Handy separate grilling compartment

2 hour mechanical timer

Easy reach rear controls

Easy clean formed shelf supports

80L/32L capacity oven/grill

Ceramic cooktop

Dual Zone

Power on indicator indicates if power is on to provide peace of mind

BENEFITS

Fan forced for even cooking

When it comes to cooking, one of the biggest is even heat distribution over your dishes. By using fan forced cooking you are able to create an even cooking result.

Grill separately for smooth entertaining

The separate grilling compartment on selected models means you can entertain guests and cook big family meals with absolute ease and without compromising on precious oven space.

Set for 2 hours and it will ring

The mechanical timer keeps track of your cooking time for 2 hours with a ringer to let you know you are ready to restart the timer or finish your dish.

Rear control for safety

Our rear control is easy to reach and angled to keep your cookers control away from smaller hands.

More versatility with variable zones

Sometimes you are cooking for two and other times it's for five. With Dual Zone functionality you are able to adjust to your chosen pot or pan size with ease.

Know when it is hot

The hot surface indicator allows you to clearly see when your cooking zones are on or still retaining residual heat, allowing you to keep your family safe
