Reminiscent of the doors once used on refined carriage houses, the *Bob Timberlake™* collection of garage doors from Amarr suggests images of relaxed Sunday buggy rides or the well-crafted

doors that once hid the village fire wagon from mischievous boys. The collection evokes the clean, classic, sturdy construction of superior American craftsmanship. While the days of

the horse drawn carriage are gone forever, it is nonetheless a pleasure to watch a *Bob Timberlake™* garage door slide smoothly, and shut solidly behind your choice of transportation.

CONSTRUCTION

Amarr garage doors are renowned for their durability and their high standards of steel and wood construction. Each *Bob Timberlake™* Garage Door is constructed on a durable steel frame that includes an extra thermal barrier of polystyrene insulation and is then finished with wood. Exterior surfaces utilize either paint or stain grade Western Red Cedar, known for its stability and resistance to cracking, warping and twisting. Doors are shipped with their natural wood finish and allow for customization of paint or stain.

FINISHING / PAINTING

We recommend the *Bob Timberlake™* Studio Paint and Stain Collection by Coronado Paint Company (www.coronadopaint.com) for their superior qualities in protecting wood from ultraviolet light and weather, while allowing the wood to breath.

HARDWARE

Bob Timberlake™ garage doors are designed to provide lasting, trouble-free service. Each door comes complete with high quality, heavy-duty hardware for smooth and efficient operation. Springs and heavy-duty track are carefully constructed for durability, and all hardware is galvanized to protect against rust.

FEATURES

Like all *Bob Timberlake™* products, these garage doors are distinguished by painstaking attention to detail. Optional decorative exterior hardware in a rustic design is available in five distinctive looks that add to the illusion of old-fashioned carriage house doors that swing, slide, or fold open. Windows are seeded glass, which add character through their rich texture.

DECORATIVE HARDWARE

Optional decorative exterior hardware can be ordered separately to add character to any door.

Figure 8 Knockers (Rust Finish)

Fish Camp Handles (Satin Steel Finish)

Studio Knockers (Satin Steel Finish)

Lake House Handles (Rust Finish)

Barn Handles & Hinges (Black Finish)

The aesthetic imperfection of seeded glass provides an old world texture that offers a rustic appearance, while at the same time providing privacy.

SIZES

Bob Timberlake™ garage doors are available in a wide range of sizes. Check with your local Amarr dealer on availability.

WARRANTY

Amarr Company stands behind each *Bob Timberlake™* Garage Door with a one-year limited warranty.
