FCC Equipment Authorization Branch

Re: FCC ID B5DM515

Applicant: Telex Communications Inc  
731 Confirmation Number: EA99910  
Date of Original E-Mail: 3/23/2001

Subject: FYI

FYI - You asked if the fundamental should be measured using the substitution method. The substitution method is required to measure the fundamental. The reason is that a reference is needed for the emissions mask to calculate dBc for the spurious emissions.
