\*Terms and conditions apply, refer to our website or your Dynabook Reseller for details. Specifications are subject to change without notice. All images are for illustration purposes only. Actual product may vary from image depicted. Dynabook Notebooks are subject to technology limitations. It is important that you understand Dynabook's policy for Central Processing Unit (CPU) performance, non-conforming screen pixels, gigabyte measurement, VRAM capacity, battery life variance, operating system and other specific technologies. For further details and specifications, get in touch with us on the above contact information.

†Dynabook Notebooks that display the ENERGY STAR® symbol are among the most energy-efficient on the market. For more details please refer to [www.energystar.gov](http://www.energystar.gov)

~If 4GB, 8GB or 16GB is installed, the actual recognized memory may vary slightly (depending on system configuration and memory allocation).

#ODD write capability may vary depending on the type/brand of media utilised as well as other factors outside the control of Dynabook

\*\* Battery Life rating based on Mobile Mark™ 2014. Rating is for comparison purposes only, and does not indicate the battery life that will be obtained by any individual user.

\*\*\*Actual battery life may vary considerably from specifications depending on product model, configuration, applications, power management settings and features utilized, as well as the natural performance variations produced by the design of individual components.
