Ref.: FCC Class II Permissive Change for FCC ID: BCGA1489, Model A1489
(Original Grant date: 10/22/2013, Applicant: Apple Inc.)

To whom it may concern:

This is to request a Class II Permissive Change for FCC ID: BCGA1489, Model A1489, originally granted on 10/22/2013.

The changes filed under this application are:

Change #1 – Front and Rear cameras removed

Change #2 – Speaker removed

Change #3 – Microphone removed

Change #4 – Volume buttons removed

Change #5 – Lock switch removed

Change #6 – A different enclosure and cover glass are used

Change #7 – WLAN/BT antenna has a different location and gain, and is of different type.
The antenna type is IFA and the peak gains are presented in the Antenna Specifications exhibit

Change #8 – Different Home and Power buttons with flex cables are used

Change #9 – An auxiliary logic board has been added to support the above changes

Under this FCC ID: BCGA1489, two new Model Numbers, A1622 and A1623, have been assigned. Models A1622 and A1623 are identical, but Model A1622 is portable, has five additional battery packs, a steel/rubber back cover and will be used within the perimeter of Apple retail stores, whereas the Model A1623 is stationary and secured to a table within the perimeter of third-party retail stores.

The changes listed above represent the differences between this new Models A1622/A1623 and the original Model A1489 under FCC ID: BCGA1489.

If you have any questions regarding this application, please feel free to contact me.

Sincerely,

Tiberiu Muresan
