# Bosch, an inheritance to preserve.

Our roots, our know-how, our history.

For roughly 130 years, Bosch has been undertaking countless tedious tasks in ... uncompromising quality, technical perfection and absolute reliability. 130 years ago, Robert Bosch, wasn't interested in innovation for innovation's sake. Instead, he believed, that "improvements in the world of technology and business should always also be beneficial for mankind".

Designed to make everyday life easier for us, Bosch offers products designed by our engineers down to the smallest detail, developed and tested until they meet 100% of the requirements of our customers. This unique know-how, combined with a perpetual innovation capacity, represents a real added value for the service of future generations.

This is the commitment of the brand through its signature: **"Technologies for life".**

reddot award 2017  
wi

Founded in 1955 and 1953 respectively, the **red dot Design Award** and the **If Product Design** are among the most prestigious design awards. Worldwide recognized, these prizes reward the most beautiful innovations and the best designers. They are one and the same as a perfectly accomplished designs where high technology combines excellence, both useful and inventive.

# 100% German Engineering.

Our vacuum cleaners are manufactured in our factories and to guarantee an irreproachable quality, they are subjected to drastic tests.
