Dear Mr. Tannahill,

We received your e-mail subject to FCC ID ADTCCAT dated April 23, 1999 to our Mr. Nakayama and thank you very much.

I reply to your questions on behalf of Mr. Nakayama as follows:

1. Please refer to attached file name Tx-signal.doc which is prepared MS-Word and described transmitted signal information.
2. Please refer to attached file name Tx-photo.doc which is prepared MS-Word and included photograph both sides of transmitter circuit board.
3. This TV and VCR combination is not installed RF-Modulator, so section 15.115 TV Interface Device is not applied.
4. The schematic of transmitter RF is described as title Z7 LOCATOR, CCZ134/194/196/254/256 on schematic diagram right bottom. For your reference, please refer to attached file name Tx-schem.doc which is prepared MS-Word and include transmitter schematic.

I hope that above our responses satisfy your questions.

Please review our response and issue Certificate as soon as possible.

We greatly appreciate you for your cooperation.

Best Regards,  
K. Uno / FUNAI
