Education Solutions

Apple Mobile Learning Labs

Apple MacBook Learning Labs provide schools with flexible and convenient access to technology, easily transforming any classroom into a digital learning environment. Each lab includes a classroom set of MacBook computers, AirPort wireless networking, and Apple Remote Desktop for classroom management—all housed in a durable, secure and easy-to-use Apple-exclusive mobile cart, ready to roll into any classroom. The new Bretford Mobility Cart includes compartments that can hold any size Apple notebook computer, features a new power management system, is 20 percent smaller, and includes new directional locking swivel casters which make it easier to move from classroom to classroom.

Recommended add-on: Apple Professional Development to prepare teachers to effectively integrate mobile lab technology into their curriculum.

Apple Mobile Learning Lab (10 MacBook computers)

The 10 MacBook mobile lab includes (10) MacBook 13.3" LED-backlit glossy widescreen display, 2.26 GHz Intel Core 2 Duo processor, 2GB memory, 250GB hard drive, SuperDrive, 10/100/1000 Base-T Ethernet, USB 2.0, AirPort Extreme, Bluetooth, Mini DisplayPort; (1) Bretford Mobility Cart for 20 Notebook Computers; (1) AirPort Extreme Base Station; (1) Ethernet cable; (1) Apple Remote Desktop v3.3, (10) 60W Magsafe power adapters with cords and duckheads. Each MacBook also includes Apple's award winning iLife applications, Mac OS X 'Snow Leopard' and other software. (Optional accessories: Mini DisplayPort to DVI Adapter, Mini DisplayPort to VGA Adapter, Mini DisplayPort to Dual-Link DVI Adapter)

Apple iPad Learning Lab

The Apple iPad Learning Lab provides a simple and effective way to manage a classroom set of iPad devices and share them among multiple classrooms. The solution includes (10) 16GB iPad with Wi-Fi devices housed in a compact and durable mobile cart capable of storing, charging, and syncing up to 30 iPad devices. Content can be synced simultaneously between a classroom Mac and multiple devices. The cart includes storage space for a notebook computer and can be locked to secure the devices when they're not in use. LED lights display the charging status of each device. Choose one of the pre-configured solutions below, or build your own custom iPad lab by visiting http://education.apple.com/custom_ipad_lab/.

Recommended add-ons: The MacBook is an ideal companion for the Apple iPad Learning Lab. Create compelling education content with iLife and organize and share that content via iTunes. Apple Professional Development prepares teachers to effectively integrate iPad devices into their curriculum.

Optional accessories: Apple Component AV Cable, Apple Composite AV Cable

For more information, please visit www.apple.com/education/labs/.

The "Getting Started with Apple iOS Devices: A guide for using iPad, iPod touch, and iTunes for K-12 teaching and learning" PDF document is available as a free download at www.apple.com/education/resources/.

AppleCare Protection Plan extends your built-in AppleCare coverage to a full three years from the purchase date of your new Apple product. Choose AppleCare Protection Plan - Auto Enrollment if you're buying computers to be covered. Be sure that each purchase order has the same number of computers as Auto Enrollment options. Upon receipt of your purchase order, Apple will enroll each computer in the plan, and then mail you a proof-of-coverage certificate as well as an AppleCare Protection Plan CD and Quick Reference Guide for each computer. If you are purchasing Mac minis, Power Macs or MacBook Pros along with Apple-branded displays, take care to choose "with Display" so that the display is enrolled for coverage as well.

Surcharges apply to the above bundles shipped to Alberta, BC, Ontario, Nova Scotia, Prince Edward Island or Saskatchewan (surcharge is per MacBook).

MacBook

MacBook is the notebook you love in a whole new edition. Featuring a sleek and more durable unibody enclosure that is just 1.08 inches thin and even lighter at 4.7 pounds, MacBook is perfect for the mobile lifestyle. MacBook delivers great feature enhancements including a built-in 7-hour battery to stay productive through the day, brilliant LED-backlit display for a vibrant media viewing experience, and a glass Multi-Touch trackpad that supports innovative Multi-Touch gestures. With great performance and ports to support your everyday tasks as well as pre-installed with Mac OS X Snow Leopard and iLife '09.

Apple offers build-to-order capability for the MacBook products listed below. To take advantage of this capability, call 800-800-APPLE.

AppleCare Protection Plan extends your built-in AppleCare coverage to a full three years from the purchase date of your new Apple product. Choose AppleCare Protection Plan - Auto Enrollment if you're buying computers to be covered. Be sure that each purchase order has the same number of computers as Auto Enrollment options. Upon receipt of your purchase order, Apple will enroll each computer in the plan, and then mail you a proof-of-coverage certificate as well as an AppleCare Protection Plan CD and Quick Reference Guide for each computer. If you are purchasing Mac minis, Power Macs or MacBook Pros along with Apple-branded displays, take care to choose "with Display" so that the display is enrolled for coverage as well. The AppleCare Protection Plan terms and conditions are available on Apple's website: <http://www.apple.com/ca/support/products/proplan.html>

For stand-alone Auto Enroll Applecare, please refer to the AppleCare Protection Plan Products Section of the price list.

Surcharge applies to iMacs shipped to Alberta, BC, Ontario, Nova Scotia, Prince Edward Island or Saskatchewan (Surcharge is per iMac).

MacBook Pro 15"

The MacBook Pro models are equipped with a new quad-core Intel Core i7 processor, 15.4" LED-backlit display with 1440-by-900 resolution, 500GB or 750GB 5400-rpm hard drives, 4GB of 1333MHz DDR3 memory, and a built-in 77.5Whr battery. All models come standard with integrated Intel HD Graphics 3000 and AMD Radeon HD 6490M or 6750M discrete graphics processors with dedicated GDDR5 graphics memory and automatic graphics switching. The 15" MacBook Pro also includes the new Thunderbolt I/O technology, dual-link DVI functionality (separate adapter required) a built-in iSight Camera, two USB 2.0 ports, one FireWire 800 port, a Thunderbolt port, an SDXC card slot, optical digital input/line in, optical digital output/headphone out, stereo speakers, an internal microphone, and 8X double layer burning SuperDrive (DVD±R DL/DVD±RW/CD-RW) for burning CDs and DVDs. Built-in communications include Bluetooth 2.1 + EDR, 10/100/1000 Base-T Ethernet (Gigabit), and AirPort Extreme for wireless networking capability. Standard on all models is the Sudden Motion Sensor (SMS) for hard drive protection and an illuminated keyboard with ambient light sensors. For more information, please refer to product data sheets or the MacBook Pro web site (<http://www.apple.com/macbookpro>). Bundled software includes: Mac OS X v10.6 Leopard (includes Time Machine, Quick Look, Spaces, Spotlight, Dashboard, Mail, iChat, Safari, Address Book, QuickTime, iCal, DVD Player, Photo Booth, Front Row, Xcode Developer Tools)

Mac Pro - Intel

With up to 12-core processing power, the new Mac Pro is up to 50% faster than the previous generation. Mac Pro is based on next-generation Intel Xeon “Westmere” or “Nehalem” processors with four or six cores on a single die. “Westmere” processors feature 12MB of fully-shared L3 cache and “Nehalem” processors are equipped with 8MB of fully-shared L3 cache. Faster memory is now available, up to 1333MHz DDR3 ECC SDRAM, and both “Westmere” and “Nehalem” processors feature a three-channel integrated memory controller for greater memory bandwidth and lower memory latency. The Mac Pro is available in both quad-core and 8-core standard configurations, and can be configured (via Configure-to-Order online ordering, CTO) as a 6-core or 12-core system, with processors up to 3.33GHz. Quad-core Mac Pro systems start with 3GB of memory and support up to 16GB, while 8-core systems begin with 6GB and support up to 32GB of memory. All new high-performance graphics cards are available from ATI, starting with the high-performance ATI Radeon HD 5770 with 1GB of GDDR5 memory and two Mini DisplayPort outputs and one dual-link DVI port. For faster graphics performance, the ATI Radeon HD 5870 is available with 1GB of GDDR5 memory. The Mac Pro now features optional 512GB solid-state drives for ultra-fast storage performance. Configure up to four SSDs for 2TB of fast storage. The Mac Pro interior is designed to make it easy to add memory, expansion cards, and hard drives. All Mac Pro systems feature four 3.5" hard drive bays with cable-free direct-attach drive carriers. Included is a 1TB Serial ATA 3Gb/s 7200-rpm hard drive and the system is configurable with up to 8TB of internal storage. The optional Mac Pro RAID card adds added data protection and performance when configured with multiple hard drives. A 18x SuperDrive with double-layer support (DVD±R DL/DVD±RW/CD-RW) is standard in all systems, and Mac Pro can be configured with up to two 18x SuperDrive optical drives. All systems include a double-wide PCI Express 2.0 graphics slot and three full-length PCI Express 2.0 expansion slots. AirPort Extreme 802.11n Wi-Fi wireless networking is now built-in, along with Bluetooth 2.1+EDR for connection to a wireless keyboard, mouse or other Bluetooth enabled device. All Mac Pro systems also include: four FireWire 800 ports and five USB 2.0 ports. Networking includes two Gigabit Ethernet ports, and Audio support includes optical digital input/output, analog line-level input/output, front headphone minijack, and speaker.

Standard Mac Pro desktop configurations includes an Apple Keyboard with Numeric Keypad, wireless Magic Mouse, USB keyboard extension cable, and power cord. Software includes Mac OS X and iLife. Mac Pro with Snow Leopard Server includes a power cord and Mac OS X Server unlimited-client license software and does not include a keyboard and mouse. Service and support is 90 days of toll-free telephone support and one-year limited warranty.

For more detailed information, please refer to the Mac Pro web site (<http://www.apple.com/macpro>)

iPad

The iPad is a high-performance system for everyone - in terms of style, portability, and performance - that provides a full set of advanced features in a stunning aluminum enclosure that is less than .5 inches thin and weighs just 1.5 pounds. All models feature a built in 25 watt hour rechargeable lithium polymer battery that provides up to 10 hours of battery life while surfing the web on Wi-Fi, watching video or listening to music. The iPad features a brilliant 9.7 inch LED-backlit glossy widescreen Multi - Touch display with IPS technology that makes it perfect for web browsing, watching movies, or viewing photos. The A4 chip inside the iPad was custom-designed by Apple engineers to be extremely powerful yet extremely power efficient. The performance is unlike anything you've ever seen on a touch-based device which makes the iPad fantastic for everything from productivity apps to games. At the same time, the A4 chip is so power efficient that it helps iPad get up to 10 hours of battery life on a single charge. iPad is available with a choice of 16GB, 32GB, or 64GB of flash storage, giving you lots of room for your photos, movies, music, apps, and more.

iPad with Wi-Fi + 3G offers superfast data speeds up to 7.2 Mbps over 3G cellular networks around the world. It's perfect when you're out and about with no access to a Wi-Fi network, because you can still get a fast connection for surfing the web, sending and receiving email, or getting directions. Since iPad seamlessly switches between 3G and even faster Wi-Fi, you always get the best connection available.

AppleCare Service Parts Kits for Xserve and Xserve RAID

To minimize downtime, purchase both the AppleCare Service Parts Kit for Xserve or Xserve RAID and an AppleCare Premium Service and Support Plan. When you combine an AppleCare Service Parts Kit with the AppleCare Premium Service and Support Plan, Apple experts can often help you troubleshoot and fix your system right over the phone, day or night, so you won't have to wait for a technician. Xserve and Xserve RAID are designed for quick and easy swapping of crucial parts; no special training or certification is required. AppleCare Service Parts Kits let you keep key modules handy to address the most common hardware failures and the AppleCare Premium Service and Support Plan provides the support you need to get up and running quickly. AppleCare Service Parts Kits for Xserve include a logic board, a power supply, a fan array and a PCI Fan. AppleCare Service Parts Kits for Xserve RAID include a RAID controller module, a power supply, a cooling module and an Apple Drive Module. It is recommended that customers buy one kit for up to ten systems purchased.

AppleCare Protection Plan Products

AppleCare Protection Plan

The AppleCare Protection Plan is a comprehensive service and support plan that extends telephone support from 90 days to up to three years and adds two years of hardware repair coverage to the one-year limited warranty, including onsite service for desktop computers (Onsite service is not available in all locations). It also includes powerful diagnostic tools (TechTool Deluxe from Micromat) and provides dedicated access to web-based support resources. The AppleCare Protection Plan Terms and Conditions are available on Apple's website: <http://www.apple.com/ca/support/products/proplan.html>

AppleCare Protection Plan - Auto Enrollment

Choose AppleCare Protection Plan Auto-Enrollment if you're also buying the computers to be covered. Be sure that each purchase order has the same number of computers as Auto Enrollment options. Upon receipt of your purchase order, Apple will enroll each computer in the plan, and then mail you a proof-of-coverage certificate as well as an AppleCare Protection Plan CD and Quick reference guide.

AppleCare Technician Training Products

AppleCare Technician Training is an in-depth self-paced training program that covers the spectrum of knowledge needed to become an Apple-certified technician. You get a year of access to AppleCare Service Source, which covers such topics as general computer terminology, Apple-specific computer architectures, Mac troubleshooting and preventive maintenance, and Apple technologies. In addition to the Service Source training and reference materials, you also receive diagnostic tools and extensive information from Apple's own technical library.

MA714Z/B	AppleCare Technician Training	271
----------	-------------------------------	-----

A self-paced training curriculum gives you the information you need to pass the Apple Service Certification exams and become a qualified Mac technician.

NOTE: Not for Classroom Training.

AppleCare Professional Support Products

S1662Z/A	AppleCare Professional Video Supportline Auto/enroll AppleCare Professional Video Support gives you direct access to Apple's Professional Video Technical Support team via telephone and email 12 hours a day, seven days a week. Coverage includes expert assistance with Final Cut Studio, Final Cut Pro, DVD Studio Pro, Motion, and Soundtrack Pro; troubleshooting for Apple hardware and RAID Admin software, as well as for interconnectivity between your Mac or Xserve and an Xserve RAID; and assistance with DV, SD, and HD video input / output over FireWire or Apple-qualified third-party capture cards. This product provides an unlimited number of support incidents to one designated contact in your organization for one year. For complete terms and conditions, visit http://www.apple.com/ca/support/products/provideo/ Customer receives email confirmation with agreement number, account number to use and start/end dates. 1.800.919.2775 (7 days a week/12 hours a day) account number: 685840	735

AppleCare Help Desk Products

MB038ZM/D	AppleCare Help Desk Tools Provides a single user with a library of Mac OS installation and hardware diagnostic discs that is updated quarterly for a full year. Also provides access to Apple's professional online support resources, including private and monitored discussion boards, online updates of the latest tools and software patches, and prompt email notification of Apple technical issues.	1063
MB039ZM/D	AppleCare Help Desk Support Provides two designated contacts one year of unlimited support incidents for software installation, launch, and use; hardware and software diagnosis and trouble shooting; and issue isolation for Apple-based solutions. The support plan also provides graphical user interface-level assistance with Mac OS X Server as well as support for Final Cut Pro, DVD Studio Pro, LiveType, Soundtrack, and Compressor software. Also provides access to Apple's professional online support resources, including private and monitored discussion boards, online updates of the latest tools and software patches, and prompt email notification of Apple technical issues. Every AppleCare Help Desk Support plan includes a single copy of AppleCare Help Desk Tools, a library of Mac OS installation and hardware diagnostic discs that is updated quarterly.	2879

Mac OS X Server Software Support Products

	Mac OS X Server Software Support delivers consultative phone and email support for advanced server operation, migration and integration issues. All three plans provide support for technical issues that require the use of command-line tools for resolution. Whether you have occasional questions or you need assistance on a regular basis, Apple has a plan to fit your requirements. Each plan provides up to one year of coverage. Each plan also includes AppleCare Help Desk Support and a single copy of AppleCare Help Desk Tools. AppleCare Help Desk Support provides each designated contact an unlimited number of support incidents for software installation, launch, and use; hardware and software diagnosis and troubleshooting; and issue isolation for Apple-based solutions. In addition, each of your designated contacts will have access to Apple's professional online support resources, including private and monitored discussion boards, online updates of the latest tools and software patches, and prompt email notification of Apple technical issues. AppleCare Help Desk Tools provides a library of Mac OS installation and hardware diagnostics discs that is updated quarterly. For details about Mac OS X Server Support, visit http://www.apple.com/ca/support/products/

MC344AM/A	Time Capsule 2TB (Simultaneous Dual-band 802.11n Wi-Fi) Time Capsule is a Wi-Fi hard drive and AirPort Extreme Base Station that lets users wirelessly back up and protect everything on a Mac desktop or notebook. It works seamlessly with Mac OS X Leopard's Time Machine software so users can setup automatic, wireless back-up for every Mac in their home, small-business, or school to one Time Capsule with just a few clicks.	529
MC340AM/A	AirPort Extreme Base Station (Simultaneous Dual-Band)	179
MB321AM/A	AirPort Express Base Station 802.11n Wi-Fi wireless access point, 1 Ethernet port to connect to a DSL or cable modem or local Ethernet network, one USB port to share a printer wirelessly, and one 3.5 mm audio jack that supports both analog and digital optical sound. With AirPort Express it is possible to play iTunes music over a wireless network to a stereo or powered speakers using AirTunes. AirPort Express supports both Mac and PC. AirPort Express has a built-in power supply and uses the standard Apple duck heads to plug into a power source. Minimum system requirements to run the software: Mac OS X v10.4 (Tiger), Mac OS X v10.5 (Leopard), Windows XP, and Windows Vista. Minimum requirements to access the wireless network are: an AirPort or AirPort-Extreme enabled Macintosh, or 802.11b/g or 802.11n draft 2.0 wireless PC or Wi-Fi device. Product ships with an AirPort Express and power adapter for local use. The AirPort Express Base Station is based on an IEEE 802.11n draft specification.	99
M9573LL/A	AirPort Express Stereo Connection Kit with Monster cables Includes AirPort Express power extension cable with local power adapter (1.87 m), mini stereo to dual RCA Monster cable (2 m), and mini optical digital to digital Toslink Monster cable (2 m) The following Surcharges apply to the above Time Capsules (external hard drive) shipped to Ontario (surcharge is per peripheral):	39

Technology Infused Learning Strand

Designed to teach Educators familiar with the basics of technology in the classroom how to leverage digital tools to engage students, enhance learning and meet state content standards.

Offerings include (Apple highly recommends a minimum of two consecutive days):

- Technology Infused Learning: Elementary
- Technology Infused Learning: Middle School
- Technology Infused Learning: High School
- Technology Infused Learning: Higher Ed

B8377LL/C	Apple Professional Development Institute A four consecutive days program for up to 16 participants, designed to provide an immersion experience for 21st century educators	6600
D2460LL/B	2-Day Leader-Led Workshop or Consulting	3500
D2459LL/B	1-Day Leader-Led Workshop or Consulting	2000
D4527LL/A	3-Day Leader-Led Workshop or Consulting	5100
D4520LL/B	4-Day Leader-Led Workshop or Consulting	6600

Apple Training

Apple Training offers leader-led instruction on the Macintosh operating system, as well as Apple products, technologies, tools, and applications. Apple courses are at select Apple Canada training facilities or as onsite classes at customer locations. Onsite classes are available as (1) Standard Onsite for a maximum of 16 students based on a flat fee; or (2) Coordinated Onsite for a minimum of 12 students based on a per student fee with a maximum of 16 students. Coordinated Onsites enable customers to pay by multiple purchase orders when students from various departments or schools attend an onsite class at the same location. For more information visit <http://apple.ca/training> or call 800-848-6398.

Mac OS X Learning Center v10.4

The more you know about your Mac, the more you can do. The Learning Center contains information about Mac OS X and Mac OS X applications, including iLife. It includes more than 20 easy-to-follow tutorials complete with more than 200 movies, tips, and printable practice steps. Customers can purchase a multiple-user license to host the Learning Center at their school or business in packs of 10 and 100 licenses. If you or your customers have questions about licenses for larger groups, please call 1-800-848-6398.

Introduction to Mac OS X for Technical Professionals

Introduction to Mac OS X Support Essentials is a one-day add-on course for those new to Mac OS X who need to prepare for Mac OS X Support Essentials. This course focuses on getting to know the foundations of Mac OS X, with topics ranging from efficient window and application management using Mac OS X to customization and an introduction to command line administration. This course is available on a per student basis, a standard onsite, or a coordinated onsite. Standard onsites are offered for a maximum of 16 students, whereas coordinated onsites are offered for a minimum of 12 and a maximum of 16 students.

D3483Z/A	Introduction to Mac OS X Support Essentials - Price per student (5 unit)	540
D3484Z/A	Introduction to Mac OS X Support Essentials - Coordinated onsite (5 unit)	540
D3485Z/A	Introduction to Mac OS X Support Essentials - Standard onsite (60 units)	6480

Mac OS X Support Essentials

Designed for help desk professionals, technical coordinators, service technicians and others who support Mac OS X customers. This three-day, hands-on course provides an intense and in-depth exploration of troubleshooting Mac OS X. This course is available on a per student basis, a standard onsite, or a coordinated onsite. Standard onsites are offered for a maximum of 16 students, whereas coordinated onsites are offered for a minimum of 12 and a maximum of 16 students.

D3427Z/A	Mac OS X Support Essentials - Price per student (15 units)	1620
D3426Z/A	Mac OS X Support Essentials - Coordinated Onsite (15 units)	1620
D3425Z/A	Mac OS X Support Essentials - Standard Onsite (180 units)	19440

Mac OS 105 Supporting Mac OS X v10.4 for Windows Administrators

This is a three-day course in our IT track geared specifically toward technical professionals who come from a Windows environment and need to transition to supporting Mac OS X. This course covers ongoing maintenance, monitoring and troubleshooting of Mac OS X. This course is available on a per student basis, a standard onsite, or a coordinated onsite. Standard onsites are offered for a maximum of 16 students, whereas coordinated onsites are offered for a minimum of 12 and a maximum of 16 students.

D3768Z/A	Intro to Supporting Mac OS X v10.4 for Windows Administrators - Price per student (15 units)	1620
D3769Z/A	Intro to Supporting Mac OS X v10.4 for Windows Administrators - Coordinated Onsite (15 units)	1620
D3770Z/A	Intro to Supporting Mac OS X v10.4 for Windows Administrators - Standard Onsite (180 units)	19440

Mac OS X Server Essentials

Designed for technical coordinators and system administrators. This is a four-day course that provides students with the skills, tools, and knowledge to implement and maintain a Mac OS X Server-based system. Students will learn how to install and configure Mac OS X Server to provide network-based services such as file sharing, authentication and printing. This course is available on a per student basis, a standard onsite, or a coordinated onsite. Standard onsites are offered for a maximum of 16 students, whereas coordinated onsites are offered for a minimum of 12 and a maximum of 16 students.

D3443Z/A	Mac OS X Server Essentials - Price per student (20 units)	2160
D3444Z/A	Mac OS X Server Essentials - Coordinated Onsite (20 units)	2160
D3445Z/A	Mac OS X Server Essentials - Standard Onsite (240 units)	23760

Mac OS X Deployment

Designed for system administrators who are tasked with installing and configuring on a large number of computers running Mac OS X. This two-day course provides hands-on labs and lecture that expose students to best practices and troubleshooting methods, while providing detailed coverage of tools, tips, and tricks for deploying and maintaining software on Mac OS X systems. This course is available on a per student basis, a standard onsite, or a coordinated onsite. Standard onsites are offered for a maximum of 16 students, whereas coordinated onsites are offered for a minimum of 12 and a maximum of 16 students.

D3448Z/A	Mac OS X Deployment - Price per student (10 units)	1080
D3449Z/A	Mac OS X Deployment - Coordinated Onsite (10 units)	1080
D3450Z/A	Mac OS X Deployment - Standard Onsite (120 units)	12960

Directory Services Integration and Administration, Client

Designed for system administrators and IT professionals who need to configure Macintosh computers to access directory services in a mixed platform network. This two-day course provides a combination of lecture and hands-on case study exercises that provide practical real-world experience. This course is available on a per student basis, a standard onsite, or a coordinated onsite. Standard onsites are offered for a maximum of 16 students, whereas coordinated onsites are offered for a minimum of 12 and a maximum of 16 students.

D3458Z/A	Directory Services Integration and Administration, Client - Price per student (10 units)	1080
D3460Z/A	Directory Services Integration and Administration, Client - Coordinated Onsite 10 units)	1080
D3462Z/A	Directory Services Integration and Administration, Client - Standard Onsite (120 units)	12960

Directory Services Integration and Administration, Client/Server

Designed for system administrators and IT professionals who need to gain specific knowledge about directory services, how to effectively configure Mac OS X computers to access directory services, and how to configure Mac OS X Server to provide directory services in a mixed platform environment. This four-day course is a combination of lecture and hands-on case study exercises that provide practical real-world experience. This course is available on a per student basis, a standard onsite, or a coordinated onsite. Standard onsites are offered for a maximum of 16 students, whereas coordinated onsites are offered for a minimum of 12 and a maximum of 16 students.

D3459Z/A	Directory Services Integration and Administration, Client/Server - Price per student (20 units)	2160
D3461Z/A	Directory Services Integration and Administration, Client/Server - Coordinated Onsite (20 units)	2160
D3463Z/A	Directory Services Integration and Administration, Client/Server - Standard Onsite (240 units)	23760

Security Best Practices for Mac OS X v10.4

Designed for system administrators, this three-day course focuses on identifying security needs and implementing appropriate security measures for the Mac OS X computer. It is an instructor-led course with lecture discussions, activities, exercises and utilizes multimedia components and hands-on case study exercises. This three-day course focuses on identifying security needs and implementing appropriate security measures for the Mac OS X computer. This course is available on a per student basis, a standard onsite, or a coordinated onsite. Standard onsites are offered for a maximum of 16 students, whereas coordinated onsites are offered for a minimum of 12 and a maximum of 16 students.

D3534Z/A	Security Best Practices for Mac OS X - Price per student (15 units)	1620
D3535Z/A	Security Best Practices for Mac OS X - Coordinated Onsite (15 units)	1620
D3536Z/A	Security Best Practices for Mac OS X - Standard Onsite (180 units)	19440

Xsan Administration 1.4

Students configure, performance tune, and troubleshoot a storage area network using Apple's Xsan tools. The course also covers storage resource management and data protection. This three-day Xsan Administration course focuses on deploying storage area networks. This course is available on a per student basis, a standard onsite, or a coordinated onsite. Standard onsites are offered for a maximum of 16 students, whereas coordinated onsites are offered for a minimum of 12 and a maximum of 16 students.

D3476Z/A	Xsan Administration 1.4 - Price per student (20 units)	2160
D3477Z/A	Xsan Administration 1.4 - Coordinated Onsite (20 units)	2160
D3478Z/A	Xsan Administration 1.4 - Standard Onsite (180 units)	19440

Education Training Products

With Apple Media Series: iLife '08 for the Classroom, you'll learn how to use the iLife '08 suite of applications to create a slideshow, an album, a photo book, an enhanced podcast, a soundtrack, a movie, a DVD, and a website. Using the Apple Series: iLife '08 for the Classroom tutorials, you'll take a compilation of photos and movies from a class field trip and create a variety of media-rich learning projects.
