Ref: FCC Class II Permissive change for FCC ID: **PD9AX411NG**

Dear Examiner,

This is to request a Class II permissive change for module approval FCC ID: **PD9AX411NG**, originally granted for DSS, DTS, UNII on **09/09/2021** and for 6XD on **11/08/2021**.

Change #1: This change establishes portable category SAR conditions for the HP model TPN-C155 PC with INPAQ DC33002K3C0 antenna.

Note: The Platform is already approved under ATCB028596 for DSS, DTS,UNII and 6XD.

The only change is the WLAN TAS feature activation operating for DTS, DTS, UNII and 6XD. The exact same WLAN authorized modules are reused in this notebook with the exact same TAS algorithm validation methods for time averaging SAR as approved by FCC.

Sincerely,

By: _____
