

<b>Notification</b>	
<b>Product Code</b>	NLHDMI-HSV02MICRO
<b>Short Description</b>	Micro HDMI to SVGA + 3.5mm stereo.
<b>Full Description</b>	The NEWlink Micro HDMI to VGA converter can convert the digital HDMI signal into an analogue VGA signal. This allows you to connect your device with a Micro HDMI connector to a VGA monitor or projector. This converter has 3.5mm stereo connector to allow you to connect various devices such as speakers. You can also use cables such as 3.5mm to RCA giving you more flexibility.
