KC420WS

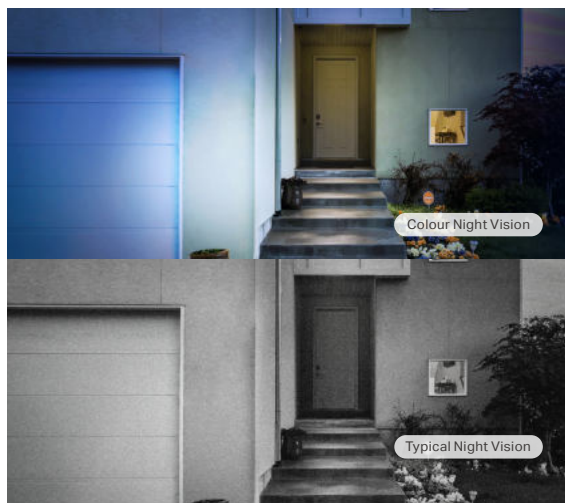

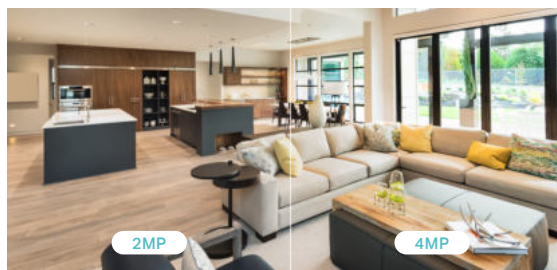

## Security Camera ▾

### 4 Megapixels Resolution

Higher resolution brings crystal clear images with more detail and color.

### Full Colour Night Vision

See full-colour videos rather than just black and white at night with an integrated spotlight, which can be turned on manually or automatically.

### Starlight Night Vision

Capture sharper and clearer images in low-light environments than traditional IR night vision with a starlight sensor.

### IP65 Certified Weatherproof

Built to handle outdoor conditions, IP65 weatherproof rating ensures your camera will stay protected against rain and dust intrusion.

### Person Detection

Advanced AI algorithms distinguish people from other objects, making it easier for you to identify whether to take relevant actions when notified.

## Store Your Footage for 30 Days in the Cloud

Review activity recorded by your devices over the past 30 days on your phone. Check if there are any unwanted visitors entering your yard and easily scroll through the captured events with snapshots and timestamps for every clip.

## Seeing Is Believing

Whenever your Kasa Camera detects activities, you'll be alerted with a push notification featuring a snapshot, letting you decide at-a-glance if you need to respond now or later. If you have an Apple Watch, you'll see the activity right on your wrist.

## Record Moments that Matter

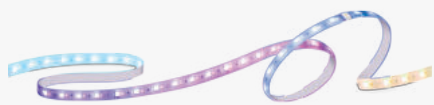

Keep all of your important moments for easy playback and sharing. Tap the button to start and pause the recording during live-viewing sessions for a video clip. Store them to the cloud or upload to local storage, your choice.

## Spread the World with a Tap

Did your Kasa devices capture something serious? Funny? Or just plain unusual? With just a tap from the share button, post your precious clip to your preferred social media platform and let others gasp, laugh, or gawk.
