6 Getting help and contacting Dell.....35

Set up your Latitude 5300 2-in-1 Chrome

About this task

NOTE: The images in this document may differ from your computer depending on the configuration you ordered.

Steps

1. Connect the power adapter and press the power button.

NOTE: The images used are for illustration purposes only. The actual computer may vary depending on the region and configuration ordered.

NOTE: To conserve battery power, the battery might enter power saving mode. Connect the power adapter and press the power button to turn on the computer.

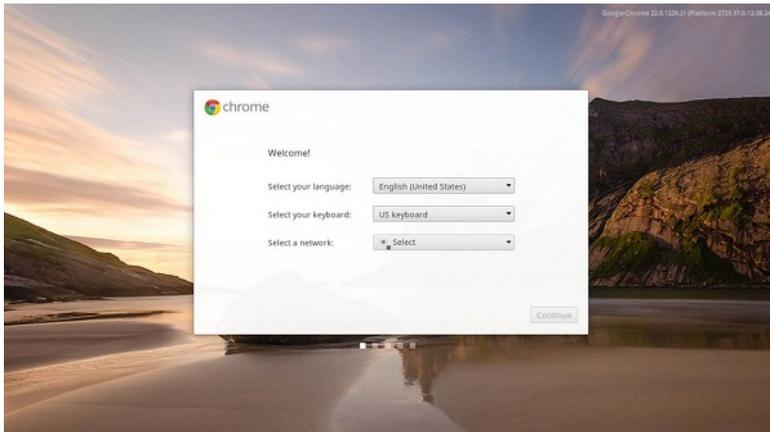

2. Finish Chrome OS setup.

Follow the on-screen instructions to complete the setup. When setting up, Dell recommends that you:

- Connect to a network for Chrome updates.

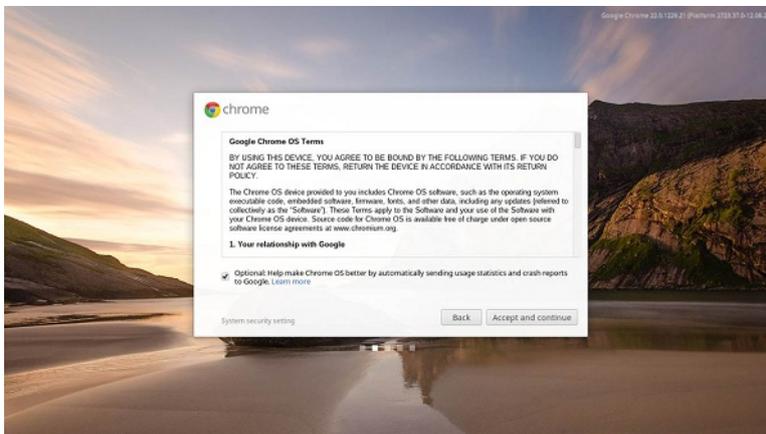

NOTE: If connecting to a secured wireless network, enter the password for the wireless network access when prompted.

- If connected to the internet, sign-in with or create a Google account following the link <https://accounts.google.com/signup/v2/webcreateaccount?flowName=GlifWebSignIn&flowEntry=SignUp>. If not connected to the internet, use **Guest** account.
- a) Select the language settings. On the "Connect" screen that appears, select the language to be used by default. If there is more than one way to type in the language, users may be prompted to select a keyboard input method as well.
 - b) Connect to a network. Select a wireless network from the network menu.

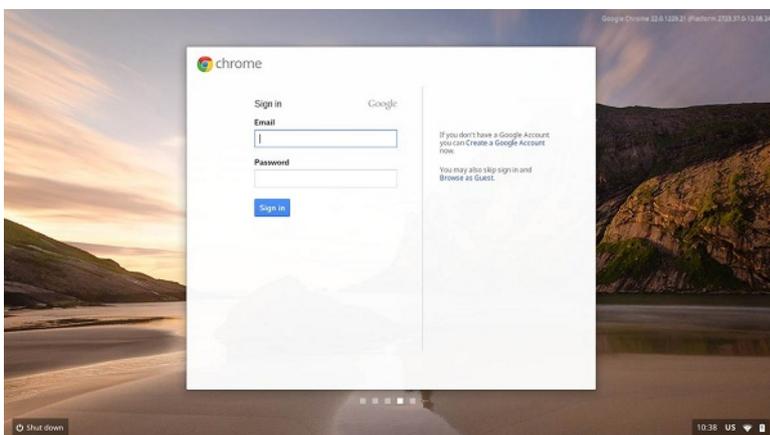

- c) Accept the terms of service with one click. Once connected to a network, Chrome device will then download any available system updates so users automatically get the latest features.

NOTE: The option to automatically send usage statistics to Google is intended for troubleshooting purposes. No personal information is collected.

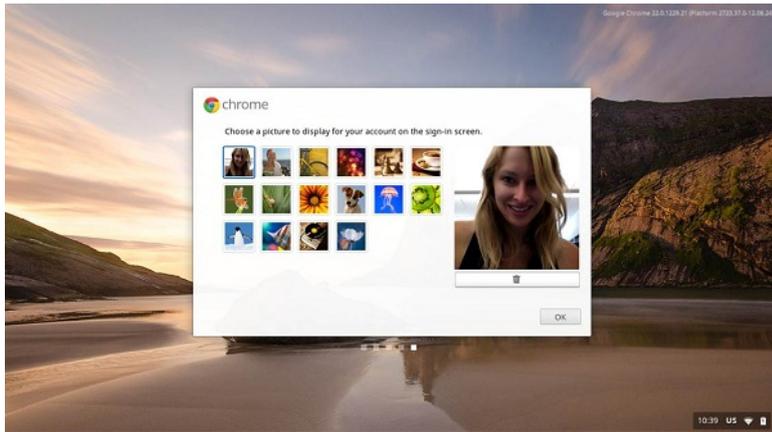

- d) Enroll the Chrome device (optional). If the Chrome device was provided by work or school, users might need to enroll it with the domain before signing in below. Ask the network administrator for instructions before continuing with these steps.
- e) The system will automatically install any available update. This may take a few minutes. The system checks for updates every time it is powered on.
- f) Sign in with Google Account. In the sign-in box that appears, enter the Google Account username and password and click Sign in. Make sure to sign in with your primary Google Account, because this account will be set as the owner account.

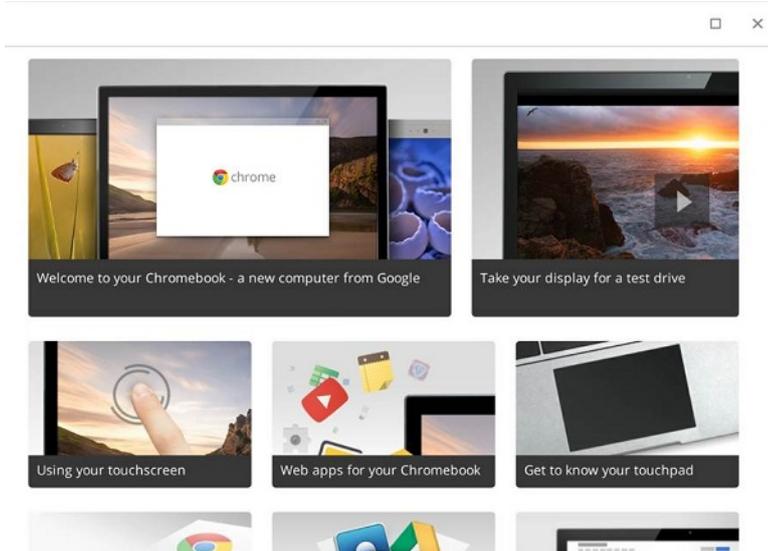

NOTE: Users can also use the computer without an account by clicking Browse as a Guest on the right.

- g) Set an account picture. This picture will represent the user's account on the main sign-in screen and status area. If users have a camera, there is an option to take a photo with the built-in webcam. If users don't want to take a photo at this time, choose a fun icon instead. Users can always update their picture after signing in.

3. **Get to know your Latitude 5300 2-in-1 Chrome** After setting up the profile, users will be shown the Get Started app. Users can learn about the desktop, discover new web apps, find instructions on how to print, and much more. This app is customized based on the computer model so users will only see information relevant to them

Penyimpanan

PERHATIAN Aplikasi web di OS Chrome, menyimpan semua data penting di cloud. Jenis file tertentu, seperti unduhan, cookie, dan file cache browser mungkin masih ada di komputer. OS Chrome mengenkripsi data ini menggunakan perangkat keras yang tahan-rusak, sehingga sulit bagi siapa pun untuk mengakses file-file tersebut. Dianjurkan untuk membuat cadangan data Anda di komputer secara teratur karena jika komputer perlu diservis, semua data hilang dan tidak dapat dipulihkan.

Tabel 5. Spesifikasi penyimpanan

Sistem operasi

- Chrome Operating System

Lingkungan komputer

Level kontaminan di udara: G1 sebagaimana ditetapkan oleh ISA-S71.04-1985

Tabel 20. Lingkungan komputer

Deskripsi	Pengoperasian	Penyimpanan
Kisaran suhu	0 °C to 35 °C (32 °F to 95 °F)	-40°C to 65°C (-40 °F to 149 °F)
Kelembapan relatif (maksimum)	10% to 90% (non-condensing)	0% to 95% (non-condensing)
Getaran (maksimum)*	0.66 GRMS	1.30 GRMS
Guncangan (maksimum)	110 G†	160 G†
Ketinggian (maksimum)	-15.2 m to 3048 m (4.64 ft to 5518.4 ft)	-15.2 m to 10668 m (4.64 ft to 19234.4 ft)

* Diukur menggunakan spektrum getaran acak yang mensimulasikan lingkungan pengguna.

† Diukur menggunakan pulsa setengah sinus 2 ms ketika hard disk sedang digunakan.

Perangkat Lunak

Bab ini menjelaskan secara terperinci sistem operasi bersama dengan petunjuk cara menginstal drivers.

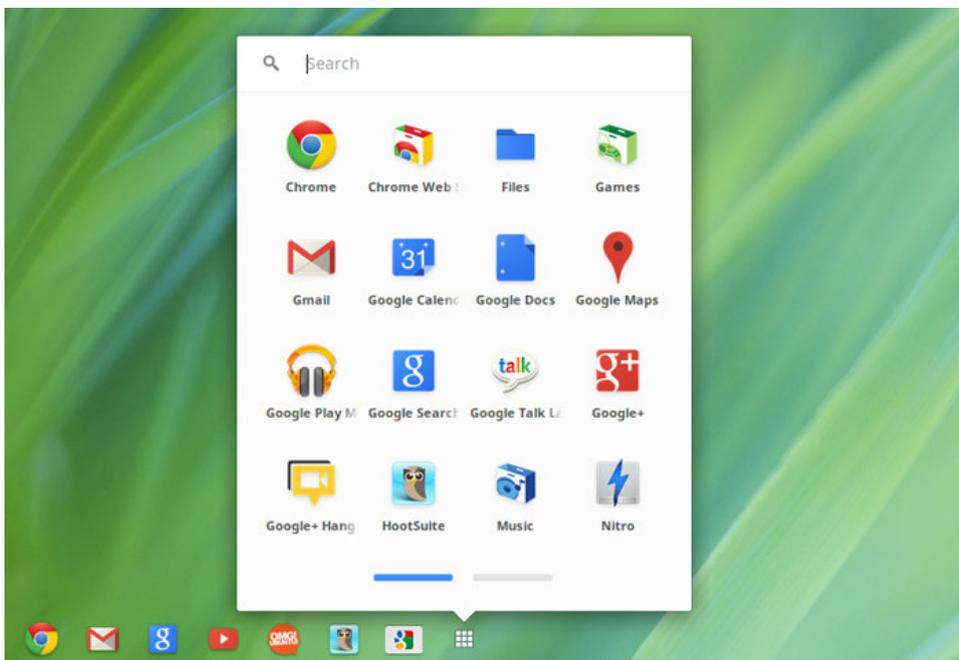

Topik:

- [Operating system](#)
- [Melihat informasi sistem \(View system information\)](#)

Operating system

This page contains information about the operating system used by the Dell Latitude 5300 2-in-1 Chrome.

Chrome OS

Chrome devices are powered by the Google Chrome operating system, based on Google's popular Chrome browser. It has been developed to provide a fast, simple, and more secure computing experience for users who spend most of their time online.

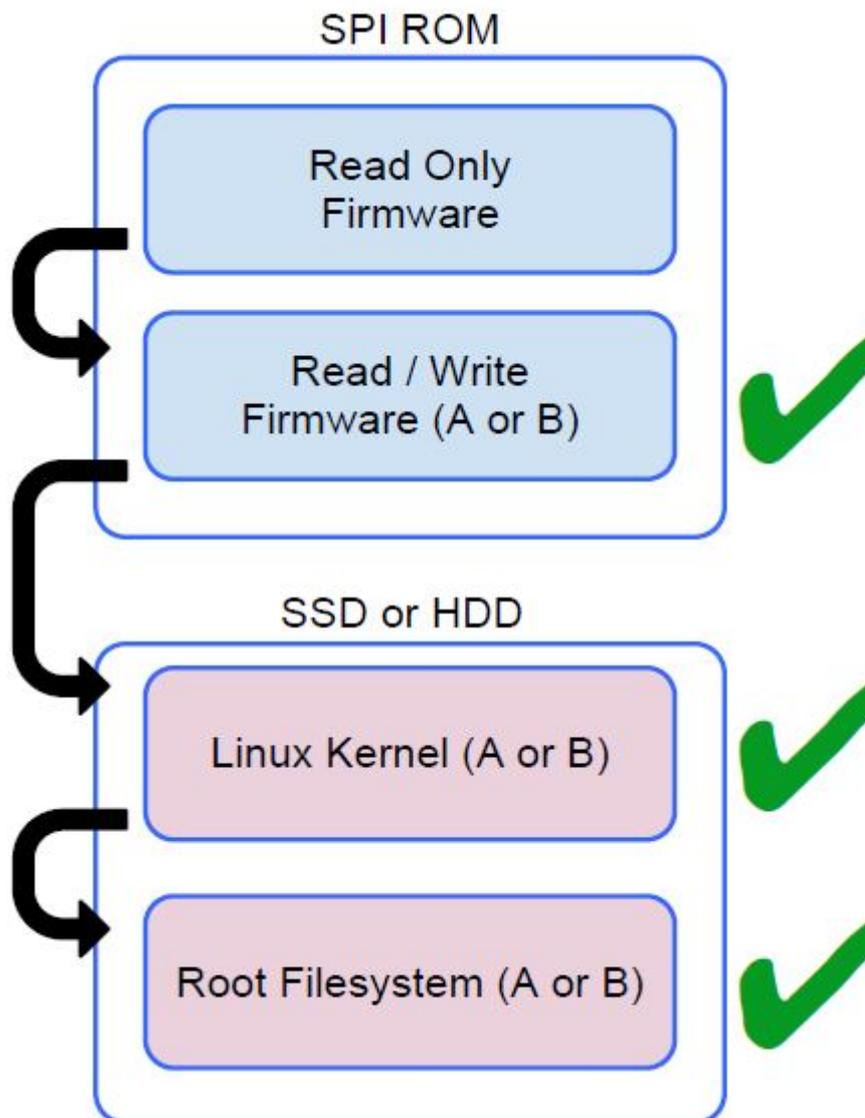

Key Benefits

- Speed
- Simplicity
- Security
- Updated
- Synchronization
- High power at low cost
- Easy to learn and use
- Documents, calendar, e-mail, contacts, and tasks available online and offline, and all securely backed-up and synchronized in the cloud.
- Access to the Chrome web app store
- Killer web apps
- The latest Intel Core processors
- Fun games

- Built-in support for popular file types and external devices

For more information about the Chrome OS, please visit the [Chrome OS training page](https://www.google.com/chromebook/) <https://www.google.com/chromebook/>.

Verified Boot

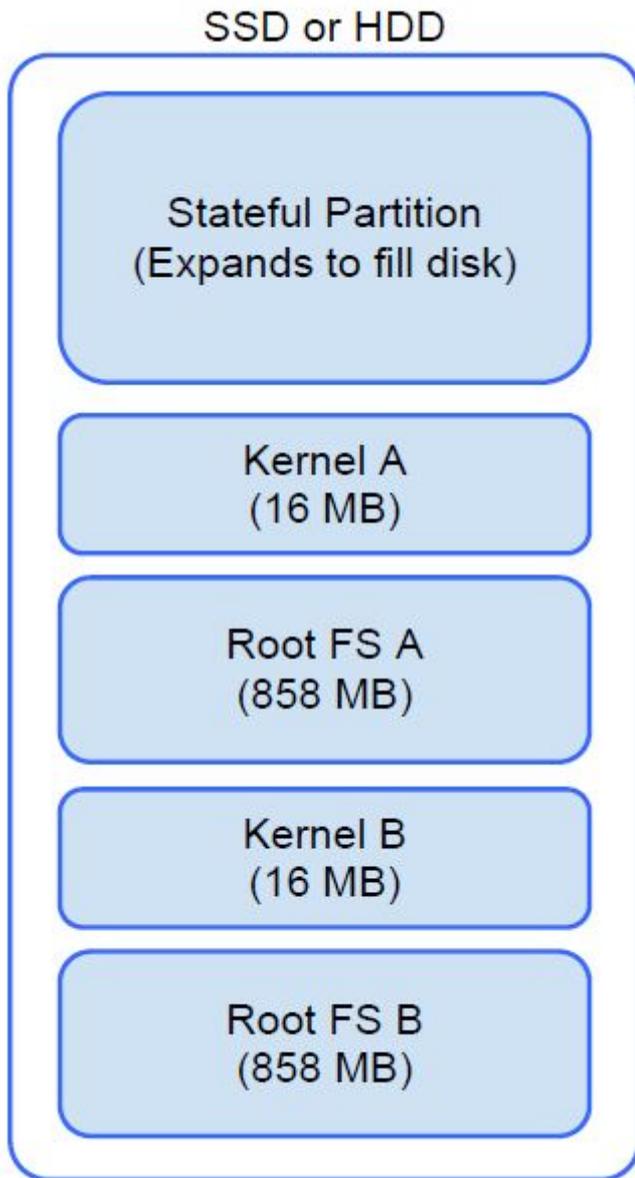

Read Only firmware verifies the integrity of Read/Write (R/W) firmware. R/W firmware verifies the active Linux kernel. During run time, the kernel verifies each block read from disk.

If a verification step fails and there is no backup option, the machine enters recovery mode.

The Developer Mode switch turns off verified boot (at the Kernel stage) to enable users to run Chromium OS (or other OS). The BIOS is always verified.

Disk Partition Map

There are two copies of Chrome OS on disk: an active copy and a backup copy. Each copy consists of a kernel partition and a root file system. The backup copy is updated automatically in the background. Users only need to reboot. The partition contains encrypted user data and is also used in the factory for storing test software.

Developer and Recovery mode

Table 21. Developer and Recovery mode

Developer Mode	Recovery Mode
<p>Developer Mode BIOS screen</p> 	<p>Recovery Mode BIOS screen</p> 
<ul style="list-style-type: none"> • Used to boot without verification. • Can be turned on via key combination during boot. • Stateful partition is wiped during transitions. • Used in the factory to boot test image. 	<ul style="list-style-type: none"> • Allows a user to reinstall the Chrome OS from a USB key or SD card. • Recovery mode is entered if verified boot fails. • A user can force recovery mode via a key combination during boot.

Coreboot and U-boot Custom Firmware

Coreboot (x86 only)

- Memory and chipset initialization
- Open-source, except for MRC binary from Intel.

U-Boot

- Performs verified boot
- Handles recovery and Developer Mode
- Open source code

Normal boot is very fast, as it takes less than 1 second to start loading kernel. Chrome devices does not boot other operating systems such as Windows or OS X.

Chrome vs Chromium OS

Table 22. Difference between Chromium and Chrome OS

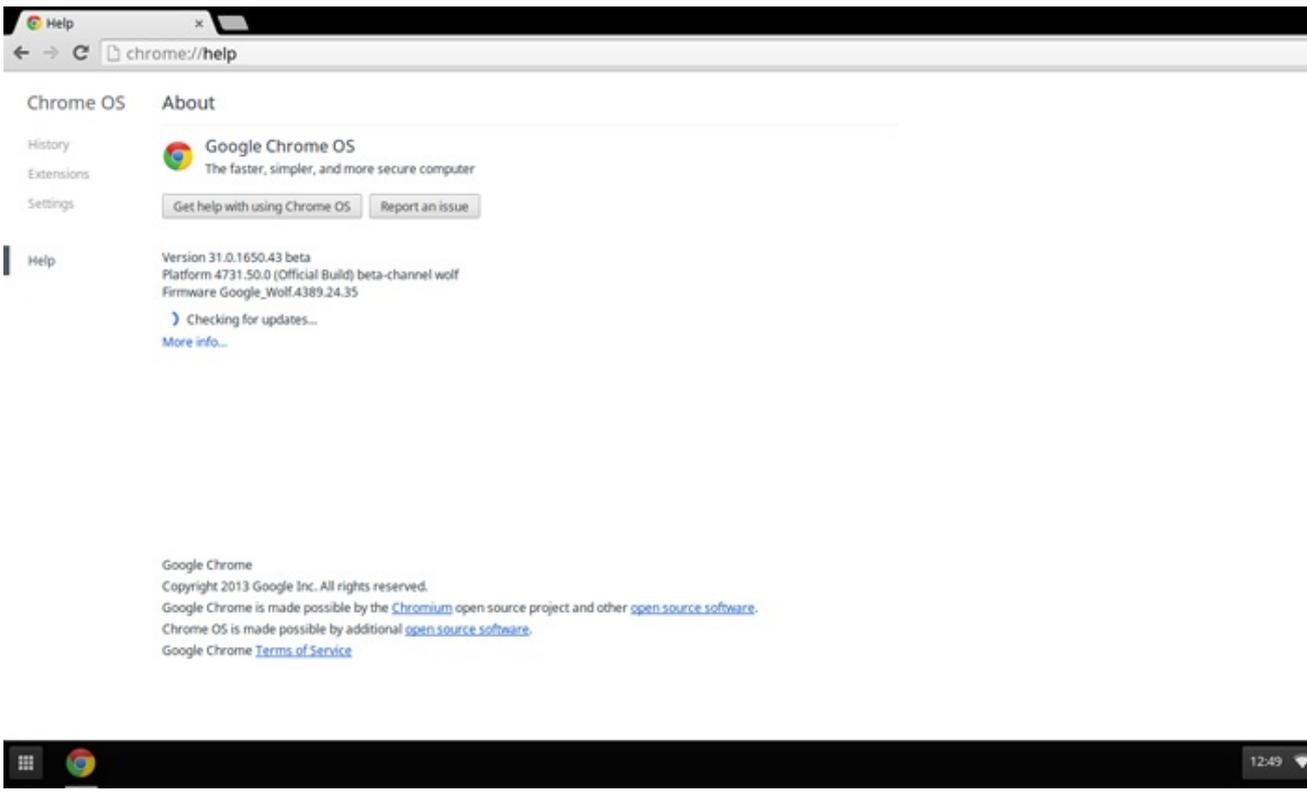

Difference between Chromium and Chrome OS	
Chromium OS	Chrome OS
<ul style="list-style-type: none"> • Is an open source project: https://www.chromium.org/chromium-os • Runs on regular PCs and Chrome devices 	<ul style="list-style-type: none"> • Is based on Chromium OS • Only runs on the Chrome devices with required hardware features (TPM, RO firmware, recovery button, developer switch). • Includes additional licensed features such as the Netflix plugin, video codecs, and fonts

Melihat informasi sistem (View system information)

Halaman ini berisi semua informasi tentang melihat informasi sistem untuk Dell Latitude 5300 2-in-1 Chrome.

Dell Latitude 5300 2-in-1 Chrome tidak mendukung BIOS Dell. Oleh karena itu, ada beberapa cara untuk memeriksa spesifikasi sistem tergantung pada informasi yang Anda cari. Tabel di bawah mencantumkan beberapa metode yang paling umum digunakan untuk melihat informasi dan spesifikasi sistem.

Tabel 23. Melihat informasi sistem (View system information)

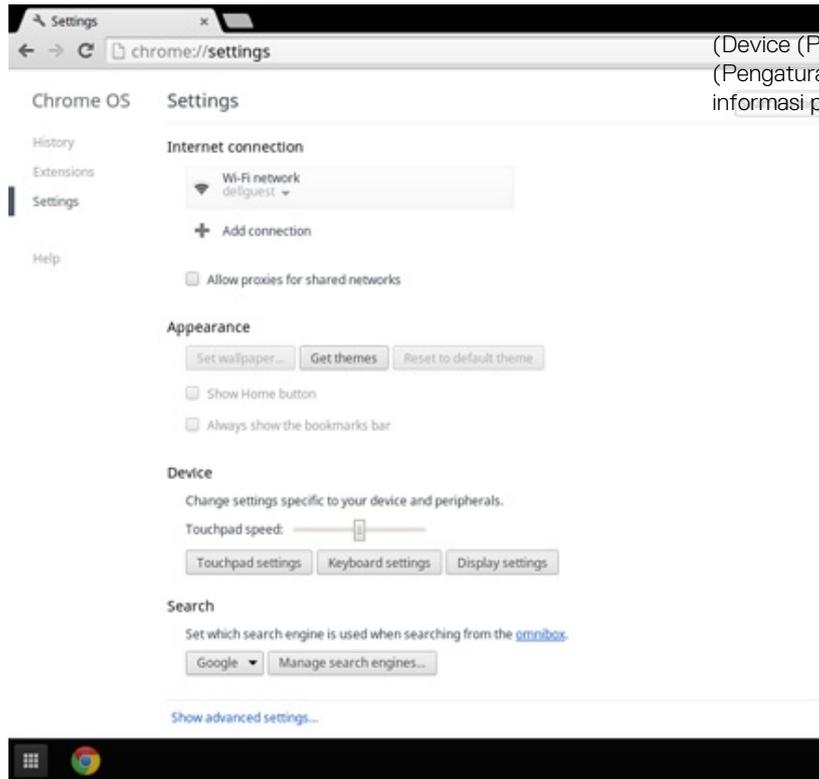

Perintah	Tangkapan Layar	Tindakan dan Tujuan
Chrome:help	 A screenshot of a Chrome browser window showing the 'chrome://help' page. The page title is 'Chrome OS About'. It features a sidebar on the left with links for 'History', 'Extensions', 'Settings', and 'Help'. The main content area displays 'Google Chrome OS' with the tagline 'The faster, simpler, and more secure computer'. Below this, there are two buttons: 'Get help with using Chrome OS' and 'Report an issue'. Further down, it shows system information: 'Version 31.0.1650.43 beta', 'Platform 4731.50.0 (Official Build) beta-channel wolf', and 'Firmware Google_Wolf.4389.24.35'. There is also a status 'Checking for updates...' and a 'More info...' link. At the bottom, there is copyright information for Google Chrome, 2013, and links to 'Chromium', 'open source software', and 'Terms of Service'. The browser's address bar shows 'chrome://help' and the taskbar at the bottom shows the time as 12:49.

	F11	None
	Changes display layout (multi monitors setup)	F12 behavior
	Delete	None
	Lock Key	None

Keyboard shortcut keys

Table 25. Shortcut keys

Shortcut keys	
Shortcut	Function
Esc	Stop the loading of your current page
Ctrl + F5	Decrease keyboard brightness
Ctrl + F6	Increase keyboard brightness
Alt + Up arrow	Page up
Alt + Down arrow	Page down
Alt + Left arrow (Backspace)	Go to previous page in your browsing history
Alt + Right arrow (Shift + Backspace)	Go to the next page in your browsing history
Ctrl + Right arrow	Move to the end of the next word
Ctrl + Down arrow	Move to the start of the previous word

Shortcut keys

Shortcut	Function
Ctrl + Alt + Up arrow	Home
Ctrl + Alt + Down arrow	End
Ctrl + Alt + Right arrow	Select next word or letter
Ctrl + Alt + Left arrow	Select previous word or letter
Ctrl + Alt + Z	Enable or disable accessibility features if you're not signed in with a Google Account. If you're signed in, you can configure the accessibility feature on the Settings page.
Ctrl + Alt + /	Open the list of available keyboard shortcuts
Ctrl + Shift + D	Save all open pages in the current window as bookmarks in a new folder
Ctrl + Shift + G or Shift + Enter	Go to the previous match for the input in the find bar
Ctrl + Shift + B	Toggle the display of the bookmarks bar. Bookmarks appear on the New Tab page if the bar is hidden.
Ctrl + Shift + I	Toggle the display of the Developer Tools panel
Ctrl + Shift + J	Toggle the display of the DOM Inspector
Ctrl + Shift + L	Locks the screen
Ctrl + Shift + N	Open a new window in incognito mode
Ctrl + Shift + B	Toggle the bookmark bar
Ctrl + Shift + Q	Sign out Google Account
Ctrl + Shift + Q (twice)	Sign out Google Account on Chrome OS
Ctrl + Shift + R	Reload your current page without using cached content
Ctrl + Shift + T	Reopen the last tab being closed. Google Chrome remembers the last 10 tabs being closed.
Ctrl + Shift + V	Paste content from the clipboard as plain text
Ctrl + Shift + W	Close the current window
Ctrl + .	Display hidden files in the Files app
Ctrl + ?	Go to the Help Center
Ctrl + 0	Reset zoom level
Ctrl + 1 through Ctrl + 8	Go to the tab at the specified position in the window
Ctrl + 9	Go to the last tab in the window
Ctrl + A	Select everything on the page
Ctrl + C	Copy selected content to the clipboard
Ctrl + D	Save your current webpage as a bookmark
Ctrl + F	Search your current webpage
Ctrl + G or Enter	Go to the next match for the input in the find bar
Ctrl + H	Open the History page
Ctrl + J	Open the Downloads page
Ctrl + K or Ctrl + E	Perform a search. Type a search term after the question mark in the address bar and press Enter.

Shortcut keys

Shortcut	Function
Ctrl + L or Alt + D	Select the content in the address bar
Ctrl + N	Open a new window
Ctrl + O	Open a file in the browser
Ctrl + P	Print your current page
Ctrl + R	Reload your current page
Ctrl + S	Save your current page
Ctrl + T	Open a new tab
Ctrl + U	View page source
Ctrl + V	Paste content from the clipboard
Ctrl + W	Close the current tab
Ctrl + X	Cut
Ctrl + Z	Undo the last action
Ctrl + Backspace	Delete the previous word
Ctrl + Tab	Switch to next tab
Ctrl + Enter	Add www. and .com to your input in the address bar and open the resulting URL
Ctrl + Shift + Tab	Go to the previous tab in the window

Touchpad

This page contains information for Dell Latitude 5300 2-in-1 Chrome touchpad gestures.

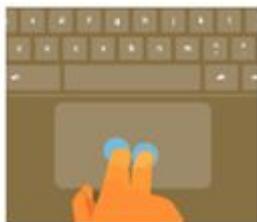

The following table lists some gestures and actions supported by the Chromebook touchpad:

Table 26. Touch pad gestures

Touchpad gestures

Gestures	Explanation
	Simply move your finger across the touchpad.
	Press down on the lower half of the touchpad. Since tap-to-click is enabled by default, you can quickly tap the touchpad to click.
	Click the touchpad with two fingers.

Touchpad gestures

Place two fingers on the touchpad and move them up and down to scroll vertically, left and right to scroll horizontally. If you have Australian scrolling enabled, move two fingers up to scroll down. (It works in the same way as say, your smartphone or tablet.) If you have multiple browser tabs open, you can also swipe left and right with three fingers to quickly move between tabs.

Swipe

Quickly move two fingers left or right to go backward or forward on web pages or while using apps.

Click the item you want to move with one finger. With a second finger, move the item. Release both fingers to drop the item at its new location.

Bluetooth

Bagian ini menjabarkan petunjuk untuk memasang perangkat bluetooth dengan perangkat Chrome Anda.

Teknologi Bluetooth memungkinkan Anda untuk menghubungkan perangkat secara nirkabel pada jarak dekat. Untuk menggunakan aksesoris Bluetooth dengan Chromebook Anda, pertama periksa terlebih dahulu apakah Chromebook Anda mendukung Bluetooth. Kemudian Anda akan diminta untuk memasangkannya dengan aksesoris Bluetooth.

Untuk melihat apakah Anda dapat menggunakan aksesoris Bluetooth dengan Chromebook Anda, klik area status pada sudut kanan bawah,

tempat di mana gambar akun Anda ditampilkan. Jika Anda melihat ikon Bluetooth  atau  pada menu, maka Chromebook Anda mendukung Bluetooth. Jika Anda tidak melihat ikon-ikon ini, maka Chromebook Anda tidak mendukung Bluetooth. Jika Chromebook Anda mendukung Bluetooth, maka perangkat Anda dapat terhubung ke berbagai aksesoris Bluetooth, termasuk:

- Keyboard
- Mouse
- Speaker
- Headphone
- Headset (hanya audio)

Untuk menghubungkan perangkat Bluetooth dengan Chromebook Anda, Anda perlu memasangkannya. Caranya:

1. Masuk ke Chromebook Anda.
2. Klik area status pada sudut kanan bawah, tempat di mana gambar akun Anda ditampilkan.
3. Pilih status Bluetooth Anda pada menu yang muncul.
4. Jika Bluetooth tidak aktif, klik ikon tidak terhubung  atau klik Aktifkan Bluetooth pada menu. Chromebook Anda akan memindai perangkat Bluetooth yang tersedia secara otomatis.
5. Pilih perangkat yang ingin Anda tambahkan dari daftar perangkat Bluetooth yang tersedia dan klik Sambungkan.
6. Ikuti petunjuk pada layar untuk menyambungkan perangkat Bluetooth Anda.
 - Jika Anda menghubungkan mouse, biasanya tidak dibutuhkan PIN. Jika Anda diminta memasukkan PIN, masukkan PIN untuk mouse Anda menggunakan keyboard perangkat Chrome Anda.
 - Jika Anda menghubungkan keyboard, masukkan PIN yang dibuat secara acak pada keyboard yang ingin Anda pasang dan tekan Enter.

Untuk mengonfirmasikan bahwa perangkat Bluetooth Anda terhubung, periksa status Bluetooth. Anda akan melihat perangkat Anda terdaftar di sana.

i CATATAN Baru saja mendapat Chromebook atau Chromebox? Jika Anda menyalakan perangkat chrome untuk pertama kalinya dan Anda memiliki perangkat Bluetooth yang sama-sama menyala, perangkat chrome Anda mungkin akan mendeteksi perangkat tersebut secara otomatis dan menampilkan cara untuk memasangkannya. Anda akan melihat

petunjuk ini jika perangkat chrome Anda belum memiliki perangkat sejenis yang terhubung atau fungsinya bukan merupakan fungsi bawaan, seperti keyboard dan trackpad.

Getting help and contacting Dell
