Subject: FCC IDENTIFICATION LABEL- Reply

---

Message:

Hi Linda,

A readable label has been uploaded. There are 3 FCC ID's listed on this label because 2 devices are inside the PC which also has an FCC ID. The FCC ID O9C-SL1021 is an optional device to be placed inside FCC ID: A3L5350015318 (a laptop). The FCC ID: A3L5350WL will always be inside the laptop.

Thank you,  
Melissa Carter
