**Abstract**

This IL provides industry notification of the impending split of the 604 NPA.

**Letter Information (Includes safety liability disclaimer (if applicable), ordering information, originator's signature information)**

We have been advised by BC TEL that increased demand for telephone numbers and other telecommunications needs throughout the province of British Columbia necessitates splitting the existing 604 NPA and the simultaneous introduction of a new 250 NPA.

The largest community of interest, Vancouver and Lower Mainland (including Sunshine and Whistler) will retain the 604 NPA. The remaining territory covering Vancouver Island and the Interior of British Columbia will be assigned the 250 NPA.

The split of the 604 NPA, and the beginning of a permissive dialing period, is scheduled for 12:01 AM PDT on October, 19, 1996. During the permissive dialing period, either 604 or 250 will be acceptable in a dialed number terminating in the new 250 NPA. The permissive dialing period will end at 12:01 AM PDT on June 1, 1997. After the permissive period, calls dialed with incorrect NPA codes will be routed to intercept.

Switching systems in the new 250 NPA will begin transmitting the "250" in the calling number Automatic Number Identification (ANI) on October 19, 1996. All ANI changes will be completed by April 30, 1997.

The attached map illustrates the 604 and 250 NPA configuration after the split. A listing of the communities and the central office codes (NXXs) for each area code after the split is also attached.

Test calls to verify routing to the new NPA can be made by calling either 250-372-0123 or 250-372-0124. The test numbers will be in effect from June 1, 1996 to October 19, 1997. A recorded announcement will indicate that the test call has been successfully completed.

Canadian routing information is not included in Bellcore's Local Exchange Routing Guide (LERG). BC TEL will be mailing a list of 604 and 250 NXXs to its customers.

Letter Number IL 95/08-007	Type Informational	Date 8/17/95	Page No. 2
Title NANP-Split of 604 (British Columbia) Numbering Plan Area (NPA)		Project Number(s) 5V1000.17	

The following dialing procedures will exist for all NPAs in British Columbia:

- All Home NPA (HNPA) "local" calls (generally calls that do not incur a charge) will be dialed on a seven digit basis with no prefix; i.e., NXX + XXXX (seven digits).
- All HNPA direct dialed "toll" calls (generally calls that incur an additional charge) will be dialed with a prefix "1" and then ten digits; i.e., 1 + HNPA + NXX + XXXX (1 + ten digits).
- All foreign NPA (FNPA) direct dialed toll calls will be dialed with a prefix "1" and ten digits; i.e., 1 + FNPA + NXX + XXXX (1 + ten digits).
- All operator assisted calls (both HNPA and FNPA) including credit card, collect, and third party calls will be dialed with a "0" prefix and ten digits; i.e., 0 + NPA + NXX + XXXX.

Operational questions concerning the split of the 604 NPA and the introduction of the new 250 NPA should be directed to Suresh Khare, Planning Coordinator - Numbering Plan Administrator, BC TEL, on (604) 432-2347.

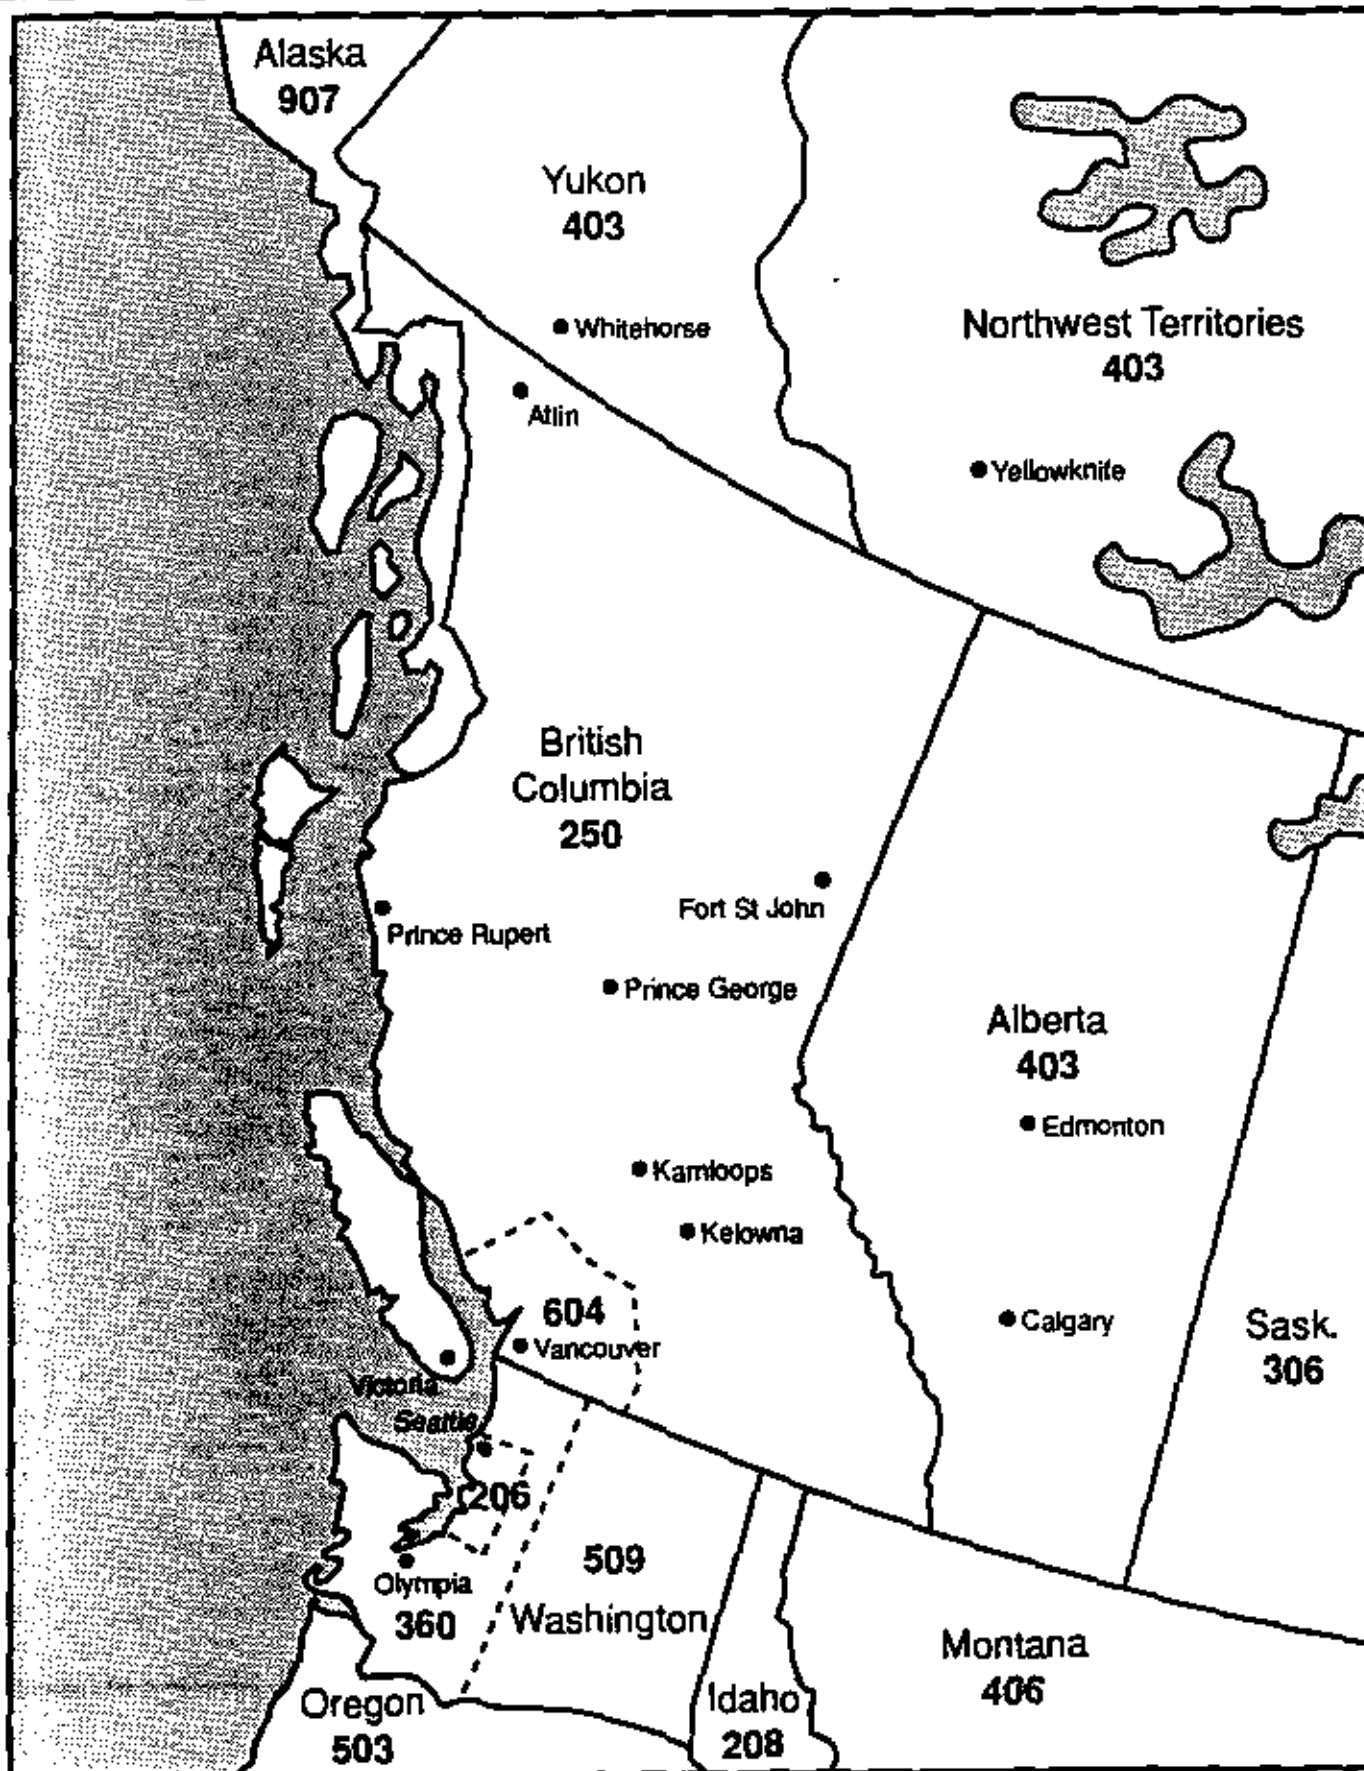

Copies of this letter are being forwarded to achieve the widest possible industry distribution and may be reproduced for further distribution as needed. Questions concerning the contents of this letter may be referred to Jim Deak, Belcore, at (908) 699-6612.
