Otter Privacy Screen

Adheres to the touchscreen of an iPhone 5 to shield onscreen data from prying eyes. The scratch-resistant screen protector is made from a matte, premium quadlaminar polyester material, and will hide text and images from all four side views. The film allows for a dry, bubble-free application. While the film is applied, you can continue using the touchscreen since it doesn't affect its sensitivity at all. (OTPCP15).....**Log-on**

JAWBONE® UP Fitness Tracker

The UP Fitness Tracker is a wristband that works with an app for your smartphone to track vital daily stats to help you set and achieve lifestyle goals. It allows you to track calories burned, intensity and more for any type of workout as well as what you are eating and drinking. You can track how many hours you sleep, and it will vibrate to wake you up at the optimal moment in your sleep cycle so you feel refreshed. Or, you can set a reminder to move when you've been inactive for too long. Integrates with other apps like Strava, Wello, and RunKeeper – track it all with UP for a complete picture of your day and night. The UP ecosystem has apps for fitness, weight loss, sleep coaching, detailed food journaling and more. The wristband connects to your phone via the 3.5mm jack, and its low-profile form factor lets you wear it comfortably both day and night.

- UP app lets you know how you sleep, move and eat. The UP app's Insight Engine ties it all together to help you find hidden connections and patterns between your daily and nightly activities. The UP Insight Engine suggest daily goals based on your patterns
