

425L natural stainless steel single door freezer featuring 3 star energy efficiency, a real stainless steel finish and automatic icemaker.

RRP AUS \$3,199.00

Product Details

FEATURES

Energy efficiency

Enjoy a big performance without a big bill. Our refrigerators are designed to be energy efficient protecting the environment and reducing your power costs.

Fast Ice function

When adding a large amount of food to the freezer, simply use the Fast Ice function, which decreases the temperature to -23C for 90 minutes before returning to the pre-set mode.

FreshPlus Cooling

Keep your ingredients at their fresh flavourful best. When the fridge door is open, the innovative FreshPlus technology immediately begins the recooling process to replace the lost cold air faster when the door closes. This ensures better preservation of farm fresh food and helps minimise waste.

Multi-flow air delivery

The intelligent airflow system evenly disperses air to ensure optimum temperatures so your food is kept fresher for longer.

Multi-function electronic touch controls

Ideally located on the inside of the cabinet, you can set the temperature and use functions such as boost mode, fast ice, holiday mode and drinks chill with just a touch of a button.

Door alarm

An alarm sounds if the door is left open to help keep the interior cool and reduce the risk of spoilage.

Frost free

Save your precious time with a freezer that doesn't ice up and need manual defrosting.

LED Lighting

With our new LED lighting at both the top and sides of the fridge, the light-filled interior illuminates the content of your fridge so you can find anything you need quickly and easily.

R600a refrigerant

Our fridges use R600a, a non-synthetic refrigerant that's more environmentally friendly than the commonly used R134a.

BENEFITS

Power saver

Enjoy a big performance without a big bill. Our refrigerators are designed be energy efficient protecting the environment and reducing your power costs.

Stylish and smart

High quality, mark-resistant real stainless steel lends a touch of class to any kitchen. Inside, the generous interior marries innovation and style in equal measure.

Ice on the go

You'll love the efficient, always-ready ice-maker in your new freezer. Efficient and compact, it's ideal for hot summer days or effortless entertaining.

Keep it cool

The freezer door is one of the most opened in any household, which is why we came up with FreshPlus technology to help maintain the perfect temperature inside your freezer. It automatically detects when it needs to begin cooling, keeping the temperature down to lock the freshness in.

Dimensions

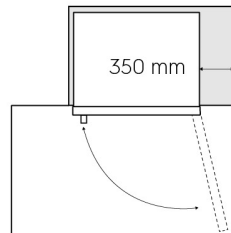

Minimum Recommended Airspaces

If you have a cupboard above the refrigerator with a rear gap of less than 100mm (Y), recommended minimum clearance at the top of the refrigerator increases from 30mm to 70mm (X).

Please note: Doors are designed to sit proud of cabinetry (not flush).

When positioned in a corner area, spacing of at least 400mm on the hinge side will allow the doors to open enough to enable the removal of bins and shelves.

Front face of bench aligned to front corner edge of cabinet.

For connection kit installation instructions go to electrolux.com.au

Important! Please ensure that the access to your kitchen (including doorways, corridors, island benches, etc) allows sufficient clearance to move your fridge into position.

Please note! Dimensions to be used as a guide only. All customers MUST refer to the user manual supplied with the product for detailed installation instructions.

Terms and Conditions

IMPORTANT

This is a guide of product dimensions only. For complete installation instructions, refer to the manual provided with product.

PRODUCT INFORMATION

The descriptors and illustrations in this publication apply to the specific products and models described as at the date of issue. Under our policy of continuous product development, product specifications may change without notice. Prospective purchasers should therefore check with their retailer to ensure this publication correctly describes the products that are being offered for sale. All information supplied is to be used for general reference purposes only and is on the understanding that Electrolux Home Products Pty Ltd (Australia) and Electrolux (NZ) Ltd (New Zealand) will not be liable for any loss, liability or damage of whatever kind arising as a result of reliance on such information. Colours of products illustrated are as close as printing limitations allow. Electrolux will at all times comply with its obligations pursuant to law including Trade Practices (Australian Consumer Law) Act and Regulations.

WARRANTY

This warranty only applies to Appliances purchased and used in Australia or New Zealand and used in normal domestic applications and is in addition to (and does not exclude, restrict, or modify in any way) any non-excludable statutory warranties in Australia or New Zealand. All warranties are subject to the conditions set out in the warranty card accompanying the product when purchased.
