# Digital Control

The Instant Match® using Bluetooth wireless technology

## - Bluetooth two way communication

Whale® together with industry leader Mira have collaborated to use Bluetooth wireless technology

## - A Bluetooth connected electric shower and digital waste pump system

## Why choose Whale?

- **Integral flood reduction system (Instant Match)**
- **Robust performance**  
Hair, gels, grit and other shower waste pass through the pump without blocking
- **Maintenance free**  
No pump filter is required therefore no internal cleaning is necessary
- **Practical design**  
Valves integral to the pump prevent odours escaping into the bathroom from the waste pipe
- **Quiet performance**
- **On-site nationwide support**
- **10 Years service parts availability**

## A Instant Match® - Digital control

To minimise gulley suction noise, the Instant Match<sup>®</sup> uses a digital signal\* sent from the Mira Advance Flex Extra\*\* to automatically adjust the pump speed in relation to the flow rate of the shower. No set-up necessary – gives plug and play operation.

\*can also be hard wired. See section G for compatible hard wired showers.

\*\*see below for compatible shower.

#### Features and Benefits

- Digital control with Bluetooth wireless technology
- Built in flood reduction system
- Quick and secure pairing
- Variable matched speed
- Quiet gulley - Whale<sup>®</sup> Whisper wet floor gulley included

#### Instant Match Approvals

- The Instant Match Kit is CE marked and complies with European standards for:
  - EMC (Electromagnetic Compatibility)
  - LVD (Low Voltage Directive)
- Pumps and Transformers are rated against moisture and particle ingress
- The Instant Match<sup>®</sup> Wireless radio signal is licensed for public use and meets radio standards R&TTE: ETSI EN300 328 V1.9.1

#### Specification Information

Description	Product Code
Whale Instant Match Wireless/Hard Wired Kit	SDP134T
Mira Advance Flex Extra	1.1785.005 (J09N)

To use the Instant Match<sup>®</sup> with any electric shower installation fit the Sika Flow Sensor - Part No. SDS263T

#### Integral Flood Reduction System

In the situation where you have a power failure to the Whale pump, the Mira shower will recognise this instantly and begin its ten second shutdown sequence. This feature further reduces the risk of flooding.

**Active Link**  
Includes Active Link technology

Whale Instant Match<sup>®</sup> Kit  
SDP134T

Sika Flow Sensor  
SDS263T

**INSTANT MATCH<sup>®</sup>**  
*premium*

The Instant Match Premium is built on 20 years of experience to make our quietest kit yet. Designed specifically for mixer showers to allow you to create step free showering in the most challenging locations. Ideal for use with combi boilers.

#### Features and Benefits

- Quiet operation with built in anti-vibration mounts. Acoustically tested
- Switch Mode technology used in the transformer
- Standby power 0.45W\*
- Self cleaning flow sensors
- Lightweight all in one unit
- Plug and Play operation

#### Note:

The Instant Match Premium may be used with normal gravity gulleys by reducing the pipe size to 22mm

#### Instant Match Approvals

- The Instant Match Kit is CE marked and complies with European standards for:
  - EMC (Electromagnetic Compatibility)
  - LVD (Low Voltage Directive)
- Pumps and Transformers are rated against moisture and particle ingress

\* Meets Erp (Dec 2008): Standby Off Mode Implementing Measure

#### Specification Information

Description	Product Code
Instant Match Premium	SDP303T

**Active Link**  
Includes Active Link technology

Instant Match Premium  
SDP303T

**SWITCH** CONNECT

The original automatic shower drain kit with proven reliability is combined with 6 pump speed settings, Active Link diagnostics and Whale® Whisper Gulley options.

#### Features and Benefits

- 6 pump speed settings designed to suit electric showers
- Adjustable pump speed minimises gulley suction noise
- Quiet gulley - Whale® Whisper wet floor gulley included in kit BP1578
- High performance - draws 3 metres from gulley

#### The transformer includes patented Active Link diagnostics

- Light indicates power present when test button is pressed
- Light indicates flow switch operation
- Aids installation and maintenance

#### Connect directly to compatible electric showers (See Section G)

- No need to fit flow switch with compatible showers
- The flow switch signal wire from the transformer connects to a terminal inside the shower
- For connections see Whale web site for [YouTube](#) videos and instructions

#### Specification Information

### **SWITCH** CONNECT MIXER

Mixer valve conversion kit required - Part Number AK1570

The original automatic shower drain kit with proven reliability is combined with 12 pump speed settings, Active Link diagnostics and Whale® Whisper Gulley options.

### Features and Benefits

- 12 pump speed settings designed to suit mixer showers\*
- Adjustable pump speed minimises gulley suction noise
- Quiet gulley - Whale® Whisper wet floor gulley included in kit BP1578
- High performance - draws 3 metres from gulley

\*Suitable for showers up to a flow rate of 12ltr/min

Note. For mixer shower installations an additional flow switch is required - Part No. AK1570 (includes 10ltr/min flow regulator)

### The transformer includes patented Active Link diagnostics

- Light indicates power present when test button is pressed
- Light indicates water flow to shower
- Aids installation and maintenance

### Specification Information

Mixer Valve  
Conversion Kit  
AK1570

### **DIGITAL** SMOOTHFLOW

For mixer valve installations, an additional flow sensor is needed - Part Number SDS263T

1

The flow sensors measure the flow rate going to the shower head. This information is sent to the control unit.

2

The control unit precisely matches the pump speed to the shower flow rate.

3

The matched pump speed and shower flow rate ensures a quiet gully.

The Digital Smoothflow kit precisely matches the pump flow rate to the shower flow rate, therefore ensuring a quiet gully.

#### Features and Benefits

- Pump speed is commissioned to each installation\*
- Automatic variable pump speed fine tunes the system, ensuring a quiet gully
- Suitable for electric and mixer shower installations
- Quiet gully - free Whale Whisper wet floor gully included with each kit

Note. For mixer shower installations an additional flow sensor is required - Part No. SDS263T

\*Suitable for showers up to a flow rate of 12ltr/min.

#### Specification Information

Description	Product Code
Digital Smoothflow Kit	SDP113T
Sika Flow Sensor	SDS263T

Digital Smoothflow Kit  
SDP113T

Sika Flow Sensor  
SDS263T

## **DRY** DECK

Designed to allow the installation of wet rooms and walk in showers in even the most challenging locations.

This kit is compatible with mixer valve showers where the flow rate exceeds 12 ltr/min up to 20 ltr/min.

#### Specification Information

Description	Product Code
Whale Dry Deck	SDP073R

See website for more details and case studies.

# Spares & Accessories

## General Spares

Shower Drain Pump (SDS021T)

Tricuspid Valves X 10 (SDS211B)

Diaphragm/Valve Kit (SDS061T)

## Accessories

Spare Pump Head Kit (SDS071T)

90mm Tray Gulley (AK1695)

Marmox Tray Gulley (SDA001T)

## Switch Connect Spares

Switch Connect Transformer (SDS081T)

Mixer Valve Conversion Kit (AK1570)

Flow Switch (AK1568)

## Instant Match Spares

Instant Match Transformer with Bluetooth Technology (SDS236T)

Instant Match transformer with wireless technology (SDS131T - 755.549)

## Digital Smoothflow & Dry Deck Spares

Digital Smoothflow Control Box (SDS243T)

Dry-Deck Control Box (SDS273T)

Sika Flow Sensor (SDS263T)  
(May also be used with the Instant Match and any electric shower)

## Compatible Showers

For the showers listed below, hard wired connection is possible in place of a flow sensor (Instant Match) or flow switch (Switch Connect).
