BOSCH

Invented for life

Carbide Technology

Harder than the hardest materials

Bosch Professional Accessories
use Carbide Technology to create
high quality products that last.

NEW! Carbide Sabre Saw Blades

Endurance for Wood+Metal Demolition

First in market Carbide Solution dedicated for wood with metal demolition. Long lasting blades, ideal for cutting modern high strength steel materials embedded in wood.

Easy access:

due to tapered body

Extra-long life:

state-of-the Art carbide technology ensures effective cutting of high strength steel materials embedded in wood. Blade even withstands abuse from occasional contact with plaster, mortar and brick

Optimal stability:

thick 1.25 mm body and increased 25 mm blade width provide optimal stability and rigidity needed for demolition applications

Withstands toughest abuse:

new wide shoulder design provides ultimate support for the carbide teeth to withstand toughest abuse in demolition applications

Fast cuts:

due to large 5-7 teeth per inch (TPI) tooth design optimized for wood with metal demolition cutting

Ultimate flexibility:

individually welded teeth allow cutting while bending the blade, a key requirement for demolition applications

DESCRIPTION	PART NUMBER	PACK QUANTITY	RRP (EX. VAT)	RRP (INC. VAT)
S 967 XHM	2608653271	1	£17.14	£20.57
S 1167 XHM	2608653272	1	£23.25	£27.90
S 1167 XHM	2608653312	10	£197.59	£237.11
S 1267 XHM	2608653273	1	£28.81	£34.57

NEW! Carbide Sabre Saw Blades

Speed for Wood

First in market Carbide Solution for wood cutting. Longest lasting and fastest cutting blades for wood – ideal for construction workers, builders, facade installers, decking installers, drywall installers, tilers, flooring installers, plumbers and HVAC installers.

Easy access:

due to tapered body

Extra-long life:

state-of-the art carbide technology ensures effective cutting of all wooden materials, regardless of density and hardness. Specially suited for extremely rough applications (e.g. roots cutting) and difficult to cut hard exotic woods

Optimal stability:

thick 1.25 mm body and increased 25 mm blade width provide optimal stability and rigidity required for wood and roots cutting

Fast Powerful Cuts:

very large gullets combined with large 3 TPI / 8 mm tooth spacing provide fast cuts in all wooden materials. Excellent speed advantage when cutting hardwood, green wood or roots

Ultimate flexibility:

individually welded teeth allow cutting while bending the blade

DESCRIPTION	PART NUMBER	PACK QUANTITY	RRP (EX. VAT)	RRP (INC. VAT)
S 1142 KHM	2608653274	1	£18.68	£22.42
S 1242 KHM	2608653275	1	£23.08	£27.70

Promotions and pricing available from 01/05/2018 to 31/08/2018 or while stocks last. RRP is for illustrative purposes only and dealers shall determine their own resale price.

NEW! Carbide Sabre Saw Blades

Endurance for Hard Nail Pallets

First carbide blade for pallets built with hard nails. Extreme lifetime especially in hard-nail pallets – ideal for pallet renovators cutting hard-nails or high-strength steel materials.

Superior bending capability:

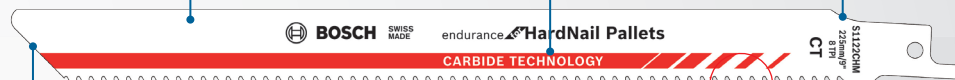

dedicated band material and thin 1.0 mm body provide optimal bending capability

Extra-long life:

state-of-the art carbide technology ensures effective cutting of hardened pallet repair nails and high-strength steel fasteners, which are increasingly common in the pallet repair industry

Ultimate shank strength:

radiused transition and special shank treatment provide ultimate shank strength for longer life

Less jamming:

reverse tip reduces blade bending and jamming

Withstands toughest abuse:

8 TPI / 3 mm constant tooth design optimized to withstand toughest abuse when cutting hard nails pallets

Ultimate flexibility:

individually welded teeth allow cutting while bending the blade, a key requirement for pallet repair

DESCRIPTION	PART NUMBER	PACK QUANTITY	RRP (EX. VAT)	RRP (INC. VAT)

S 1122 CHM	2608658249	100	£986.00	£1183.20

NEW! Diamond Sabre Saw Blades

Special for cement cast iron

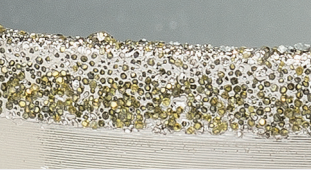

Unique specialist solution for cement cast iron. Extreme lifetime, especially in cement-coated cast iron pipes (cannot be cut with Carbide), perfect for pipe fitters, pipe layers, general construction, demolition workers and sanitary installers.

Cuts Pipes up to 200 mm Diameter:
due to long 250 mm blade length

Optimal stability:
thick 1.25 mm body provides optimal stability and rigidity needed for cutting larger diameter pipes

Extra-long life:
fine diamond 50 grit coating welded onto the blade body provides the only feasible recip system solution to cut cement coated cast iron

Using vacuum brazed diamonds for a longer lifetime

DESCRIPTION	PART NUMBER	PACK QUANTITY	RRP (EX. VAT)	RRP (INC. VAT)

Bosch After Sales Service

Simple and Straightforward

Online Spare Parts Service:

Illustrated spare part lists along with a reliable spare parts service for professional power tools – the spare part you need is just a click away.

Online Repair Enquiry Form:

Use the online form to arrange the collection of products for warranty repair. Your tool will be repaired quickly and reliably by our experts.

Fixed Price Repairs:

For tools outside of warranty, we will offer a fixed price based upon the model number entered. If there is no fixed repair price available, you will be offered a suitable alternative.
