User's Guide

PACKAGE CONTENTS:

- Radium Hard Wired Controller
- User's Guide/Warranty Card
- Registration Card

SET UP:

1. With the PlayStation 3 console powered ON, plug the Radium Hard Wired Controller into one of the USB ports located on the front of the PlayStation 3.
2. Press the Menu button located in the center of the Radium Hard Wired Controller. The 4 channel indicators on the controller will flash rapidly. Press the Menu button again and the controller will be set to the appropriate channel. The solid LED will indicate which player position the controller is set to: Player 1, 2, 3 or 4.
3. To connect multiple Radium Hard Wired Controllers, connect each controller separately. First, connect Player 1's controller and then connect the remaining controllers one by one.

NOTE: During gameplay, you can access the PlayStation 3 menu by holding the Menu button for 3 seconds. Please refer to the PlayStation 3 console User's Guide to see what menu options are available.

TURBO FUNCTION:

1. Press any button at the same time as the Turbo button (located above the 4 channel indicator lights) to set Turbo to that specific button.
2. To cancel the Turbo function, repeat Step 1.
