Highlights

Good vibrations

Think of the One as a powered version of your manual toothbrush. Micro-vibrations and contoured bristles gently clean and polish your teeth at the touch of a button.

Travel case to take with you

Like your very own travel companion. Wherever you go, this One goes with you. Its sleek, lightweight and comes with a portable case for when you're on the move.

Routine made easy

Sometimes, we all need a little guidance. The One buzzes every 30 seconds encouraging you to move on to the next part of your mouth. A longer buzz at 2 minutes lets you know when the job is done.

A colour for every style

From Shadow to Shimmer, Snow to Sage, choose the colour to match your style. You can mix and match the brush head with the handle and create your own colour combination.

One charge, one month of brushing

Charging your One is easy. Just pop off the end cap, plug in your USB-C cable and wait until the light indicator stops flashing. With a single charge, you can brush for 30 days. That's one month of whiter, brighter smiling.
