ATTN: Linda Elliott
RE: GE Harris Railway Electronics, L.L.C.
FCC ID NOLLCM1003067

Dear Ms. Elliott,

As we discussed this morning, the above referenced application was entered prior to receiving notification from the applicant that the FCC ID number listed above was incorrect. Rather than notify the FCC and request a correction, I entered a new application correcting the FCC ID number which generated a new confirmation number. All associated exhibits requested in your E-Mail to Don Darby, dated 4/26/99, have been submitted in association with the revised application.

I apologize for the confusion this process has caused. It was my first electronic filing and I was unaware of the procedural methods for correcting erroneous information.

The applicant has requested that the application associated to 731 Confirmation Number EA93920 and Correspondence Reference Number 7430 be withdrawn/dismissed.

Thank you for your assistance in correcting this matter. Please call me at (202)467-5700, ext. 252, should you have any questions.

Darryl Richard
Legal Assistant
