Add Hue Bridge to unlock more

046677557805

Easy smart lighting

Get bright lighting for spaces such as the garage or kitchen, as well as softer light for any room, with a Philips Hue White A21 bulb, which offers a powerful 1600 lumen output (equivalent to 100W) and wireless dimming. Connect to a Hue Bridge to unlock the full suite of smart lighting features.

Limitless possibilities

- Powerful, bright white light

Easy smart lighting

- Control up to 10 lights with the Bluetooth app
- Control lights with your voice*
- Set the right mood with soft white light
- Unlock the full suite of smart lighting features with the Bridge

Highlights

Powerful, bright white light

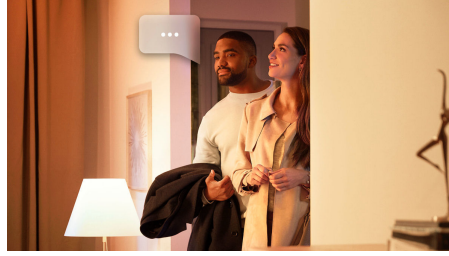

The High Lumen bulb provides a powerful white light that is bright enough to fully illuminate the kitchen, garage, or any other room where you need functional lighting. With 1600 lumen output of brilliant light, it's no surprise that it's Philips Hue's brightest bulb.

Control up to 10 lights with the Bluetooth app

Philips Hue with Bluetooth is the easiest way to get started with smart lighting. Set the mood instantly with Bluetooth-enabled LED bulbs and the Hue Bluetooth app, which allows you to control up to 10 lights in a room.

Control lights with your voice*

Activate hands-free help in any room with Bluetooth voice-activated smart lights. Simply pair your Hue lights with any compatible Amazon Echo or Google Home device to enjoy the convenience of managing your smart lights with just your voice.

Set the right mood with soft white light

Enjoy the perfect shade of warm white light to complement any decor and to help you in your daily tasks. Completely dimmable, Hue White smart lighting is the perfect stepping stone to setting the right mood in your home (high lumen)

Unlock the full suite of smart lighting features with the Bridge

The Bridge unlocks the features that make smart lighting truly smart — away-from-home control, voice control, automated lighting, and much more. Add a Bridge to your setup to create immersive experiences, tap into technology that's secure and reliable, and more. The Bridge is the key to smart lighting like you've never seen before.
