

BOSCH

Invented for life

Freestanding Appliances
2022

Who are Bosch?

“I have always acted according to the principle that it is better to lose money than trust. The integrity of my promises, the belief in the value of my products and in my word of honour have always had a higher priority to me than a transitory profit.”

Robert Bosch, 1921

For over 130 years, the Bosch name has been synonymous with engineering excellence. Our home appliances are renowned for their quality, reliability and performance which derives from our inherent, unflagging commitment and the painstaking thoroughness with which every unit is made. As you would expect from Bosch, there are no gimmicks or frills with our products – just pure, clean lines and beautiful, functional simplicity that will enhance any kitchen.

The values that shaped Robert Bosch’s vision for his new company in 1886 are the same principles that guide the business today; never lose the trust of your customers, look after your staff and partners and change things for the better. It’s what has kept Bosch at the forefront of the home appliance industry and what will keep it there in the future.

Customer Service

Trust Bosch Home Appliances Customer Service to help you with the following:

- Offer product advice on using your appliance or help with choosing a new Bosch appliance
- Register your appliances and extend the warranty
- Arrange a repair for your appliance by a Bosch engineer
- Locate and buy replacement spare parts and accessories

We're available seven days a week.

You can call us on:

UK: 0344 892 8979

IE: 01450 2655

Our advisors are available Monday to Friday 8am to 6pm, Saturday 9am to 5pm and Sunday 9am to 4pm. Calls are charged at the basic rate, please check with your telephone service provider for exact charges. In some areas, we may use an approved service partner and the process may vary for repairs carried out by our service partners.

Please note that due to the implications of COVID-19, our contact hours and service availability are subject to change. For the latest information and updates on our services, please visit our COVID-19 Service Update page at <https://www.bosch-home.co.uk/coronavirus>. Republic of Ireland customers should visit: <https://www.bosch-home.ie/coronavirus>.

Prefer to receive help online?

You can also visit: <https://www.bosch-home.co.uk/customer-service/get-support> to quickly find support online. We cover questions about usage and maintenance of your appliance, as well as tips on getting started and installing your new appliances. You can also book a repair visit, manage your existing bookings and more.

Republic of Ireland customers should visit: <https://www.bosch-home.ie/customer-service/get-support>.

Repair Service

If your Bosch appliance needs a repair, we're here to help. Equipped to repair your appliance on the first visit, our team of locally based engineers are employed and trained by Bosch, which gives them unrivalled knowledge and expertise to repair our appliances.

You can easily book, and manage your engineer visit online at: <https://www.bosch-home.co.uk/customer-service/repair-service> or via our call centre (see contact details above). Republic of Ireland customers should visit: <https://www.bosch-home.ie/customer-service/repair-service>.

Warranties, Accessories and Spare Parts

Warranty Options

Understand more about the warranty options.

Your Bosch appliances are supplied with a two-year manufacturer's warranty as standard, but you also have the option to extend this warranty to a total of five years for added peace of mind with the Bosch Extended Warranty. Learn more about your options by speaking to one of our experienced advisors or by visiting our website: <https://www.bosch-home.co.uk/customer-service/care-protection-and-parts/bosch-extended-warranty>.

Republic of Ireland customers should visit: <https://www.bosch-home.co.uk/customer-service/care-protection-and-parts/bosch-extended-warranty>.

Register my appliance

Receive product updates instantly.

We advise that you register your appliances so we can contact you about any product updates. You can visit:

www.registtermyppliance.org.uk for further information. Any appliances you register will then be automatically registered for their two-year manufacturer's warranty, and you'll also have the option to extend your warranty further on eligible appliances by purchasing the Bosch Extended Warranty. Choose to register your appliance online or by calling us.

Cleaning and Care, Cookware and Other Accessories

Tested and approved products.

You can find everything you need for any appliance on the Bosch online store. It's here you'll find our tested and approved cleaning and care products, along with other accessories, ranging from a glass holder for your new dishwasher to a TeppanYaki for your hob.

Shop online at:

UK: <https://www.bosch-home.co.uk/store>

IE: <https://www.bosch-home.ie/store>

Spare Parts

Genuine Bosch parts, not copies.

Bosch keeps a comprehensive range of replacement spare parts for up to 10 years. You can browse our exploded view diagrams in our store or speak to an advisor on the phone to help you locate and buy the spare parts you need.

Shop online at:

UK: <https://www.bosch-home.co.uk/customer-service/spare-parts-search>

The New Energy Label

Technological development over the past few years has resulted in a higher concentration of products that are carrying labels with a value of A+ or better. Consequently, the label with the A+++ to D scale had not been fulfilling its original function as an aid for making purchasing decisions as well as it had done formerly. Other basic conditions like user behaviour have also changed. That's why it was time to adapt the energy label. The first appliances to have the new label are washing machines, washer-dryers, dishwashers, cooling appliances and wine cabinets. The new label has been appearing on these products since 1st March 2021.

The most significant change in the new energy labels is the elimination of the energy efficiency plus classes, for example A+++. Classification is now from A to G. New methods are also being used for measuring energy consumption and determining the label class. The new specifications take into account real-life usage of the product as much as possible and reflect average consumer behaviour. This means for example, that energy consumption for washing machines, washer dryers and dishwashers is no longer specified by year, but per 100 operating cycles of the particular appliance.

The duration of the label programme to be tested is also specified for these products. In the case of washing machines and washer dryers, there is even a maximum programme duration that must not be exceeded.

The test programme for labelling washing machines and washer-dryers has also changed. The new "Eco 40-60" programme can now be found on the control panel. In addition, these devices now have an even higher washing performance requirement, as well as a minimum requirement for the rinsing effect. For dishwashers, the components of the standard place setting has also changed to reflect modern usage. For these and other reasons, it is not possible to directly convert the old (A+++ to D) efficiency classes to the new classes. In addition, you will be able to access further product information directly via a QR code that is displayed on the energy label. The QR code forwards you to a data sheet relating to the appliance. For more information on the new energy label, please visit: <https://www.bosch-home.co.uk/experience-bosch/energy-labels>.

Look out for the new energy efficiency class icons throughout our brochure and on our product pages.

Sample energy label for dishwashers:

The energy efficiency class for dishwashers continues to be based on the "Eco" programme. However, the test standard has been changed. For example, coffee cups, stainless-steel pots, and plastic utensils will be used to determine cleaning and drying performance to better reflect actual usage behaviour. What's new is the specification of the duration of the Eco programme. This programme is especially eco-friendly, is ideal for normally soiled dishes and is the most efficient programme in terms of "energy and water consumption". However, for resource-saving cleaning (with less consumption of electricity, water and detergent), you have to give these components a certain amount of time to develop their full effect. As with washing machines and washer-dryers, energy consumption will be based on 100 cleaning cycles.

Key

- 1 QR code
- 2 Energy efficiency class
- 3 Energy consumption in kWh/100 operating cycles (in Eco programme)
- 4 Number of standard place settings for the Eco programme
- 5 Water consumption in litres/operating cycle (in Eco programme)
- 6 Duration of the "Eco" programme
- 7 Noise emissions expressed in dB(A) re 1 PW and noise emission class

Sample energy label for washing machines:

One of the major changes in the energy label for washing machines is the change in the test programme to which all label values refer. Like, for example, the energy consumption which will be based on 100 wash cycles. The new "Eco 40-60"* programme is suitable for cleaning normally soiled fabrics made of cotton, linen or mixed fibres which, based on their care symbol, are washable at 40°C or 60°C. The fabrics named may be combined in this wash cycle. The "Eco 40-60" programme is the most efficient programme in the combination "energy and water consumption".

Key

- 1 QR code
- 2 Energy efficiency class**
- 3 Weighted energy consumption** in kWh/100 operating cycles (in Eco 40-60 programme)
- 4 Maximum load capacity
- 5 Duration of "Eco 40-60" programme
- 6 Weighted water consumption** in litres/operating cycle (in Eco 40-60 programme)
- 7 Spin efficiency class**
- 8 Noise emissions during spin cycle expressed in dB(A) re 1 PW and noise emission class** Values apply to quarter, half and full loads

* Eco 40-60 In order to achieve optimal energy efficiency, an optimal washing temperature is defined for this programme. This temperature can't be changed by the customer. The actual washing temperature is specified in the user manual and, depending on the load size, may deviate from the selected washing temperature for reasons of saving energy. Washing performance complies with legal requirements.

**Values apply to quarter, half and full loads.

From controlling your Home Connect Serie 8 oven with your voice, to getting notifications when your laundry is ready, our more helpful smart appliances mean less things to think about and more time to spend on something else. Bosch Home Appliances with Home Connect ensure your home is ready for the future, today.

How you can use your Home Connect app.

Oven	Washer & dryer	Fridge freezers	Dishwasher	Fully automatic coffee machine	Hob & hoods	Services
Seasonal recipe specials.	Programme assistant – help find the right wash or dry programme for your fabrics.	Smart storage guide/object recognition.	Easy Start in three steps to choose the perfect wash.	Coffee playlist.	Filter saturation & replacement - Let the hood notify you when the filter needs replacing.	Keep your appliance updated with regular software updates.
Voice Control - Sticky hands? Ask Alexa or Google to adjust the temperature and more.	Additional stain programmes.	Check to see if you need more milk from the supermarket.	Receive tablet, rinse aid and salt level notifications via the app, so you never run out.	Coffee world - Make a coffee from your favourite destination.	Hob-hood control - Ensure the hood starts whenever you use the hob.	User manual.
Send recipe settings directly to your oven.	MyTime - Adjust washing time.	Inventory manager Add fridge contents and use by dates, to better manage your food consumption.	Keep your dishwasher in top condition - Receive automatic tablet and cleaning bundles via smart finish subscription.	MyCoffee - Add your personal coffee to MyCoffee for fast easy coffee your way.	Remote setting & monitoring.	Remote Diagnostics.
Programme notifications. Adjust oven settings on the go.	Smart drying - washer and dryer connected for perfect results every time.	Warning notifications when the freezer door has been left open.	Easily set your hard water settings to prolong the life of your dishwasher.	Notification when your beans and water levels are getting low.		
	Programme notifications.	Easily change to holiday mode, most efficient mode while you're away.				

*Home Connect is available on selected appliances.

Why not try the app?

Experience it yourself: download the free Home Connect app and try Home Connect, even if you don't have an appliance.

Home Connect
in partnership with

Voice control services based on Amazon Alexa will allow you to connect and control your appliances in your home simply by speaking to Alexa. Along with the ability to use Alexa with many other partners from Drop and IFTTT, the possibilities are endless.

Once Home Connect devices are set up you can control your oven, dishwasher, coffee machine, washing machine and tumble dryer. All you'll need to do is simply ask:

Alexa will then continue to guide you through. Search for Home Connect in the Skills area of the Alexa app.

With the Google Assistant, users can get the best out of Google and connected home appliances with Home Connect. Just say, "Hey Google" to get started. You can check to see if you need more milk from the supermarket and even stay notified on the go with compatible wearable devices.

Simply control your kitchen appliances with voice control, from your dishwasher and washing machine to your hood and oven.

You'll be able to turn the appliances on and off, but also query Google Assistant about when the appliance will be done and what programme is running.

Helpful Home Appliances

The future has arrived and it's knocking on your front door. Home Connect brings smart technology to your appliances and lets you control them with your phone or tablet.

So, whether you want to turn the oven on to cook your dinner when you're on your way home, or check what's in your fridge while you're at the shops, you'll be in complete control.

Simple to set up, simple to use.

There's no need to worry if you're not a technical genius. We've made sure Home Connect is simple and straightforward to set up. If you do need a helping hand, you can call our Customer Service team on: **0344 892 8979** to speak to a dedicated Home Connect operator. You'll find the Home Connect app just as easy to use. There are lots of pre-set options to get you started quickly, and everything is set out logically and clearly.

Relax – we're invented for life.

Home Connect uses the same security protocol as online banking, so you can enjoy extra peace of mind when you're using your Bosch appliances. Our app has TUV Trusted App certification, and all of our Home Connect appliances are Wi-Fi certified by the Wi-Fi Alliance.

Setting up your home appliance and adjusting the product to suit your needs is easier with the Home Connect app.

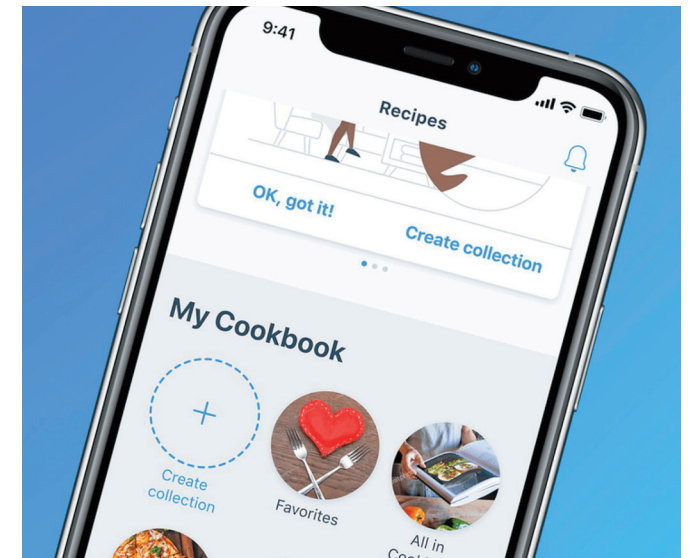

To find out more, scan the QR code.

Peace of mind with Home Connect

My Cookbook

My Cookbook makes it quick and easy to find the perfect recipe for any occasion. Create unlimited personalised collections and name them however you please. Summer Lunches, Quick Bites, Dinner Party – it's all up to your imagination. Take your pick from more than 1000 recipes from our database and add them to your personal cookbook.

Know when you're getting low on detergent

Your i-DOS washing machine uses the water hardness and fill level to determine how much detergent and fabric softener is required to get a perfectly clean result.

And so that you never run out of detergent, the Home Connect app sends you a timely reminder when your detergent is running low.

Smart Finish

Your Home Connect enabled dishwasher will let the Smart Finish service app know when you run a dishwashing cycle. With this intelligence, Finish will know when you're near to running out of dishwasher tablets and they will directly deliver a new pack only when you need them. Just simply set the number of tablets you currently have and select your ongoing reorder level. Afterwards, you can sit down and relax, because everything else will happen automatically.

Remote Delayed Start*

Adjust the settings on your appliance from any room in your house, or even when you're out and about. So, if you're delayed while you're out? That's fine. You can simply adjust the settings from wherever you are and, if the food has already started cooking, you can simply press "pause". The oven will lower the temperature until you start it again, so your meal isn't ruined. Different levels of Remote Delayed Start allow you different levels of flexibility.

*Available on selected models.

Introducing the Bosch laundry range.

Energy and water-saving technologies across our latest laundry appliances give you peace of mind when washing and drying your clothes. To help you choose the right appliance, we have divided them into three categories.

Model shown: WAX32GH4GB

Serie 8

Perfection in every detail, our **Serie 8** range stands out from the crowd with superior quality, results and first-class design. Discover cutting-edge features and extras such as **i-DOS** automatic dosing system and targeted **AntiStain** programmes to take the guesswork out of stain removal. Our **4D Wash** function ensures highly efficient usage of water and detergent guaranteeing spotless results. Monitor and control your wash remotely with our **Home Connect** models, developed to give you complete control over your washing.

Serie 6

Our **Serie 6** models offer advanced features to make life easier. **i-DOS** doses each load with millilitre precision, which not only delivers outstanding results but a host of savings. **SpeedPerfect** allows you to wash up to 65% faster** without compromising results.

Serie 4

Easy to operate with family in mind, our **Serie 4** range truly understands your requirements. Practical and straightforward to use, these appliances combine easy operation with stylish design. These models benefit from the **Reload** function, which allows you to open the door throughout most of the cycle so you can add or remove items at any time.

Laundry functions explained.

(Check model for available functions)

VarioDrum

Select the programme for your wash and the droplet-shaped drum structure and asymmetrical paddles will adjust the drum movements to powerful or gentle.

EcoSilence Drive

Bosch EcoSilence Drive washing machines come with a 10-year guarantee.

Aqua Stop

This security gives you peace of mind that the water will stop in the unlikely event of a leak.

i-DOS

i-DOS automatically senses exactly the right amount of detergent and water to use, as well as the correct temperature, whatever your load, adapting to the fabrics, level of soiling and weight of the load.

AllergyPlus

Hygienic washing results that kill 99,99% of common germs*.

Reload

Simply pause the cycle and the machine will automatically adjust the water. This allows you to add or remove items of any size to your wash.

Time Delay

Have your laundry ready when you need it. Just delay the start of your programme with one simple button.

AntiVibration Design

A spiral design on the side of the washing machine that increases stability and reduces vibration. This makes for a quieter machine with improved sound dampening.

Capacity

Our freestanding washing machines have a drum capacity of up to 10kg, perfect for those busy households.

Home Connect

Home appliances with smart connectivity. The Easy Start Guide function removes the guesswork by recommending the right programme to you – directly from your mobile device. Also if you wish, Push Notifications can be sent from your washing machine directly to your mobile device.

SpeedPerfect

Wash up to 65%** faster without compromising results. SpeedPerfect can be used in combination with most other programmes, all loads and textiles.

4D Wash

A combination of the direct water spray and an extra spin wash enables the most efficient and effective use of water and detergent, even when the drum is fully loaded. Achieve spotless laundry results every time.

Intensive Plus

For heavily soiled laundry, sometimes additional treatment is needed. Intensive Plus gives a boost to your cleaning performance by adding an extra wash for approximately 30 minutes. Providing you with brilliant results even on the most challenging clothes.

*Bosch washing machines with the 'AllergyPlus' wash programme at 40° and 60° fulfill scientifically recommended conditions for 99,99% of germ reduction for Enterococcus Hirae and Pseudomonas Aeruginosa, according to Honisch et al. 2014, "Impact of wash cycle time, temperature and detergent formulation on the hygiene effectiveness of domestic laundering." Conducted by University Rhine-Waal.

**Difference between the duration of Easy Care Programme 40°C and the duration of Easy Care Programme 40°C in combination with SpeedPerfect option.

Lookout for the new energy efficiency class icons throughout our brochure and on our product pages.

Washing machines

Never miss an item again. Reload by Bosch.

For dropped socks, mistaken items with your whites or forgotten clothes, **Reload** function on Bosch washing machines allows you to add or remove clothing of any size to your washes. Simply pause the cycle and the machine will automatically adjust the water level to allow you to open the door. Reload your items and restart the wash.

Models shown: WGG244A9GB

Explore more at bosch-home.co.uk / bosch-home.ie

Bosch integrated technology for a peaceful washing experience.

Enjoy the quiet life.

The modern world is noisy enough, so it's good to know that Bosch technology can help make the home environment a little oasis of calm with our **EcoSilence Drive™**.

The right wash for the right stain.

The **AntiStain Plus System** easily removes up to 16 of the most stubborn stains, helping you to easily get perfect washing results. The washing machine automatically adjusts the temperature, drum movement and soaking time to meet the demands of the relevant stains before your chosen programme starts.

Less rock and roll.

We've also created **AntiVibration** technology to cut down noise. The sidewalls of the washing machine feature a spiral design that increases stability and reduces vibrations. Improved sound insulation and low noise shock absorbers further dampen the noise.

SpeedPerfect.

With **SpeedPerfect** you can reduce your washing time by up to 65%* without compromising results. **SpeedPerfect** can be used in combination with most of the programmes, all loads and textiles. For example, by selecting the mix programme in combination with **SpeedPerfect** you can thoroughly wash up to 4kg of mixed load in just 41 minutes.

*Difference between the duration of Easy Care Programme 40°C and the duration of Easy Care Programme 40°C in combination with **SpeedPerfect** option.

Models shown: Washing Machine WGG244A9GB
Tumble Dryer WQG233D8GB

Everything's just right with i-DOS.

i-DOS

Too much detergent or too little can lead to poor washing results. i-DOS automatically senses exactly the right amount of detergent and water to use, as well as the correct temperature.

The perfect dose every time.

It's easier than you might think to get the detergent dose wrong when doing the laundry. Thanks to **i-DOS**, it's no longer a worry. The **automatic dosing system** from Bosch uses the optimum amount of detergent for every wash whatever the size of your load.

Too much? Too little? Just right with i-DOS.

Once activated, the i-DOS system measures the detergent automatically, to the nearest millilitre. Sensors inside the washing machine detect the type of fabric, the load volume in the drum and the degree of soiling, and adjust the detergent to the optimum dose accordingly. In this way, you'll achieve the best results for your clothes, whilst **saving detergent and water**.

Too much.

Using too much detergent – even by a little – leads to **significantly higher** water and energy consumption when washing. Visible detergent residues can be left on clothing, which can trigger skin irritation and allergies.

Too little.

Using too little detergent can lead to **poorer washing results**. Stains won't be completely removed and could be left on clothes permanently. Insufficient detergent can also result in discolouration and unpleasant odours.

The right setting for the load. Makes perfect sense.

Whether it's a quick sports wash or a full weekly load, sensors within the automatic dosing system determine the amount and type of clothes within each load and set the correct temperature and amount of detergent required for perfect results.

Model shown for illustrative purposes only.

Washer dryers

Convenience for small spaces.

Our washer dryers not only wash flawlessly, they also dry perfectly – all in one appliance. An ideal solution for people with high standards but not much space.

Wash & dry in one.

Now you can wash and dry a load thoroughly in just one hour. This programme is suitable for lightly soiled clothes and for washing and drying heat resistant textiles, such as cottons or linen.

Washer dryer functions explained.

(Check model for available functions)

Iron Assist

Iron Assist makes ironing easier. It sprays a natural mist that permeates preheated textiles and visibly smooths your laundry. This extra steam treatment reduces or even eliminates the need to iron dried garments.

AutoDry

With AutoDry sensor technology you can ensure gentle and precise drying results. AutoDry automatically knows when your load is perfectly dry by constantly measuring the humidity, protecting your clothes against overheating.

WrinkleGuard

Thanks to WrinkleGuard you'll reduce the size of your ironing pile! The drum will continue to move dry laundry for a period of time after the cycle has finished, so clothes are cooled gradually and don't wrinkle when they are still warm.

EcoSilence Drive™

Bosch EcoSilence Drive™ washing machines come with a 10-year guarantee.

SpeedPerfect

Wash up to 65%* faster without compromising results. SpeedPerfect can be used in combination with most other programmes, all loads and textiles.

Capacity

Our freestanding washer dryers have a drum capacity of up to 10kg, perfect for those busy households. Wash and dry up to 6 kg of items in one go or wash up to 10 kg.

*Difference between the duration of Easy Care Programme 40°C and the duration of Easy Care Programme 40°C in combination with SpeedPerfect option.

Model shown: WDU8H541GB

Washing machines

To stay at their best, different clothes need to be washed in different ways. With the Bosch Home Connect app, simply tell your washing machine what's in the load and it will work out the perfect programme. It will even tell you if there's an item that should come out and be washed a different way.

Tumble dryers

Tumble dryer functions explained.

(Check model for available functions)

SmartDry
With Bosch SmartDry enabled by Home Connect, detailed information from the last wash cycle is sent from the connected washing machine to the dryer. The dryer will then select the most suitable programme/settings and precisely adjust the expected duration.

AutoDry
With AutoDry sensor technology you can ensure gentle and precise drying results. AutoDry automatically knows when your load is perfectly dry by constantly measuring the humidity, protecting your clothes against overheating.

Time Delay
Have your laundry ready when you need it. Just delay the start of your programme with one simple button.

AntiVibration Design
A spiral design on the side of the washing machine that increases stability and reduces vibration. This makes for a quieter machine with improved sound dampening.

Iron Assist
Bosch heat pump dryers with Iron Assist reduce or even eliminate the need to iron. A fine mist is created inside the drum which permeates the gently warmed contents and visibly smooths laundry.

SelfCleaning Condenser
The SelfCleaning Condenser cleverly uses condensation water to automatically clean itself up to four times per drying cycle. This ensures maximum efficiency for the entire working life of the machine – so you'll never have to worry about the condenser again.

AutoClean
With AutoClean technology, the lint and fluff will automatically be flushed and safely stored after every cycle, giving you peace of mind and efficient running. The machine will remind you to empty it after 20 cycles. No need to empty the door filter after every cycle, as with a regular machine.

EasyClean
The EasyClean condenser filter is simple to access and only needs cleaning after every 20 cycles*.

*Door filter still requires cleaning after every cycle.

Heat pump dryers – dry economically.

Unlike conventional dryers, our **Heat Pump Dryers** don't use energy intensive heating elements to heat the air. Instead, we use a heat pump. This innovative component conserves and reuses the hot air which provides most of the energy needed for the drying process.

Short on space? Have you considered a stacking kit?

Please refer to compatibility list on page 91

Making **life easy** through innovative technologies

Introducing the Bosch dishwasher range.

Our freestanding dishwashers offer a range of advanced technologies and additional options across the range to suit your individual requirements.

To help you choose the right Bosch dishwasher, we have divided them into the four ranges below.

Serie 8

Our **Serie 8** range combines cutting-edge design and advanced technology, including Home Connect. The **PerfectDry** function absorbs moisture before releasing it as hot air for energy-efficient drying. Exceptionally quiet, offering additional storage and flexible loading solutions with **Max Flex Pro** baskets, our **Serie 8** dishwasher is a perfect solution for busy households.

Serie 6

Our **Serie 6** range comes packed with technology, from energy and water saving modes to quick washes for when time is at a premium. They also feature our clever **PerfectDry** technology and handy features such as **Max Flex** baskets, **Extra Space** 3rd Basket, **Extra Clean Zone** and **EfficientDry**.

Serie 4

Our **Serie 4** models offer great value for money but do not compromise on Bosch build quality. They combine excellent washing results and multiple programmes for different loads. In addition **Serie 4** models offer **Max Flex** baskets with foldable racks in the lower basket.

Serie 2

Our **Serie 2** dishwashers offer you the classic design with easy operation. They are the optimal solution for anyone who wants a reliable appliance with good value for money.

Model shown: SMS6ZDW48G

PerfectDry

The dish dryer among dishwashers.

A clever function that dries everything to perfection. And we do mean everything – plates, pans, glasses and all plastic items. Everything will be completely clean and perfectly dry, so you'll never have to pick up a tea towel to finish the job again.

The technology behind **PerfectDry** unique to Bosch, is called **Zeolith®**. It is a process applied to every cycle that uses naturally occurring minerals, that heat up when they come into contact with water. Clever **Zeolith®** beads transform humidity into warm air that speeds up the drying process. The warm air is then distributed evenly over the load.

So when you need a wash with brilliant drying results, it's time to choose Bosch.

ExtraDry

Want your dishes extra dry? No problem. This function gives you even more drying power when you need it. Just choose the ExtraDry option and more heat will be created to extend your load's drying cycle.

EfficientDry

Automatically opens your dishwasher door, offering better drying results compared to a closed door (after 30 minutes). Select this feature via the Home Connect app, available on all programmes except pre-rinse and machine care.

Lookout for the new energy efficiency class icons throughout our brochure and on our product pages.

A dishwasher for every kitchen.

Serie 8 and Serie 6 freestanding dishwashers have Home Connect for the ultimate level of control via voice, wearable and device, making it easier to adjust settings to suit your needs, from water hardness to time delay.

Bosch dishwasher programmes.			
PROGRAMME NAME	ITEMS SUITABLE FOR PROGRAMME	TYPE OF SOILING	ADDITIONAL OPERATIONAL OPTIONS
Economy 50°C	Mixed utensils & cutlery	Part dried, common household food remnants	All
Intensive 70°C	Pots, pans, non-sensitive utensils & cutlery	Very stubborn burned or dried-on food remains containing starch or protein	All
Auto 45-65°C	Mixed utensils & cutlery	Part dried, common household food remnants	All
Glass 40°C	Sensitive utensils, cutlery, temperature-sensitive plastic & glass	Lightly adhering, fresh food remains	IntensiveZone, SpeedPerfect+, Half load, ExtraDry
Silence 50°C	Mixed utensils & cutlery	Part dried, common household food remnants	IntensiveZone, Half load, Hygiene+, ExtraDry
Pre-rinse*	All types of dishes	Cold rinsing, intermediate cleaning	None
Express 45°C*	Sensitive utensils, cutlery, temperature-sensitive plastic & glass	Lightly adhering, fresh food remains	ExtraDry
Express 65°C	Mixed utensils & cutlery	Part dried, common household food remnants	ExtraDry
Express 60°C	Mixed utensils & cutlery	Part dried, common household food remnants	All
Machine Care	Run when empty	Thoroughly cleans your machine - use in combination with a standard machine care detergent	None
Favourite	Available in Serie 8, 6 and 4	Allows you to assign programme and option combinations to the Favourite programme via the control panel or on selected models through the Home Connect App	Pre-set favourite programme is pre-rinse

*Programme does not include drying in the cycle.

Where every pot has its place.

Choose the right basket flexibility options for your dishwashing needs.

Max Flex Pro.

Stainless steel fascias. Colour touch points as standard.
Top rack flexible areas: 6
Bottom basket flexible areas: 8

Max Flex.

Brand coloured plastic fascias. Options with and without colour touch points.
Top rack flexible areas: 2
Bottom basket flexible areas: 6

Flex.

Grey plastic fascias.
Top rack flexible areas: 2
Bottom basket flexible areas: 2

Extra Space 3rd basket.

New top basket providing more loading space for small kitchen items. With sliding elements and a removable knife inlay, the Extra Space 3rd basket offers more space than ever.

ExtraClean Zone.

Extra thorough cleaning for heavily soiled items in the upper basket. This intensive zone doesn't need higher temperatures, it uses 3 jets to clean those stubborn items. So no more pre-soaking before going into the dishwasher!

Glassware support with smooth gliding baskets.

New anti-slip elements and stemware support within the upper basket will give extra protection to all glassware. Baskets will glide effortlessly along the internal brackets, thanks to our new pull out systems.

Dishwashers functions explained

(Check model for available functions)

ExtraDry
Want your dishes extra dry? No problem. This function gives you even more drying power when you need it. Just choose the ExtraDry option and more heat will be created to extend your load's drying cycle.

PerfectDry
PerfectDry uses Zeolith® technology that's applied to every cycle which uses minerals that heat up when they come in contact with water. This clever function dries everything to perfection – from plates and pans to all plastic items.

EfficientDry
EfficientDry automatically opens your dishwasher door, offering better drying results compared to a closed door (after 30 minutes). Select this feature via the Home Connect app, available on all programmes except pre-rinse and machine care.

SpeedPerfect+
Our SpeedPerfect+ option reduces programme times without compromising on quality. So you still get hygienically clean and dry dishes but the duration of the cycle* could be reduced by up to half the time – ideal for busy households and entertaining.
*Except: Prewash, Express 45° and Express 65° programme.

Place Settings
A selection of our dishwashers will hold up to 14 place settings in one load – perfect for larger households.

Self-cleaning filters
Self-cleaning filter system, with spray arms designed to direct water at the filters on every rotation.
Please note, self-cleaning filters are designed to keep filters clear during the washing cycle. Regular filter cleaning and maintenance is still recommended.

DosageAssist
Get the most out of your detergent with DosageAssist; a small area at the front of the top basket that catches the tablet when it's released during the cycle. It controls how the tablet is dissolved for optimum performance.

DuoPower
Our 45cm models feature a twin spray arm in the top basket to ensure perfect water coverage every time.

ActiveWater
Save water with every load and only use the right amount of water needed for each load.

Home Connect features

Home Connect

To stay at their best, different dishes and glassware need to be washed in different ways. With the Bosch Home Connect app, simply tell your dishwasher what's in the load and it'll work out the perfect programme.

Silence On Demand
Up to 30 min noise reduction at any time via the Home Connect App.

Speed On Demand
Have your load ready even quicker at any time via the Home Connect App.

Intelligent Programme
Our new intelligent programme adapts itself for your maximum satisfaction. After 3 cycles, you will be prompted to leave your feedback on the cleanliness, drying or length of the programme, or you can do so manually after every cycle.

Programme Assistant
Programme Assistant helps you to customise your dishwasher cycle to achieve optimal results according to your specific needs.

Machine care.

Your dishwasher will help look after itself with this smart function. Optimising the water and energy consumption, it works on a short run time of 80-90 minutes at high temperatures. It eliminates lime and grease deposits inside the dishwasher and works with a standard machine-care detergent. On selected Serie 8 and Serie 6 models, it will even remind you to run the programme every 30 cycles.

Whisper quiet washing.

Bosch dishwashers are amongst the quietest in the world. With the revolutionary **EcoSilence Drive™** there are dishwashers in the range which operate as low as 40 decibels, when the Silence programme is selected.

10 year anti-rust warranty.

Our appliances are made from top quality materials and in addition to our standard appliance warranty, we provide a free of charge warranty against rusting-through of the dishwasher's inner cavity.

60cm dishwashers

Serie 8

SMS8YCI03E

amazon alexa

Use your voice to start your dishwasher or even find out how long before your dishes are ready.

Tablet top-up

Smart reordering of dishwasher tablets can be used via the **Amazon Alexa app**. To use smart reorder via the Alexa app, start by enabling the **Home Connect** dishwasher skill.

Automatic replenishment and being reminded via mail is already supported, voice support will follow soon.

Home Connect

Home Connect is a service offered by Home Connect GmbH.

³Water consumption in litres/operating cycle (using Eco programme)
⁴Duration of Eco programme
⁵We would recommend our dishwashers are connected to the mains water supply where possible. However, they may also be connected to an external water softener as long as the water softener produces softened water of less than 1.1 mmo/litre (7.0°e) and the water softener in the appliance is turned off. Please contact product advice for further information.
⁶Water pressure required: 0.5-10 Bar. Flow rate: 10 litres per minute. Inlet valve connected directly to ¾" screwed joint.
Data valid in this table as of April 2022. Subject to modification without prior notice.

⁴Duration of Eco programme
⁵We would recommend our dishwashers are connected to the mains water supply where possible. However, they may also be connected to an external water softener as long as the water softener produces softened water of less than 1.1 mmol/litre (7.0°e) and the water softener in the appliance is turned off. Please contact product advice for further information. Water pressure required: 0.5-10 Bar. Flow rate: 10 litres per minute. Inlet valve connected directly to ½" screwed joint.
Data valid in this table as of April 2022. Subject to modification without prior notice.

Introducing the Bosch refrigeration range.

Save more, waste less. Our range of freestanding fridge freezers are packed with innovative technology to keep your food fresh for longer, so you'll throw out less and save on your weekly shopping bill.

To help you choose the right appliance, we have divided them into the four ranges below.

Serie 8

Cutting-edge design meets advanced technologies. All models in our **Serie 8** range are packed with features that save valuable time, effort and money – perfect for modern, busy households.

Serie 6

Our **Serie 6** range of appliances combines efficient performance with convenient storage and superior food preservation.

Serie 4

All models in our **Serie 4** range combine practical features with Bosch build quality.

Serie 2

Built for optimal food storage, the **Serie 2** refrigeration range is just as practical as it is value for money.

Model shown: KGN39HIEP

Explore more at bosch-home.co.uk / bosch-home.ie

Selecting the right fridge freezer for you.

Height, width and fridge freezer split.

Our fridge freezer options are tailored to suit every family household's needs, so you can choose your appliance to ensure this. For those who shop little and often, try a smaller capacity fridge and freezer which doesn't impact on space. If you have a busy household and do a full weekly shop, a spacious 70/30 fridge freezer would be ideal.

Refrigeration functions explained.

(Check model for available functions)

Home Connect

The Home Connect Storage Guide helps you organise your fridge and optimise your food items by showing you their ideal storage temperature and section in the fridge. Simply search through the Storage Guide on your mobile device via the Home Connect app. Store your food the right way.

NoFrost

Never defrost again, thanks to perfect protection from ice formation - that saves time and effort.

LowFrost

Defrost less often thanks to lower ice formation – saves work and energy.

BigBox

An extra-deep frozen food drawer for the practical stacking of frozen foods, containers or large frozen items like gateaux or pizzas.

MultiBox

Transparent drawer with wave bottom, ideal for the storage of fruits and vegetables.

Safety Glass

Strong glass shelves ensure heavier items can be stored safely.

SuperCool

Activating the SuperCooling function before you go shopping lowers the temperature for a short period, so your fresh shopping is kept at the right temperature.

SuperFreeze

The SuperFreeze function temporarily lowers the temperature in the freezer for when you have new shopping to load in, protecting both new and existing food.

MultiAirflow

The fan-assisted MultiAirflow System causes gentle, even currents of cold air to emerge at all levels of the chilling and freezing area. Temperature fluctuations are minimised and cooling times reduced.

EasyAccess Shelf

The shatterproof, frameless glass shelves are particularly easy to use, thanks to the smooth pull-out mechanism. And they also give you a clear view of your food at any time.

Finger Print Free

Your appliance will stay finger print free and looking clean and fresh.

Making **life easy** through innovative technologies

American style / multi door fridge freezers

Sleek, stunning design, a best-in-class freshness system, and innovative features are designed to keep your food fresh for longer.

Premium refrigerator boasting **VitaFresh Pro** and bright LED lighting that brilliantly illuminates food within the fridge.

Model shown: KFF96PIEP

XXL Fridge freezers. Keep more, waste less.

The Bosch XXL Fridge Freezers are extra-large, providing much more space for your food. Across the range of 70cm-wide and 86cm-wide, models include a **BigBox** freezer drawer, for the practical stacking of frozen food containers or large frozen items.

The XXL fridge freezers have impressive refrigeration features such as full flexibility of all safety glass shelves which are particularly easy to use, thanks to the smooth pull-out mechanism. The **VitaFresh** function ensures food is kept fresh for longer – thanks to extra low temperatures for fish and meat, and adjustable humidity for fruit and vegetables.

Model shown for illustrative purposes.

Making **life easy** through innovative technologies

Lock in the freshness.

VitaFresh

With **VitaFresh**, you'll be able to store your fruit and vegetables at exactly 0°C to lock in the freshness. Also, with an adjustable humidity setting on the drawer, you'll be keeping your fresh food in a perfectly controlled environment.

This combination of temperature and humidity helps you to protect all the aromas, essential nutrients and valuable vitamins in your fresh food. Hence, it's easier than ever to maintain a healthy diet with fresh fruit and vegetables every day.

You'll also find two drawers, one for fish and one for meat, with a temperature regulating slider which lets you lower the temperature up to 4°C lower than the rest of the fridge. **VitaFresh plus** models have the added benefit of a convenient push button for humidity control.

Controlling your appliance.

Across the range of cooling appliances, there are different ways you can control the temperature inside your fridge and freezer. Below are the different variations:

Exterior LCD, digital control (touch control)

Exterior touch control (digital control)

Interior LED button control

Interior LED button (freezer only)

Whichever model you choose, you'll find lots of reasons to love your Bosch fridge freezer.

EasyAccess Shelf.

The shatterproof, frameless glass shelves are particularly easy to use, thanks to the smooth pull-out mechanism. And they also give you a clear view of your food at any time.

Easy to Clean Magnetic Door Seals

The magnetic door seals on all of our refrigeration ranges are **removable**, making them easy to clean and/or replace when necessary.

Making **life easy** through innovative technologies

Selecting the right fridge or freezer for you

Joining strips

If you choose to have a freestanding single door fridge and single door freezer installed into your kitchen, you may want to consider using joining strips to go between the two appliances. This allows a more seamless finish to your kitchen, as the gap between the appliances will be covered.

We have two available options, including stainless steel or white. Simply select the joining strip to suit your appliance colour.

White joining strip 203cm
KSZ39AW00

Stainless joining strip 203cm
KSZ39AL00

Side by side

Single door fridges and freezers are designed to sit side-by-side to give you the double door effect. With hinges that can be fitted to either side of the appliances, you can choose which side you would like your fridge and freezer. Of course, if you want your appliances separate, this is possible as well. Choose from a variety of heights to suit your kitchen.

American Style / Multi-Door Fridge Freezers

The best of both worlds

Get the look and feel of a classic American Style but with a full width XXL American Style / Multi Door Fridge Freezers capacity for effortless organisation.

✓ **XXL capacity:**

A spacious fridge-freezer, that doesn't take up too much space in your kitchen, it gives you the flexibility to organise your food how you like it.

✓ **Efficient cooling:**

VitaFresh XXL means your fruit & veg, and meat & fish stay fresh for longer.

✓ **NoFrost:** Never worry about defrosting your fridge-freezer again.

✓ **Super storage:**

Two NoFrost Big Boxes in each freezer cavity are perfect for stacking frozen food containers or catering for a family gathering.

Making **life easy** through innovative technologies

Making **life easy** through innovative technologies

Your own personal wine cellar.

The range of stylish Bosch wine coolers blend seamlessly into your kitchen, while constantly keeping your red and white wine perfectly stored and at an ideal temperature.

High quality European oak shelves store your bottles neck to neck, allowing you to stock, display and access them with ease. Featuring carefully embedded smooth running compressors, the telescopic rails ensure your wines are kept safe due to low-vibration and quiet conditions.

Each wine cooler features two temperature zones, ranging from 5°C to 20°C and an interior LED light bar with on/off function for presentation.

Introducing the Bosch vacuum cleaner range.

The vacuum **battery power** you can trust.

Whether you need your vacuum to be flexible enough to tackle those hard to reach places, quick charging to use when time is tight, or powerful enough to take on your whole house from floor to ceiling, the Bosch range of vacuums has a model to suit you.

Using industry-leading battery technology developed from over 50 years of cordless power innovation, the Flexxo, Athlet and Unlimited vacuums offer the performance, durability and efficiency that you have come to expect from Bosch.

The **pioneers** of **power**.

Today, Bosch's batteries are unrivalled, offering compact and lightweight long-life batteries that consistently deliver on power, performance and efficiency – making Bosch the number one choice for cordless technology in the home and garden.

Powered by Bosch.

The **Flexxo**

The flexible one. Perfect for those hard to reach spaces.

The Flexxo is lightweight and flexible enough to manoeuvre into the trickiest of spaces, while the integrated accessories mean that you have everything you need at your fingertips.

The **Athlet**

The powerful one. Less effort, with more cleaning power.

With a runtime of up to 75 minutes, the Athlet's powerful, cordless technology will take any floor in its stride, no matter what crumbs, dust or pet hair stand in its way.

The **Unlimited**

The never ending one. Works on so many levels.

The Unlimited handheld vacuum offers powerful 360 degree cordless cleaning and the battery is also exchangeable*, which means it's always ready to go, whenever you need it. *Additional battery with selected models.

We have the **perfect** vacuum cleaner for all **lifestyles**.

For the Athlet, Flexxo and Unlimited vacuum cleaner range there is a ProAnimal, ProPower or ProHome model. Bosch makes it easy to choose the perfect vacuum for your lifestyle and cleaning requirements.

ProAnimal

ProPower

ProHome

Unlimited Serie 8

Power4All System.

Bosch battery technology ensures powerful performance across all our products. The exchangeable **Power4All System** only requires a single battery pack, which means complete flexibility when charging. The battery is part of our Power4All system so it's compatible with more than 20 power tools and lawn and garden products from Bosch.

Make sense of mixing with Optimum.

Intuitive sensor technology and incredible versatility means the Optimum easily takes care of all your mixing, weighing, chopping and blending.

Offering everything-in-one, this stand mixer makes cooking and baking a whole lot easier for you. Including a huge variety of professional accessories for all your cooking and baking ideas, this is the only stand mixer you will ever need to bring your recipes to life.

Integrated scales.

The Optimum makes life even easier thanks to the built-in scales that accurately weigh all your ingredients as you add them to the bowl, saving you cleaning additional bowls.

Perfectly mixed ingredients.

Your ingredients will be perfectly mixed thanks to the 3D Planetary mixing system. Simply add your ingredients to the bowl and let the mixer do the work for you. The mixing tool is rotated in three different directions, this ensures all the ingredients are perfectly mixed and nothing remains stuck to the sides of the bowl, eliminating the need to use a spatula as well. The large stainless steel mixing bowl with 5.5L capacity and two handles further guarantees ease of use.

Thanks to smart tool detection, no matter what tool is used, the Optimum takes care of the maximum speed for each tool.

The CreationLine Stand Mixer will look stunning in any kitchen, thanks to its elegant design.

Integrated timer & scales

The handy integrated timer and scale, including LED display and tare function, are meticulously precise, meaning perfect results every time!

Multifunctional.

Whether you want to whisk, mix, knead or chop, the CreationLine saves you from needing to own multiple devices, freeing up that well needed space in your kitchen. Your dishes will also be ready even quicker thanks to the 7 speed settings.

Included in the box are flexi stirring whisk with silicon edge, beating whisk, kneading hook as well as the shredder with 4 stainless steel shredding and grating discs.

Additional accessories available for purchase.

Explore more at [bosch-home.co.uk](https://www.bosch-home.co.uk) / [bosch-home.ie](https://www.bosch-home.ie)

3D Planetary Mixing.

3D Planetary Mixing means the tools move in three directions, while the socket turns in the opposite direction, ensuring the mixture is picked up properly from around the sides, bottom and centre of the bowl.

Our VitaPower Serie 4 Blender will allow you to achieve great smoothie texture even with frozen ingredients with its stainless steel blades made in Solingen, Germany, its powerful 1.200W motor - highest power in its price class and its unique 3D dynamic Flow Boosters in the jar.

The handling is easy, safe and effortless with a patented EasyKlick blade holder and dishwasher safe parts.

Two-in-one: direct
blending into the big
1.5l jar or in the
ToGo bottle –
without adapter.

Vacuum technology for perfect taste and perfect storage.

The VitaPower Serie 8 Vacuum Blender & Storage. Blending under vacuum gives you perfect taste with a smooth texture.

Smoothies are blended under vacuum with minimal oxidation which leads to a longer preservation of oxygen sensitive vitamins, keeping your fruit and vegetables fresh for up to two times longer*.

Accessories.

The VitaPower Serie 8 Vacuum Blender comes with 2 vacuum storage boxes which allow you to store almost any food under vacuum, keeping it fresh for longer.

The ToGo bottle enables you to store any leftover smoothie under vacuum meaning you'll have less layers, less bubbles, more natural colours and preservation of oxygen-sensitive vitamins. You even get a FREE smoothie recipe book for inspiration.

*Stored in vacuum container and bags in refrigerator, compared to ordinary non-vacuum storage methods, study conducted by an independent laboratory 09/2018, 6/2019 and 12/2019.

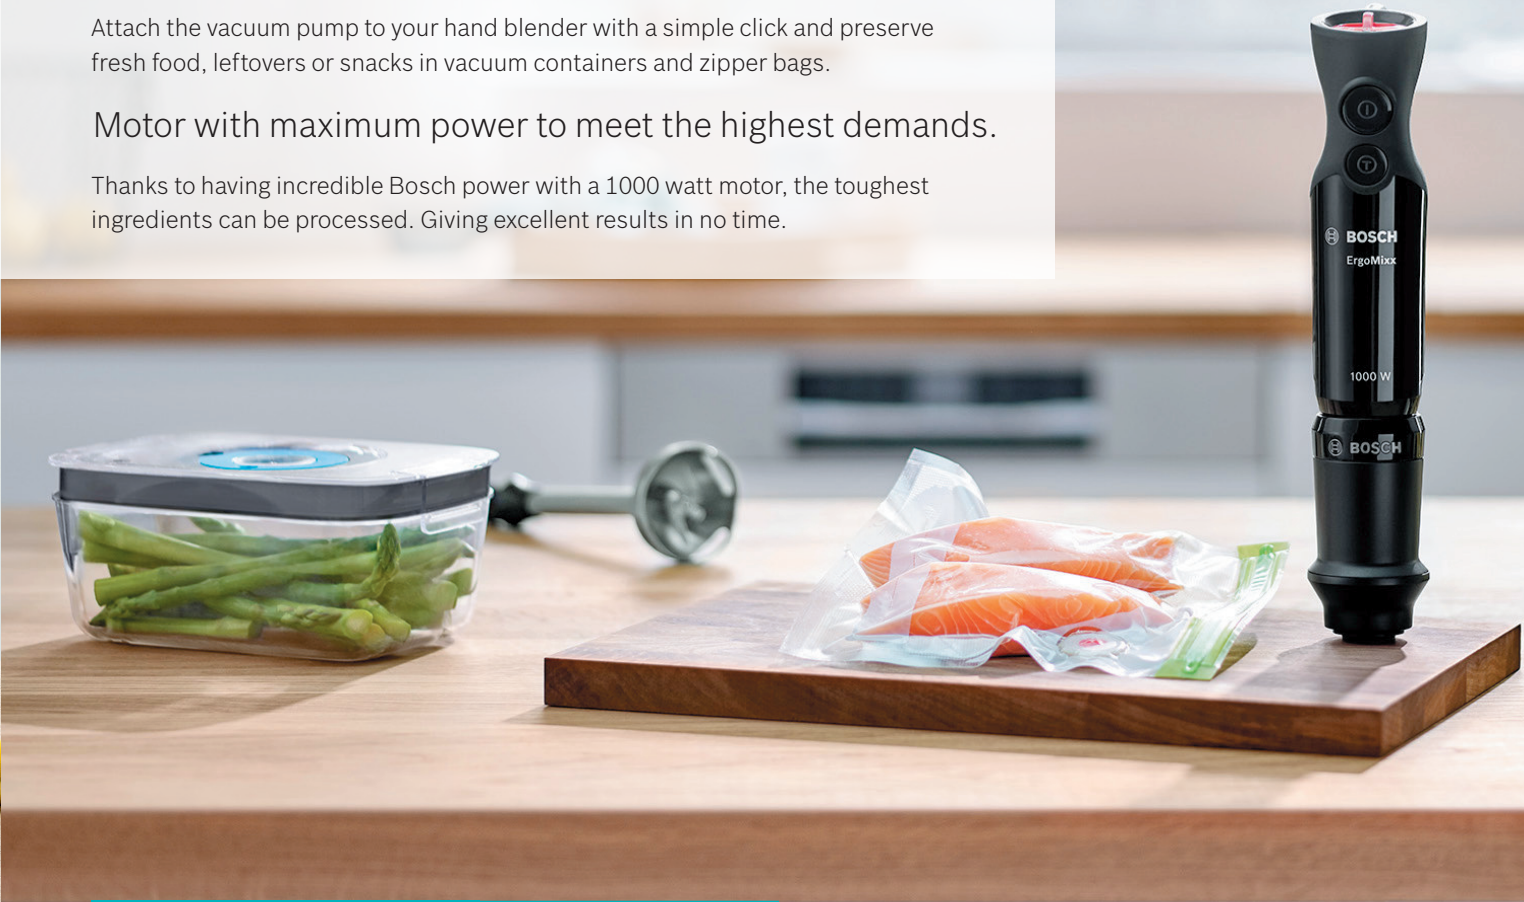

Keep food fresh for longer with the new ErgoMixx Fresh Vacuum System.

Enjoy the taste of fresh food every day.

Attach the vacuum pump to your hand blender with a simple click and preserve fresh food, leftovers or snacks in vacuum containers and zipper bags.

Motor with maximum power to meet the highest demands.

Thanks to having incredible Bosch power with a 1000 watt motor, the toughest ingredients can be processed. Giving excellent results in no time.

Homemade food simply tastes best.

The durable and extra sharp **QuattroBlade** delivers outstanding cutting action for fine blending results. Whether it's herbs, nuts, meat or onions they are chopped in no time. In addition, the **AntiSplash** function prevents splashes and helps keep your kitchen spotless.

Variable speed settings.

You can always be in control of the precise settings for every task, simply select the best speed from the variable 12 speed settings depending on the results you desire.

Accessories.

The dishwasher-safe chopper and whisk attachments are ready to use right away. The stackable vacuum container (1.2L) and 6 zipper bags (3 1.2L and 3.8L each) are BPA-free so they can also be cleaned in the dishwasher and used again.

Hand Blenders

Bosch handheld kitchen blenders provide practical and powerful blending at the press of a button. Innovative technology and a range of accessories can transform your Bosch stick blender into a versatile and enviable kitchen gadget for blending, chopping, whisking and beating.

Bosch Tassimo My Way 2 is a hot drinks machine that combines innovative technology and contemporary design to make customised coffees at the touch of a button. Personalisation settings offer the flexibility to change the temperature, size and strength of drinks to suit everybody's taste, with memory function to save up to 4 user profiles.

INTELLIBREW barcode reader.

Thanks to patented barcode technology INTELLIBREW™, the drink specialities from Tassimo are always perfectly prepared with the correct amount of water, at the right temperature and for the right brewing time.

All of your
favourite drinks
and **favourite**
brands.

Brita Maxtra Water Filter.

A Brita Maxtra water filter system is installed in the water tank of your Tassimo. This filter system from Brita reduces limescale and chlorine to a minimum, thereby ensuring improved aroma and better taste in each cup. The filter system also guarantees a longer appliance life. A digital memo lets you know when the filter needs to be replaced.

Descaling tablets.
Descaling tablets. Keep your Tassimo machine in perfect working order with our Descaling Tablets. Each tablet removes limescale, residue and calcium deposits from your machine, so that it remains in the best condition to create delicious drinks for years.

Filter Coffee Machines

Enjoy perfect aroma.

Refines your coffee – for exceptional indulgence.

DualHeating System
Coffee must be brewed at the correct temperature to ensure that the full aroma can develop. Two powerful sensor-controlled heating systems ensure that the brewing water is heated to the ideal temperature of 92-96 °C. The second heating system keeps the coffee warm at 80-85 °C.

VolumeAutomatic
– a sensor in the water tank that detects how many cups are required, then automatically adjusts the brewing time and optimises the brewing process.
