# Highlights

## Get in the mood

Use over 50,000 shades of warm to cool white light to put you in the mood to work, play, or relax • no matter what time of day it is. Start your morning off on the right foot with cool, energizing bright white light, or settle down for the night with golden tones.

## Play with smart color lights

There's no limit with Philips Hue: with over 16 million colors, you can transform your home into the perfect party venue, bring a bedtime story to life, and much more. Use preset, colored light scenes to evoke the feeling of summer any time you'd like, or use your own photo to relive a special memory.

## Sync movies, TV shows, music, and games to smart lights

Bring your entertainment to new heights by syncing the action on the screen or the beat of your music to your smart lights.\* Choose the way you'd like to sync your lights to your movie, music (including with our Spotify integration!), TV show, or game and watch as the color-capable lights in your Entertainment area react. \*Hue Bridge required

## Wake up and sleep

Set your lights to slowly brighten in the morning at a preset time to mimic sunrise and help you start your day feeling calm and refreshed. In the evening, the relaxing warm white lights will help you unwind, relax and prepare your body for a good night's sleep.

## The Hue Bridge

The Hue Bridge is an essential component to a personal Philips Hue smart lighting system. It is the brains of the operation, communicating with both your smart light bulbs and the Hue app to ensure that everything works together. It also enables smart home automation features like scheduling routines and timers.
