

Satellite Pro C40-H

Detailed Product Specification

Model Name: Satellite Pro C40-H

Part Number: PYS36U-05S06S

UPC: 889661319160

Summary Windows 10 Home, 11th Generation Intel Core i3-1005G1 processor-4.70 GHz, 14.0" FHD, 4 GB DDR4, 256 GB SSD, Intel Iris Xe Graphics, 802.11ax Wireless, Bluetooth	Ports and Expandability Ports: 2xUSB 4.0 Type-C (Thunderbolt 4), 2 x USB 3.2 Gen 1 (one w/ USB Sleep and Charge), 1 x HDMI, 1 x microSD, Headset, RJ45 Supported via Dynabook USB-C Dock:	Accessories For additional and most updated accessories, please visit: us.dynabook.com/accessory-finder
Operating System Windows 10 Home Spanish		
Processor and Graphics 11th Generation Intel Core i3-1005G1 processor (12M Cache, up to 4.70 GHz)	Expansion Supported via Thunderbolt 3 Dock: 2 x HDMI, 1 x DisplayPort, 1 x mDP, 1 x VGA, 4 x USB 3.2 Gen 1, 1 x Headset jack, 1 x RJ-45 LAN	
Memory Configuration: 4GB DDR4 3200 in Slot 1 Slot 2 = 0GB	Input Devices Synaptics® ClickPad™ multi-touch touch pad LATAM Keyboard	Input Devices
Storage 256 GB PCIe NVMe SSD	Physical Description HALT Tested Design Tested to MIL-STD-810H methodologies Dimensions: (WxDxH) 12.7 x 8.7 x .74in (323.6 x 220.6 x 18.9mm) Weight Starting at 1.45kg (3.20lb)	Carrying Case
Display Size (diagonal): 14.0" HD Native Resolution: 1366 x 768 Aspect Ratio: 16:9		
Sound System Dual-array microphones Stereo Speakers	Power 65W (19V) 100-240V/50-60Hz AC Adapter	
Camera HD 720p Webcam with Privacy Shutter	Battery Life Rating (MobileMark™ Productivity 2018) Up to 8.3 hours (Windows 10 Pro Operating System only)	
Communication Intel® Ethernet Connection I219 Family	Environmental Credentials ENERGY STAR® Qualified EPEAT Rated This product is ROHS compatible	Environmental Specifications Temperature: Operating 5° to 35°C (41° to 95°) Non Operating -20° to 65°C (-4° to 149°F) Thermal Gradient: Operating 15° C per hr. max; Non Operating 20° C per hr. max Relative Humidity: Operating 20% to 80% non-condensing; Non-Operating: 10% to 90% non-condensing Altitude (relative to sea level): Operating: -60 to 3,000m.; Non-Operating: -60 to 10,000m. Shock: Operating: 10G; Non-Operating 60G Vibration: Operating 0.5G; Non-Operating: 1G
Security fTPM	1 Year Standard Limited Warranty Includes International Limited Warranty for obtaining service when traveling outside of the United States.	

Reinforced Security Lock Slot

Satellite Pro C40-H

While Dynabook has made every effort at the time of publication to ensure the accuracy of the information provided herein, product specifications, configurations, prices, system/component/options availability are all subject to change without notice. For the most up-to-date product information about your computer, or to stay current with the various computer software or hardware options, visit Dynabook's Web site at <https://support.dynabook.com>

Availability - Depending on system configuration feature might be unavailable

Battery Life Rating. (Notebook) - Measured by MobileMark® 2014 for models preinstalled with Microsoft® Windows 7 or Windows 10. Benchmark rules for MobileMark® 2014: Wireless connectivity = On, Predefined updated workloads. Details of MobileMark® 2014 testing protocols are available at www.bapco.com. MobileMark is a U.S. registered trademark of the Business Applications Performance Corporation.

Rating is for comparison purposes only, and does not indicate the battery life that will be obtained by any individual user. Actual battery life may vary considerably from specifications depending on product model, configuration, applications, power management settings and features utilized, as well as the natural performance variations produced by the design of individual components. The battery life rating is only achieved on the select models and configurations tested by Dynabook under the specific test settings at the time of publication and is not an estimate of a system's battery life under any conditions other than the specific test settings

Battery Life Rating. (Tablet) - Battery tests were conducted by Dynabook using specific preproduction tablet units and software. Actual battery life may vary depending on settings, application usage, features or tasks selected, network configuration, operating temperature and many other factors. Testing consisted of full battery discharge while performing certain tasks such as video playback, Internet browsing using Wi-Fi and standby mode. Auto-Brightness was turned off.

Memory (Main System) - Part of the main system memory may be used by the graphics system for graphics performance and therefore reduce the amount of main system memory available for other computing activities. The amount of main system memory allocated to support graphics may vary depending on the graphics system, applications utilized, system memory size and other factors.

Spill-Resistant Keyboard - Under Dynabook testing conditions, the spill-resistant keyboard delayed the time for a water spill to reach the computer's main board to allow more time to properly close down the machine. Dynabook's standard limited warranty terms and limitations apply. Visit <https://support.dynabook.com/warranty> for details.

Storage Drive Capacity - One Gigabyte (GB) means $10^9 = 1,000,000,000$ bytes and One Terabyte (TB) means $10^{12} = 1,000,000,000,000$ bytes using powers of 10. The computer operating system, however, reports storage capacity using powers of 2 for the definition of 1 GB = $2^{30} = 1,073,741,824$ bytes and 1TB = $2^{40} = 1,099,511,627,776$ bytes, and therefore shows less storage capacity. Available storage capacity will also be less if the computer includes one or more pre-installed operating systems, such as Microsoft Operating System and/or pre-installed software applications, or media content. Actual formatted capacity may vary.

Thunderbolt™ 3 Dock - Thunderbolt 3 docking feature requires notebook with Thunderbolt 3 capability

USB Sleep & Charge - The "USB Sleep & Charge function" may not work with certain external devices even if they are compliant with the USB specification. In those cases, turn the power of the computer ON to charge the device

USB Transfer Speed - 5Gbps is the maximum theoretical interface transfer rate per the specifications of the Universal Serial Bus 3.0. Actual transfer rate will vary depending on your system configuration and other factors. USB 3.1 Gen 2. 10Gbps is the maximum theoretical interface transfer rate per the specifications of the Universal Serial Bus 3.1. Actual transfer rate will vary depending on your system configuration and other factors.

USB Type-C Docking - USB Type-C docking requires USB Type-C port with the ability to support power delivery and display port

Warranty - The terms and conditions of Dynabook's standard limited warranty are available at <https://support.dynabook.com/warranty>

Weight - Weight may vary depending on product configuration, vendor components, manufacturing variability and options selected

RoHS - This computer is compatible with European Union Directive 2011/65/EU, Restriction of the use of certain Hazardous Substances in electrical and electronic equipment (RoHS), which restricts use of lead, cadmium, mercury, hexavalent chromium, PBB, and PBDE. Dynabook requires its computer component suppliers to meet RoHS requirements and verifies its suppliers' commitment to meeting RoHS requirements by conducting component sampling inspections during the product design approval process.
