.

**Residual heat indicator**  
When the appliance is switched off, the display ring shows the residual heat in the cooking compartment. As the residual heat cools down, the display ring becomes darker then disappears.

**Cabinetry cooling fan**  
The fan circulates cool air around the oven to keep the appliance and the surrounding cabinetry free from the hot air vented by the oven.

**Automatic switch-off**  
If left unattended the oven will switch-off after a period of time.

**Child lock**  
Bosch Series 8 ovens are equipped with a child lock that prevents unwanted changes to settings. The control panel is locked so the appliance can only be switched off using the On/Off button.  
Optional door lock function on selected models.

Performance

**Added steam function**  
Enhance your cooking results by adding a little bit of moisture from time to time, thanks to the added steam function. Whether you're reheating dishes, proving dough, baking or roasting, you can set the oven to automatically add bursts of steam, or you can add steam manually to regulate the intensity. Create succulent roasts and perfectly browned bread crusts with ease. Added steam works with: 4D HotAir, Hot air grilling, Top and bottom heating and Keep warm.

**Precise temperature control**  
Electronic thermostats monitor the ovens cavity temperature to maintain temperature consistency during the cooking process.

Compact appliances

# Serie | 8

Compact appliances | Design

## The perfect compliment to your Series 8 kitchen.

For lovers of cooking, Bosch compact appliances offer exceptional cutting-edge features and extra cooking functionality. Perfectly matched design panels within Series 8 allow you to mix and match these appliances with full-sized ovens for a seamless and coordinated look. With the intuitive display and Bosch control ring, operating functions are harmonised for easy use.

### Built-in coffee machine

Espresso, cappuccino or latte macchiato? With the Series 8 built-in coffee machine, you can treat yourself and your guests to your favourite beverage at the touch of a button. Bosch Barista technology guarantees a full-bodied aroma and perfect crema for coffees as delicious as those brewed in your favourite café.

**SensoFlow system for a perfect aroma**

The optimal brewing temperature for an espresso is between 90°C and 95°C. If the temperature is any higher or lower, the flavour of the beans is only partially released or the coffee is bitter. Our smart SensoFlow system heats the water to just the right temperature, for a full-bodied espresso aroma from the first to the last cup.

**A choice of coffee at the touch of a button**

With the OneTouch function, it'll be ready in an instant. Innovative technology regulates the release of coffee, hot milk and foam to deliver the beverage of your choice at the touch of a button.

**Automatic cleaning of the milk system**

Now you can clean your coffee maker as easily as you prepare your morning pick-me-up. Each time you make a coffee drink with milk, the milk system is automatically rinsed out with a blast of steam. The coffee machine takes total charge of the milk system's daily maintenance, so that you can concentrate on enjoying your cappuccino or latte macchiato instead of cleaning.

### Combination microwave

Sometimes, you just can't get food to the table fast enough. Our new Series 8 combination microwave ovens help speed up the cooking process and give you perfect control over your menu and your schedule. Whether you're heating baby food, pre-cooked meals or frozen foods, you'll produce outstanding results quickly and without compromising on taste.

**Automatic functions to speed up your cooking**

Heat, defrost, roast or grill anything, thanks to 1000 watts and five power levels. The AutoPilot program helps achieve the best possible results with very little effort. Just insert your roast, enter its weight and select the desired program from the menu.

**Sensor technology for perfect results**

With Bosch Assist on our premium model, press start and the oven takes care of the rest, monitoring and modifying the cooking method as required for best results. Bosch Assist works in combination with the unique PerfectBake™ sensor and PerfectRoast meat probe for perfect cooking and baking results.

### Warming drawers

Our Series 8 warming drawers can do much more than just keep food and plates warm; they're also perfect for slow-cooking meat, defrosting frozen foods and proving dough.

**Designed to match**

The warming drawers from Bosch can be installed either separately or in combination with Series 8 ovens, compact ovens and built-in automatic coffee machine. The practical 'push and pull' technology ensures they are always easy to open, even when you have both hands full. They come in two sizes: 140mm high with 20 usable litres (net) and 290mm high with 52 usable litres (net).

Serie | 8

Compact appliances | Steamers

Steams so gently, even vitamins stay for dinner.

There is no healthier or tastier way to prepare food than in a Series 8 steamer or combination steam oven. When gently cooked in steam, food retains its vitamins and aroma while bringing out the full and natural flavour. Vegetables stay fresh and crisp, while poultry and fish remain juicy and tender. With steam, you can even cook without adding oil or extra seasoning. Thanks to the integrated water tank, Bosch steamers don't require an external water connection, offering greater flexibility in choosing their position in your kitchen.

Steam oven

Menu cooking

With the Series 8 steamer, you can prepare an entire set menu using up to three levels at once. Salmon with asparagus and rosemary potatoes? Cook them all together and everything will turn out perfectly. Need to prepare dessert, too? No problem. Thanks to the moisture in the oven, there's no intermingling of flavours – each dish retains its own authentic flavour.

Combination steam oven

The best of both worlds

With the Bosch Series 8 combination steam oven, you can bake, steam or both. Combine the benefits of pure steam cooking with functions of a conventional oven and discover the results of giving your roasts and home-made bread a crispy finish. The premium combination steam oven also comes with Bosch Assist, the PefectBake™ sensor and PerfectRoast meat probe for perfect cooking and baking results.

Reheating

At 90–95°C, food is gradually reheated to taste as if it was freshly cooked.

Dough proving

For yeast dough and sourdough. Dough will rise considerably quicker than at room temperature. The surface of the dough does not dry out.

A close-up photograph of several pieces of golden-brown, crispy fried chicken. The chicken is piled on a dark, rustic metal plate. The plate is placed on a light-colored wooden cutting board. A dark blue, textured cloth is draped around the base of the plate and cutting board. The background is a blurred wooden surface. A semi-transparent purple rectangle is overlaid on the upper right portion of the image, containing the word "Cooktops" in white text.

Cooktops

## Cooktops | Induction

## The best cooking needs just one ingredient: Bosch.

Modern cooking offers so many wonderful new tastes and textures, you need a cooktop that's flexible enough to keep up.

**Bosch FlexInduction®**

The ultimate Bosch Induction experience. Unique technology provides even heating across the entire FlexZone. The FlexZone can be used as two separate zones or combined into a single 'super-zone' where the entire zone becomes your cooking canvas.

**Bosch CombiInduction**

Experience the magic of CombiZone – two cooking zones can be linked, making the switch from small to large pans effortless. Plus, the MoveMode function automatically switches from boil to simmer with a simple slide of the saucepan.

**Bosch Induction**

Bosch's benchmark Induction cooktops put you in control with 17 power levels plus PowerBoost for each zone, dual function timer with automatic switch-off, residual heat indicators, child lock and more.

**Induction speeds up your cooking**

Induction cooktops offer the most efficient way of cooking at lower temperatures, ie. melting chocolate, etc.

Time required to heat 2 litres of water at 15°C-90°C

Source: BSH Hausgeräte GmbH, Germany (overseas test results)

**Old pots, new technology**

Most of your old pots will also work with induction if they have a magnetic base. All pots and pans with ferromagnetic bases are suitable for induction. So, if a fridge magnet sticks to your pot, you know it's induction-ready. In general, special stainless steel, iron and enamel are all suitable.

Cooktops | FlexInduction®

# FlexInduction® cooktops

Introducing Bosch FlexInduction®, the result of decades of research and development. Introducing true freedom in the kitchen.

Ideal for small pots, large pots, multiple pots, frying pans or caserole dishes - you name it, thanks to the unique coil shapes you get the ultimate flexibility and heat distribution. At the flick of a switch, two induction zones become one large FlexInduction® surface.

**MoveMode**  
Pre-set 3 different power levels and move from boil to simmer in just seconds.

- 1. Perfect for rapid boiling (Power level 9 – Front FlexZone)
- 2. Medium heat cooking (Power level 5 – Middle FlexZone)
- 3. Ideal for simmering (Power level 1 – Back FlexZone)

**Perfect FrySensor – for a steak that is just right**  
With up to 5 automatic settings, the pan is heated to just the right temperature. Sensors inside the cooktop continuously measure the temperature and maintain it for perfect results. \*Works with Bosch PerfectFry Sensor Pans, see page 93 for details.

Cooktops | CombiInduction

# CombiInduction cooktops

Bosch CombiInduction lets you switch from small to large and oversized pans, like Teppan Yaki, simply and easily. So now there's no limit to the tastes you can create.

**CombiZone**  
With Bosch CombiInduction you have the freedom to use your biggest pans and baking trays for more adventurous cooking. Switching from small to large pans is as simple as a single touch that merges two standard cooking zones into one large cooking zone.

**MoveMode**  
When your recipe requires you to switch from boil to simmer at just the right moment, MoveMode is there when you need it. Switch from level 9 to level 1 by simply sliding your pot. MoveMode lets you move seamlessly from your first high-powered cooking task to the next, without a hiccup, and always in control.

Teppan Yaki... try beef, prawns, scallops, set your imagination free. Available in two sizes.

Griddle plate... perfectly grill your favourite meats, fish or vegetables.

Stainless Steel Roasting Pan... for big roasts and large family dishes.

Efficiency

WipeProtection

Stay in complete cooking control even when you've had a spill or boil-over. Bosch WipeProtection locks the control panel for 20 seconds so you can clean the surface of the control panel easily, without losing your cooking settings.

QuickStart

Start cooking quicker. New Bosch QuickStart functionality automatically detects the location of your pot and displays the cooking zone on the control panel. Just select the power level and you're away.

ReStart

Things happen quickly in the kitchen – if you spill something on the control panel or accidentally switch-off the cooktop, ReStart will store your last selected settings. Those settings can be instantly recalled by simply pressing the main power switch within 4 seconds.

Energy Consumption Display\*

Each time you finish cooking, your Energy Consumption Display shows exactly how much power you've used. So if you wish, you can adapt your cooking style to save energy and money. (For example, placing a lid on a pot can help reduce your energy consumption).

Automatic pot detection

Bosch Induction cooktops feature automatic pot detection, which recognises the diameter of the cookware and determines the size of the cooking zone accordingly. If the pot is removed, the control panel indicator will flash and remain inactive until the pot is detected.

Performance

17 power levels

Enjoy total control on every recipe with 17 power levels. This function allows cooking zones to be set in increments of 0.5 (eg. 0.5, 1, 1.5, 2...9).

PowerBoost – now with even more power!

PowerBoost channels increased power to a selected zone to turbocharge the cooking process. With PowerBoost, you can boil 2 litres of water almost three times faster than on a conventional glass-ceramic cooktop.

ShortBoost

Reduce the time to heat up pans – this boost function heats up the pan for 30 seconds at high power before automatically reducing the heat to the correct power setting.

Keep warm

Ideal setting for keeping food warm before serving at the touch of a button.

Simplicity

Dual function timer including automatic switch-off for each zone

Use the independent audible timer to set the length of cooking time or set the cooking zone at a specific temperature (ie. level 5.5) for up to 99 minutes – ideal for busy households. Once the selected time has been reached, the cooking zone is switched off automatically.

2-stage residual heat indicators

Provides clear indication of when a zone is still hot after use. Two levels: 'H' means residual heat sufficient to finish off cooking or to keep items warm; 'h'- residual heat insufficient to cook, but zone is still hot enough to advocate caution.

Child lock

Maximum safety for tiny hands. Lock your cooktop's control panel and prevent accidental little chefs from 'helping out' and hurting themselves. Enjoy the reassurance of maximum safety for both you and your loved ones.

DirectSelect Premium

Taking easy to use, intuitive controls to the next level, new DirectSelect Premium gives you complete cooking control with intermediate levels and unsurpassed accuracy.

DirectSelect 1.0

Enjoy total convenience with DirectSelect. Simply select the required power level from the power settings laid out on the cooktop, without the need to press +/- repeatedly.

TouchSelect

With this control panel, you can regulate the desired cooking zone easily. Select your cooking zone and use the +/- keys to choose the power level you need.

Automatic safety switch-off

Never worry again if you have forgotten to turn off the cooktop. If you've stopped using it, your Bosch Induction cooktop will automatically shut down.

## Cooktops | Ceramic

# The world of Bosch ceramic cooktops.

There is a wide range of ceramic cooktops to choose from. As you would expect from Bosch, all are made using high-quality materials, are easy to use and add versatility, style and elegance to any kitchen.

## Efficiency

### WipeProtection

Stay in complete cooking control even when you've had a spill or boil-over. Bosch WipeProtection locks the control panel for 20 seconds so you can clean the surface of the control panel easily, without losing your cooking settings.

### ReStart

Things happen quickly in the kitchen – if you spill something on the control panel or accidentally switch-off the cooktop, ReStart will store your last selected settings. Those settings can be instantly recalled by simply pressing the main power switch within 4 seconds.

### Energy Consumption Display

Each time you finish cooking, your Energy Consumption Display shows exactly how much power you've used. So if you wish, you can adapt your cooking style to save energy and money. (For example, placing a lid on a pot can help reduce your energy consumption).

## Simplicity

### DirectSelect Premium

### 17 power levels

Enjoy total control on every recipe with 17 power levels. This function allows cooking zones to be set in increments of 0.5 (eg. 0.5, 1, 1.5, 2...9).

### Dual circuit cooking zone

Available on selected ceramic cooktops, this energy-saving feature allows you to select a smaller cooking zone for small pans, and a larger zone for larger pans.

### Extendable zone

Selected cooking zones can be extended giving you a much larger area to accommodate big saucepans, casserole and other (large) cooking dishes.

### Automatic electronic boil start

The automatic electronic boil start heats the hotplate using the highest heat setting and then reverts down to the simmer setting you have previously selected, reducing the risk of boil overs.

### QuickTherm technology

For improved control and flexibility, heat is delivered to the cooking zone in approximately three seconds. This feature is quicker than standard ceramic zones or electric-sealed plates.

### PowerBoost

PowerBoost now on selected Bosch ceramic lets you heat up large volumes of water even faster than on the highest.

### Keep warm

Ideal setting for keeping food warm before serving at the touch of a button.

Cooktops | Ceramic overview

# Ceramic cooktops

With electronic touch-controls and extendable cooking zones, Bosch ceramic cooktops combine great looks with smart function and design. The smooth ceramic glass cooktop surface is tough and durable as well as being practical and easy-to-clean.

## Serie | 8

**Series 8 | PKM875DP1A**  
**80cm Ceramic Cooktop**

**Heating functions**  
4 QuickTherm cooking zones:  
2 dual circuit zones, 1 dual circuit/extended roasting zone  
17 power levels  
PowerBoost for each zone

**Convenience**  
Electronic DirectSelect  
Premium touch-controls  
Dual timer with auto switch-off for each zone  
Keep warm – low setting for keeping food warm  
ReStart – quickly reinstates previous settings  
Energy consumption display

**Cleaning**  
WipeProtection pauses settings for easy cleaning of the control panel while cooking

**Safety**  
2-stage residual heat indicators  
Child lock

**Dimensions (WxD)**  
816 x 527mm

**Complete specifications**  
Reference guide see page 84–85  
Technical diagrams see page 97

**Series 8 | PKG775DB1A**  
**70cm Ceramic Cooktop**

**Heating functions**  
4 QuickTherm cooking zones:  
2 dual circuit zone  
17 power levels

**Convenience**  
Electronic DirectSelect  
Premium touch-controls  
Dual timer with auto switch-off for each zone  
Automatic electronic boil start  
Keep warm – low setting for keeping food warm  
ReStart – quickly reinstates previous settings  
Energy consumption display

**Cleaning**  
WipeProtection pauses settings for easy cleaning of the control panel while cooking

**Safety**

Cooktops | Gas cooktops

## Fire that does exactly what you want.

Gas provides fast and instant versatility. Our German-designed gas cooktops all feature Bosch flame failure technology fitted to each burner and conveniently come with controls that are either front or side mounted.

### Efficiency

#### One-hand ignition

Push and turn the ergonomically designed control knobs and the gas ignites automatically. As well as offering the convenience of only using one-hand, there is also no separate ignition button to clean.

#### Easy clean tempered glass

Premium models with cutting-edge features offer instant versatility in cooking with fire. Their tempered glass base is easy to clean for total convenience and completed by a frameless finish for a designer look. Stylish and functional all in one.

### Simplicity

#### Flame failure device

For added safety, all Bosch gas cooktops feature a flame failure device. This feature stops the supply of gas to the burners if the flame is extinguished.

#### Cast-iron supports

Cast-iron pan supports are both stylish and highly durable, providing solid and robust support for your cooking pans.

#### Slim profile

Finished in black tempered glass, our Bosch premium gas cooktops provide a stylish and sleek look.

### Performance

#### High-power wok-style burner

Selected gas cooktop models feature a powerful wok-style burner, which provides up to 18MJ/h. Suitable for use with flat-based pans or with a wok using the wok ring provided.

#### Flexible burners

All our gas cooktops feature different burner combinations for greater flexibility. With wok, high-speed, standard and economy burners, you can cook more efficiently with the burner most suited to the size of the pan.

Gas cooktops | Overview

# Gas cooktops

Serie | 6

**Series 6 | PPQ716B21A**  
**70cm Black Tempered Glass**  
**Gas Cooktop**

**Heating functions**  
5 burners: 1 x 16Mj/h triple flame wok burner, 1 high-speed burner, 2 standard burners, 1 economy burner

**Convenience**  
One-hand ignition via control knobs  
Enamelled cast-iron pan supports

**Safety**  
Flame failure for each burner stops gas flow if flames go out

**Dimensions (WxD)**  
710 x 520mm

**Other**  
Suitable for NG or LPG

Serie | 2

A photograph of a plated dish. In the foreground, a white rectangular plate holds a piece of white fish fillet, topped with a sauce of sautéed mushrooms, vegetables, and herbs, and garnished with a sprig of basil. In the background, a white bowl contains a salad of couscous, green leafy vegetables, and diced red bell peppers, also garnished with basil. The dishes are set on a rustic wooden surface with a silver fork and a brown napkin.

Rangehoods

## Rangehoods | Design

Designs for your dream kitchen.  
From focal point canopy to  
hidden integrated rangehoods.

**Ducted extraction**

Ducting out is the most effective method of extraction. Ideally the rangehood should be sited on an outside wall, or an outside wall can be reached via ducting. All Bosch extractors are now standardised to facilitate a 150mm diameter outlet for maximum performance, although smaller ducting can be used if required. Please refer to the installation guide for further advice on best practice installation.

**Recirculation kit**

Odours are extracted and filtered, then purified air is returned to the room. The kit comprises of a carbon filter and all components needed to ensure that odour free air is returned into the kitchen. To maintain performance, the carbon filter should be replaced on a regular basis. A recirculation kit needs to be purchased as a separate accessory.

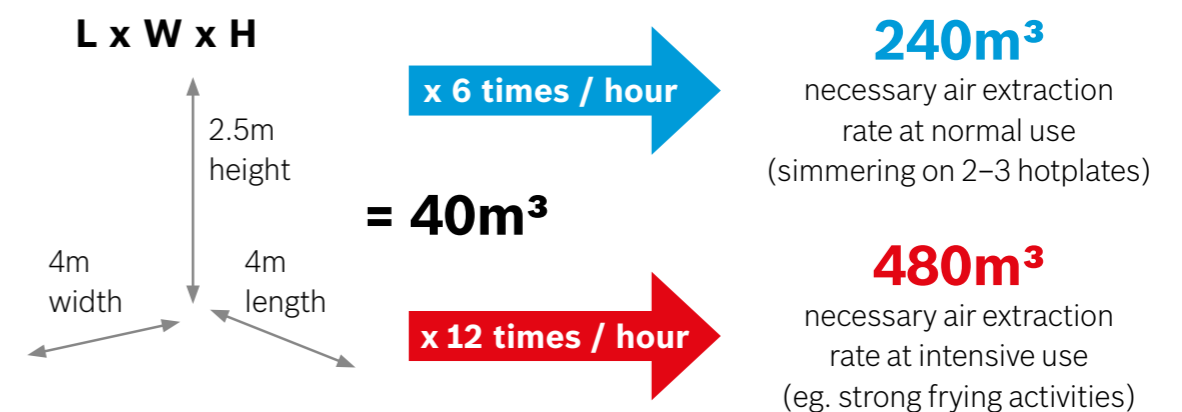

**CleanAir module**  
Accessory to be  
purchased separately\*

\*Available for selected  
Bosch rangehoods

**What extraction rate do I need?**

It is recommended that air be extracted (or exchanged) in a room depending on your type of cooking: minimum of 6 times per hour; and a maximum of 12 times per hour.

Air extraction is measured using room volume. This is calculated by multiplying Length x Width x Height.

Bosch extraction rates are tested inline with EU standards.  
See page 90 for more information.

## Rangehoods | Silence

# Relax in a quieter kitchen with family and friends.

A few decibels can make the difference between harmful, loud and pleasant. Operating at 40dB(A)\*, our quietest rangehood means you can have it on while listening to music, enjoying a conversation or while your baby rests.

### Silence

Noise is measured in numeric decibels or dB(A). It is important to note that a few decibels can make a huge difference.

### EcoSilence Drive® motor

The EcoSilence Drive® motor operates without carbon brushes, eliminating the disadvantages of conventional motors. Instead of energy loss, wear and noise, you get efficiency, durability, and smooth operation. To reduce motor noise even further (1 dB(A) noise reduction compared to other motors), we have optimised the airflow inside the hood. The result: low noise levels with high power.

Whisper  
30 dB(A)

Bosch Rangehood

Rangehoods | Functions and features

# Features and functions for everyday use.

## Efficiency

### Automatic power revert

When the intensive setting is selected, it can be set to automatically revert to a pre-defined setting after a short period of time.

### LED lighting

The new LED lights offer a longer lifetime and use less energy than conventional halogen lighting. Additional convenience is offered with SoftLight which gently fades lighting in and out with dimmer function.

### Halogen lighting

Integrated halogen lighting ensures that the cooking area is clearly illuminated. They are more efficient than standard lights and are designed to last longer.

## Simplicity

### Electronic filter saturation indicator

For maximum extraction efficiency, an illuminated light indicates when the filter needs cleaning. For hassle-free cleaning, the one-piece filter can be loaded into your Bosch dishwasher.

### Electronic control

3 power levels + 2 additional intensive settings, automatic run-on, filter saturation indicator, automatic power revert and SoftLight with dimmer function, control at your fingertips.

### Electronic button control

This control provides you with 3 power levels + 1 intensive setting. There's also a push-button for turning the lights on and off. And to make operation even easier, the buttons are back-lit.

### Rocker switch control

It doesn't get any easier: one switch with 3 power levels and one for turning the lights on and off.

## Performance

### Dishwasher-safe metal filters

For easy cleaning, all Bosch filters can be safely loaded into any Bosch dishwasher for sparkling clean results.

### Metal grease filter

Metal grease filters are required for ducted and recirculating systems to filter grease and other solid particles out of the extracted air. To make sure these filters operate at maximum efficiency, they should be cleaned about twice a month.

### Stainless steel filter

The stainless steel filter provides an exceptionally high level of grease absorption. It is concealed behind an elegant stainless steel cover with a stainless steel handle.

### Rim ventilation filter

With its smooth uninterrupted surface and grease separation of 80–92%\*, the rim ventilation filter from Bosch has a multi-patented filter sealing system and flow-optimised filter system with 12-layer filter mats.

### Variable power settings

All Bosch rangehoods feature variable power settings, which can be set to effectively remove odours, smoke and moisture caused by cooking. Many models also feature an intensive extraction setting, which gives an extra boost to the performance when required.

### CleanAir Recirculation

The CleanAir module is an optional accessory for rangehoods. The special active carbon filter, when compared to ducted systems, is equal in performance for odour reduction and grease absorption. It also uses up to 3 dB(A) less noise than conventional recirculation systems. Easy to install, the surface of the carbon filter is the equivalent of around 50 soccer fields offering more performance and greater energy efficiency.

### Extraction rates

Air extraction is measured using room volume. This is calculated by multiplying Length x Width x Height. Bosch rangehoods offer powerful maximum extraction rates for when you are cooking up a storm in the kitchen. While the variable power settings allow you to navigate just the extraction power you need for each meal.

Features may vary depending on models. Please check individual product specifications.

Features may vary depending on models. Please check individual product specifications. \*Depending on motor output

Rangehoods | Overview

Wall-mounted rangehoods

Powerful performance, classic design.

Serie | 6

**Series 6 | DWA097E51A**  
**90cm Wall-mounted Stainless Steel Canopy Rangehood with Glass Screen**

**Power functions**  
690m³/h maximum extraction capacity  
3 power settings + 2 intensive settings with automatic revert to previous setting  
Automatic run-on time 1–10 mins  
EcoSilence Drive® brushless motor

**Convenience**  
Whisper-quiet: 54dB at level 2 or 350m³/h (150mm ducted)

Easy installation system

**Cleaning**  
Dishwasher-safe metal grease filters  
Electronic filter saturation indicator

**Dimensions (HxWxD)**  
426 x 598 x 290mm (ducted or CleanAir Recirculated)

**Complete specifications**  
Reference guide see page 88–90  
Technical diagrams see page 101

**Series 4 | DFR097A50A**  
**90cm Slideout Rangehood**

**Power functions**  
740m³/h maximum extraction capacity  
3 power settings + 1 intensive setting with automatic revert to previous setting  
Automatic run-on time 1–10 mins  
EcoSilence Drive® brushless motor

**Convenience**  
Whisper quiet: 50dB at level 2 or 340m³/h (150mm ducted)  
Low-lift push button controls for power and light  
2 x 3W LED lights  
Easy installation system

**Cleaning**  
Dishwasher-safe metal grease filters

**Dimensions (HxWxD)**  
426 x 898 x 290mm (ducted or CleanAir Recirculated)  
Fits 60cm or 90cm cupboard

**Complete specifications**  
Reference guide see page 88–90  
Technical diagrams see page 101

**Series 4 | DFR067A50A**  
**60cm Slideout Rangehood**

**Power functions**  
740m³/h maximum extraction capacity  
3 power settings + 1 intensive setting with automatic revert to previous setting  
Automatic run-on time 1–10 mins  
EcoSilence Drive® brushless motor

**Convenience**  
Whisper quiet: 50dB at level 2 or 330m³/h (150mm ducted)  
Low-lift push button controls for power and light  
2 x 3W LED lights  
Easy installation system

**Cleaning**  
Dishwasher-safe metal grease filters

**Dimensions (HxWxD)**  
426 x 598 x 290mm (ducted or CleanAir Recirculated)

**Complete specifications**  
Reference guide see page 88–90  
Technical diagrams see page 101

**Series 2 | DFL064W50A**  
**60cm Slideout Rangehood**

**Power functions**  
400m³/h maximum extraction capacity  
3 power settings

**Convenience**  
Quiet: 64dB at level 2 or 340³/h (150mm ducted)  
Rocker switches for power and light  
2 x 20W halogen lights

**Cleaning**  
Dishwasher-safe metal grease filters

**Dimensions (HxWxD)**  
203 x 598 x 290mm (ducted or recirculated)

**Complete specifications**  
Reference guide see page 88–90  
Technical diagrams see page 102

All descriptions and technical diagrams are intended as a guide only. For additional technical information, full dimensional and installation details, please refer to the instruction and installation manuals supplied with the appliance. \*For cabinetry match pelmet required from cabinet maker. Stainless Steel pelmet included, black and white available as optional accessory.

All descriptions and technical diagrams are intended as a guide only. For additional technical information, full dimensional and installation details, please refer to the instruction and installation manuals supplied with the appliance.

A still life photograph featuring a clear glass filled with water, a slice of yellow lemon, and a small piece of white butter. The glass sits on a dark, rustic metal tray. A silver spoon lies on the tray next to the glass. The background is dark and out of focus. A blue rectangular box with the word "Dishwashers" is overlaid on the right side of the image.

Dishwashers

#### Full colour display

The multi-coloured TFT display not only looks good, it also provides you with useful information throughout the wash cycle. Progress of the wash cycle, time remaining, as well as wash programs and other optional settings are clearly displayed in full colour resolution.

## Dishwashers | Design

# Integrate your dishwasher for a seamless look.

Bosch semi and fully integrated dishwashers are designed to fit your new kitchen to perfection. They can be fitted with a door panel to match the design of your kitchen cabinetry

GlassSecure Tray model number: SMZ5300

#### Wine glasses should be washed by hand. Or by Bosch. The GlassSecure Tray protects your glasses.

Designed for Bosch dishwashers equipped with VarioFlex™ or VarioFlex™ Pro basket systems, this unique tray securely holds four long stemmed glasses in place. The locking mechanism lifts and secures all four glasses at once. Glasses are angled and positioned to provide optimum cleaning with the highest glass protection.

#### Glass Wash 40°

Dedicated glass program to add an extra sparkle to your glassware at the touch of the button.

#### EcoSilence Drive® brushless motor

The revolutionary EcoSilence Drive® brushless motor is quieter and more energy-efficient than all others before it.

Plus, with up to three levels of sound insulation and targeted spray jets, the result is a dishwasher that's even quieter.

#### Silent benefits

We know that the kitchen is a central part of the home where people gather. With this in mind, we have designed a range of 42dB whisper-quiet dishwashers.

#### Silent benefits

We know that the kitchen is a central part of the home where people gather. With this in mind, we have designed our range of dishwashers to be whisper-quiet from just 42dB.

Dishwashers | Overview

Bosch Semi and Fully integrated dishwashers

Serie | 8

**Series 8 | SMI88TS01A**  
Semi-integrated Dishwasher

**Capacity**  
15 International place settings

**Water efficiency**  
5 Star (12 litres per wash)

**Energy efficiency**  
4 Star (235 kWh per year)

**Features**  
TFT full colour display  
SensorTouch buttons  
AutoBrilliance™  
AquaSensor™  
EcoSilence Drive®

**Wash programs**  
8 (with 5 wash options)

**Flexibility**  
VarioDrawer™ Pro  
VarioFlex™ Pro  
Rackmatic™ Plus

**Sound**  
42dB rating

**Safety**  
AquaStop™ Plus  
Child lock

**Dimensions (HxWxD)**  
815-875 x 598 x 573mm

**Complete specifications**  
Reference guide see page 91  
Technical diagrams see page 102

Serie | 6

**Series 6 | SMI68M25AU**  
Semi-integrated Dishwasher

**Capacity**  
15 International place settings

**Water efficiency**  
5 Star (12 litres per wash)

**Energy efficiency**  
4 Star (235 kWh per year)

**Features**  
AutoBrilliance™  
AquaSensor™  
EcoSilence Drive®

**Wash programs**  
6 (with 4 wash options)

**Flexibility**  
VarioDrawer™  
VarioFlex™  
Rackmatic™ Plus

**Sound**  
42dB rating

**Safety**  
AquaStop™ Plus  
Child lock

**Dimensions (HxWxD)**  
815-875 x 598 x 573mm

**Complete specifications**  
Reference guide see page 91  
Technical diagrams see page 102

Serie | 6

**Series 6 | SMI50M05AU**  
Semi-integrated Dishwasher

**Capacity**  
14 International place settings

**Water efficiency**  
5 Star (11 litres per wash)

**Energy efficiency**  
4 Star (220 kWh per year)

**Features**  
AutoBrilliance™  
AquaSensor™  
EcoSilence Drive®

**Wash programs**  
5 (with 2 wash options)

**Flexibility**  
Vario™  
Rackmatic™ Plus  
Cutlery basket

**Sound**  
44dB rating

**Safety**  
AquaStop™ Plus  
Child lock

**Dimensions (HxWxD)**  
815-875 x 598 x 573mm

**Complete specifications**  
Reference guide see page 91  
Technical diagrams see page 102

Serie | 8

**Series 8 | SMV88TX01A**  
Fully Integrated Dishwasher

**Capacity**  
15 International place settings

**Water efficiency**  
5 Star (12 litres per wash)

**Energy efficiency**  
4 Star (235 kWh per year)

**Features**  
TFT full colour display  
TimeLight™ floor projection  
Stainless steel interior tub  
AutoBrilliance™  
AquaSensor™  
EcoSilence Drive®

**Wash programs**  
8 (with 5 wash options)

**Flexibility**  
VarioDrawer™ Pro  
VarioFlex™ Pro  
Rackmatic™ Plus

**Sound**  
42dB rating

**Safety**  
AquaStop™ Plus  
Child lock

**Dimensions (HxWxD)**  
815-875 x 598 x 550mm

**Complete specifications**  
Reference guide see page 91  
Technical diagrams see page 102

Serie | 6

**Series 6 | SMV63M10AU**  
Fully Integrated Dishwasher

**Capacity**  
14 International place settings

**Water efficiency**  
5 Star (11 litres per wash)

**Energy efficiency**  
4 Star (220 kWh per year)

**Features**  
InfoLight™ floor projection  
Stainless steel interior tub  
AutoBrilliance™  
AquaSensor™  
EcoSilence Drive®

**Wash programs**  
6 (with 4 wash options)

**Flexibility**  
VarioFlex™  
Rackmatic™ Plus  
Cutlery basket

**Sound**  
42dB rating

**Safety**  
AquaStop™ Plus  
Child lock

**Dimensions (HxWxD)**  
815-875 x 598 x 550mm

**Complete specifications**  
Reference guide see page 91  
Technical diagrams see page 102

**DosageAssist™ detergent system**  
Unique to Bosch, the DosageAssist™ feature maximises the effectiveness of detergent tablets by dropping it into a specially designed tray that is targeted by water jets, resulting in a tablet that dissolves evenly under control.

**InfoLight™**  
Selected Bosch dishwashers feature InfoLight™ – a red light that discreetly beams onto the floor during the wash cycle and disappears after the drying cycle is complete.

**TimeLight™**  
You might not hear anything coming from your dishwasher, but it still might be on. To prevent you from interrupting the cycle, we've developed TimeLight™: an illumination that projects the remaining wash cycle time onto the floor when the dishwasher is in operation.

**VarioSpeed™ express wash option**  
With VarioSpeed™ you can almost halve the wash program cycle time without sacrificing washing and drying results.

Refrigerators

## Serie | 8

## Built-In Refrigeration | Functions and features

## Packed full of good ideas.

Bosch Active Cooling ensures your food is protected against bacterial growth and provides the ideal storage environment. Thanks to this technology, fruit and vegetables can be stored for longer, giving you more time to enjoy them.

**FreshSense**

Internal sensors constantly monitor the temperature inside and outside the fridge and freezer compartments. The cooling circuit and compressor continually adjust to ensure a stable interior temperature and provide prolonged freshness.

**TouchControl electronic display panel**

Control all functions easily and precisely with just a soft touch, using TouchControl panel. Electronic controls conveniently set into the top of the door frame provide precise and independent temperature control of both the fridge and freezer compartments.

**EasyLift system**

Convenient levers quickly and easily adjust the EasyLift glass shelf up or down even when fully loaded. The EasyLift door can be adjusted to accommodate tall items providing flexible storage i.e. bottles of different heights. A full extension telescopic rail system on the drawers ensures easy access and maximum storage.

**AirFresh filter**

The AirFresh filter neutralises odours in the fridge, ensuring that smells don't transfer between foods.

**SuperCooling**

Adding new food into the fridge causes the internal temperature to rise, which means the fridge has to work harder to cool down and regulate the temperature again. SuperCooling will prepare your fridge by rapidly reducing the temperature, keeping the contents cool, while quickly cooling the new groceries down to 2°C.

**SuperFreezing**

Adding new food to the freezer can increase the internal temperature, which can partly defrost existing food. The SuperFreezing function rapidly lowers the temperature in the freezer, ensuring the fresh food is frozen quickly, while surrounding food remains frozen.

**SoftClose door**

Thanks to a special damping mechanism, the fridge door closes softer and quieter than before. When it is open at a 20° angle or less, the door closes automatically and helps prevent the fridge from being left open.

**LED lighting**

Bright LED lighting across all shelves provides the highest possible visibility throughout the fridge.

Serie | 8

Series 8 | KIN34P60AU  
Fully Integrated Bottom Mount Fridge Freezer

Capacity

Total gross capacity: 287 litres  
Fridge gross capacity: 196 litres  
Fridge net capacity: 189 litres  
Freezer gross capacity: 91 litres  
Freezer net capacity: 75 litres

Energy

3 Star MEPS 2010, 330 kWh per year

Efficiency

FrostFree MultiAirFlow cooling  
FreshSense cooling technology

Freshness & Storage

SuperFreezing & SuperCooling with auto-switch-off  
Vegetable crisper box and deli drawer on telescopic rails  
BigBox extra large freezer storage

Convenience

Digital temperature controls  
EasyLift shelf and EasyLift door bins can be raised or lowered even when fully loaded  
LED lighting  
Removable magnetic door seals for easy cleaning  
SoftClose door system  
Reversible door hinges  
Door open and temperature-rise alarm  
Full ventilation through the plinth for ease of installation

Dimensions

Product (HxWxD): 1772mm x 556mm x 545mm  
Cavity (HxWxD): 1775mm x 560 mm x 550mm

Reference Guide Coffee Machine

Model		CTL636ES1 Series 8
Type		Built-in fully-automatic coffee machine
Dimensions	Appliance dimensions (H x W x D)	455 x 594 x 375mm
	Built-in dimensions (H x W x D)	449 x 558 x 354mm
Design	Stainless steel and black glass	●
Flavour	SensoFlow System: Heating system for maximum and constant brewing temperature	●
	AromaPro Concept: Optimal aroma extraction	●
	One-touch preparation: Ristretto, Espresso, Espresso Macchiato, Coffee, Cappuccino, Latte Macchiato, Caffè Latte at the touch of a button	●
	AromaDouble Shot: Extra-strong coffee with less bitterness thanks to two grinding and brewing processes	●
	Beverage temperature adjustable individually: coffee 3 levels, hot water 4 levels	●
	Including BRITA Intenza water filter: Reduces the lime content of water and filters substances affecting smell and taste	●
Convenience	TFT Touch Graphic Display with interactive menu	●
	MyCoffee: Save 8 favourite beverages with individual names and adjustable mixing ratio of milk and espresso	●
	IndividualCup Volume: Cup sizes adjustable individually, to ensure your cup gets filled just as far as you would like	●
	Coffee outlet and milk frother height-adjustable: Up to 15cm high Latte Macchiato glasses fit underneath	●
	OneTouch DoubleCup: Prepare two cups simultaneously for all coffee and milk specialties	●
	Water tank removable for easy refilling	● (2.4 litre volume)
	Early warning if water tank almost empty or bean container almost empty	●
	Flexible milk solution: Decide for yourself if you prefer connecting the provided milk container or using any other container, e.g. a milk carton	●
	Short user manual always at hand inside appliance	●
Performance	SilentCeram Drive: Quiet, premium grinder made from non-wearing ceramic	●
	CoffeeSensor Pro: Automatically adjusts grinding unit to bean variety	●
	One-touch coffee milk specialties with especially fine-pored milk froth thanks to an innovative milk frother	●
	In addition to beverages also available separately: milk foam, warm milk, hot water	●
	Reduced heat-up time: Fastest first cup	●
	Water pump with 19 bar pressure	●
	Separate chute for ground coffee	●
	15,000 cup warranty: Consistently high appliance quality from the first cup to the 15,000th (valid for non-commercial use within 24 months)	●
Hygiene	Removable brewing unit: Easy and hygienic cleaning under running water	●
	AutoMilk Clean: Automatically steam cleans the milk system after every beverage	●
	Milk frother removable and dishwasher-proof	●
	SinglePortion Cleaning: Complete emptying of all pipes after each brewing process	●
Technical requirements	Electrical connection rating	1600W
	Current	10A
Supplied accessories	Voltage	220–240V / 50–60Hz
	1 BRITA water filter cartridge	●
	1 measuring spoon	●
	1 milk container (insulated), connection hose and pipe	●
	1 test strip	●
	1 set assembly screws	● (9)

Reference Guide Rangehoods

Air extraction calculation examples to help you calculate your own requirements

Kitchen dimensions: L x W x H	Room volume	Minimum extraction rate (6 x per hour)	Maximum extraction rate (12 x per hour)
3 x 4 x 2.5m =	30m³	6 x 30m³ = <b>180m³/h</b>	12 x 32m³ = <b>360m³/h</b>
4 x 4 x 2.5m =	40m³	6 x 40m³ = <b>240m³/h</b>	12 x 40m³ = <b>480m³/h</b>
4 x 5 x 2.5m =	50m³	6 x 50m³ = <b>300m³/h</b>	12 x 50m³ = <b>600m³/h</b>
Calculate yourself			

Measurement of air extraction as used by Bosch

net fan power  
without installation

measured  
at air outlet

net fan power in appliance but  
without connection to ducting system

**DIN/EN**

90°

300mm

1000mm

Ø 150mm

measured  
at air outlet

net fan power in appliance and with connection  
to ducting system according to EN61591

Accessories

Oven and Cooker Accessories		
	<b>Wire rack for universal pan</b> Fits into the universal pan for all grilling applications. Universal pan and wire rack can be removed together.	<b>HEZ324000</b>
	<b>Pizza stone</b> Pizza baking stone with wooden bread paddle. Baking stone is pyrolytic proof. To suit all Bosch 60cm ovens (except HBA13B253A) and all 60cm combination steam and microwave ovens	<b>HEZ327000</b>
	<b>Wire rack</b> For all grilling applications. To suit all Bosch 60cm ovens except HBA13B253A	<b>HEZ334000</b>
	<b>Stainless steel roasting pan</b> Stainless steel roasting pan with glass lid, induction suitable. To suit all Bosch 60cm ovens except HBA13B253A	<b>HEZ390011</b>
	<b>Porcelain tray – small</b> To suit Bosch Series 8 60cm combination steam oven CSG656RS1A, CDG634BS1	<b>HEZ36D153P</b>
	<b>Porcelain tray – large</b> To suit Bosch Series 8 60cm combination steam oven CSG656RS1A, CDG634BS1	<b>HEZ36D353P</b>
	<b>Pizza pan</b> To suit all Bosch 60cm ovens and all 60cm combination steam and microwave ovens	<b>HEZ617000</b>
	<b>Split grill tray, enamelled – pyrolytic proof</b> To suit Bosch Series 8 60cm ovens, 60cm combination steam and microwave ovens	<b>HEZ625071</b>
	<b>Enamelled baking tray – pyrolytic proof</b> To suit Bosch Series 8 60cm ovens, 60cm combination steam and microwave ovens	<b>HEZ631070</b>
	<b>Universal pan, enamelled – pyrolytic proof</b> To suit Bosch Series 8 60cm ovens, 60cm combination steam and microwave ovens	<b>HEZ632070</b>
	<b>Lid for Professional pan</b> To suit Bosch Series 8 60cm ovens, 60cm combination steam and microwave ovens	<b>HEZ633001</b>
	<b>Professional pan, enamelled – pyrolytic proof</b> To suit Bosch Series 8 60cm ovens, 60cm combination steam and microwave ovens	<b>HEZ633073</b>

	<b>Wire rack (standard)</b> To suit all Bosch Series 8 60cm ovens	<b>HEZ634000</b>
	<b>Glass pan</b> To suit all Bosch 60cm ovens and all 60cm combination steam and microwave ovens	<b>HEZ636000</b>
	<b>1 level telescopic rail, full extension – pyrolytic proof</b> To suit Bosch Series 8 60cm ovens	<b>HEZ638170</b>
	<b>2 level telescopic rails, full extension – pyrolytic proof</b> To suit Bosch Series 8 60cm ovens	<b>HEZ638270</b>
	<b>3 level telescopic rails, full extension – pyrolytic proof</b> To suit Bosch Series 8 60cm ovens	<b>HEZ638370</b>
	<b>Metal strip</b> To suit all Bosch 60cm ovens and all 60cm steam, combination steam and microwave ovens	<b>HEZ660060</b>
	<b>Wire rack (microwave)</b> To suit Bosch Series 8 60cm microwave ovens CMG633BS1B, CMG656RS1A	<b>HEZ634080</b>
	<b>Wire rack (steam)</b> To suit Bosch Series 8 60cm combination steam oven CSG656RS1A	<b>HEZ664070</b>
	<b>Glass dish (pyrex style)</b> To suit Bosch Series 8 60cm ovens, 60cm combination steam and microwave ovens	<b>HEZ864000</b>
	<b>Glass roasting dish, 5.1 L</b> To suit Bosch Series 8 60cm ovens, 60cm combination steam and microwave ovens	<b>HEZ915001</b>

Induction Accessories		
	<b>Griddle plate</b> For use on two combined cooking zones. Evens heat to perfectly grill your favourite meats, fish or vegetables.	<b>HEZ390522</b>
	<b>Teppan Yaki</b> Enjoy induction the Japanese way! Try beef, prawns, scallops, lobster, chicken and chopped vegetables. Let your imagination go. Also great for steamers and available in two sizes (40cm x 20cm and 30cm x 20cm).	<b>Large – HEZ390512</b> <b>Small – HEZ390511</b>
	<b>Stainless steel roasting pan (optional with steamer inset)</b> Cook large dishes without hot spots for results you'll be delighted with. A high performance roasting pan that no induction kitchen should be without. For use on two combined cooking zones.	<b>HEZ390011</b>
	<b>4 Piece Cookware Set</b> 4 piece induction cookware set consisting of 2 pots, 1 casserole and 1 fry pan.	<b>HEZ390042</b>
	<b>Stainless steel wok</b> Stainless steel wok for induction and ceramic cooktops. Includes glass lid and draining grid.	<b>HEZ390090</b>
	<b>PerfectFry sensor induction pan 19cm</b> To suit Bosch PerfectFry sensor induction cooktops PXV975DC1E, PXE875DC1E, PXX675DC1E, PIV995DC1E & PIV975DC1E.	<b>HEZ390220</b>
	<b>PerfectFry sensor induction pan 21cm</b> To suit Bosch PerfectFry sensor induction cooktops PXV975DC1E, PXE875DC1E, PXX675DC1E, PIV995DC1E & PIV975DC1E.	<b>HEZ390230</b>

Installation Requirements for Induction Cooktops Only

Important note:  
Cookware for Induction Cooktops

Induction heating relies on creating a controlled electro-magnetic field, which requires magnetic-based cookware. This includes stainless steel cookware with a magnetic base, enamelled steel or cast-iron. Glass, aluminium, copper or ceran pots are not suitable for use. If you are unsure, hold a magnet to the base of the cookware. If it attracts and holds, then the cookware is most probably suitable.

Series 8 | 90cm FlexInduction® Cooktop

PXV975DC1E

# This much is for sure: you can trust in our service.

Reliable, experienced, fast. The customer service of Bosch; before and after purchase.

#### Quality service straight from the manufacturer. Original Bosch.

We are committed to quality even when it comes to after-sales service because no one knows Bosch appliances better than our highly trained service engineers. Working with the latest equipment for measuring, diagnostics and repairs, Bosch service engineers only use original Bosch spare parts.

#### Reliability guaranteed. No compromises.

All Bosch home appliances are produced with maximum care using high-quality materials. We promise it in our 2-year manufacturer's warranty on all appliances.

#### Lifetime service. It goes without saying at Bosch.

Once your warranty period is over, we are still there to assist you. You can rely on expert care and first-rate service throughout the life cycle of your appliance. From missing instruction manuals to appliance repair – we take care of everything.

#### Original accessories.

#### Effective care products.

Take a look at our extensive range of accessories for some inspiration: discover additional uses, replace old materials for optimum operation or simply give a trusty home appliance a good work-over. With the right care, you will be able to enjoy your high-quality appliance for many years to come. To help you do so, we offer a wide range of Bosch certified cleaning and care products.

#### Extensive customer service network. Just a call away.

#### Customer Care

Our friendly Bosch Customer Care team is on-hand to provide competent, reliable assistance. Before or after purchase, the Bosch team will be happy to advise you on products, their use and special functions.

#### Service & Repairs

Our team is there to provide the right advice on faults, arranging a visit of a service engineer and ordering the right accessories or spare parts.
