OUTSHINE WITH **MATT!**

Performance and aesthetic combine to create the Excel Life Matt range of wiring devices.
Featuring a luxurious matt texture, they not only look striking, but the matt finish makes them easier to clean and maintain. Complement matt surfaces, tapware or appliances to create a designer finish, or be bold and add contrast.

Excel Life MATT

SMARTER THAN YOUR **AVERAGE** SWITCH!

Introducing Excel Life Smart, a collection of smart wiring devices second to none. Combining local design and engineering with world-class smart home technology by Netatmo, this collection of switches and powerpoints blends seamlessly with existing Excel Life installations with the added convenience of full home control using a wall switch, smart phone or voice via a digital assistant.

Excel LifeTM **SMART**

WORKS WITH:

SMART DOWNLIGHTS

STUNNINGLY SLIM LINEA

If you need beautifully slim switches and sockets, then Linea's unrivalled 4.2mm sleek profile is the answer.

Seamlessly blending into any surface, the range features a selection of finishes to suit every interior. With over a hundred electrical functions, Linea offers a stunning solution to your profile.

BOLD **STRIKING** REFRESHING

Bold, striking & refreshing, choose the colour to suit your style. Excel VIVO™ can be customised to suit any taste or interior. Keep it simple with traditional rocker switches and white coverplates, or add a designers edge with coloured plates to transform any wall from boring to breathtaking.

WIRING DEVICES FOR RESIDENTIAL & COMMERCIAL AUTOMATION SYSTEMS

For lovers of luxury design, look no further than the exquisite Arteor collection.

Featuring light switches, dimmers, USB sockets and a range of audio visual and data accessories, the collection enhances modern interiors.

Arteor combines original materials, stunning finishes and new technologies to create a collection perfectly in sync for the design conscious and technologically advance.

ARTEOR

THE SMART WIRELESS SOLUTION

Arteor with Netatmo is a collection of smart switches and sockets allowing for control of lights, appliances, blinds/shutters from anywhere using a smart device or by voice control. Thanks to it's intuitive app (Legrand Home + Control), the homeowner can check the status of electrical devices, power individual appliances, receive push button notifications, set up multi scenarios and receive energy consumption reports. A solution designed to be simple to plan, install and use Arteor with Netatmo makes having a smart home easy.

ARTEOR with Netatmo

SLEEK & ROBUST

With its contemporary design and ability to sustain the harsh Australian climate, Aqua Life is the best choice for outdoor switches and sockets applications. Constructed from only quality materials, Aqua Life features reinforced sliders for smooth operation and IP ratings up to IP66. With its sleek look and easy installation, Aqua Life meets the needs of homeowners and electricians alike.

Aqua LifeTM

SOLUTIONS

FOR EXPOSED OR UNSUPERVISED ENVIRONMENTS

Soliroc IP55 weatherproof switches and sockets are the premium choice for exposed environments such as sports and entertainment venues. public facilities, shopping centres and schools. Vandal-proof, thanks to their IK10 and tamper-proof screws, they are resistant to graffiti and lighter flames. Not only is Soliroc robust and impossible to pull-off with bare hands, its also stylish – a perfect complement to architecturally designed environments.

Soliroc

WELCOME TO THE WORLD OF WIRELESS CHARGING!

Charging has never been this easy. Ditch the cables and experience the freedom of wireless charging. Legrand's wireless chargers are Qi Certified allowing for quick and easy charging of compatible devices. Installed in a home or office our chargers truly become a daily companion. The wireless pad fits conveniently into tables at restaurants, cafes, hotels and airports. The weatherproof wireless charger is shockproof and weatherproof, which is ideal for busy public places such as hotels, bars, restaurants and even by the pool!

DEVELOPING HIGH ENVIRONMENTAL PERFORMANCE PRODUCTS

The Legrand Group is committed to building a company with people and communities at its heart. We promote ethical and transparent business practises, continuously refine manufacturing and supply processes to reduce environmental impact and develop products using the latest energy-efficiency research and technology. Our energy monitoring systems help customers control their energy usage more effectively by providing clear, visual displays of energy consumption; an aware user is one that saves.

Environmental Profile

GOOD DESIGN AWARDS

THE ANNUAL GOOD DESIGN AWARDS IS AUSTRALIA'S MOST PRESTIGIOUS AWARDS FOR DESIGN AND INNOVATION.

Discontent with making purely functional products, we aim to set the benchmark for both technological innovation and inspirational design of everyday items, boosting the profile of modern electrical systems within both the Trade and Consumer sectors.

We were awarded for:

- Our Plexo3 Weatherproof Electrical Enclosures in 2017
- Our Wireless Charging Solutions in 2018
- Our Excel VIVO Switches and Sockets in 2018
- Our Arteor with Netatmo Smart Home in 2019

The event celebrates outstanding new products and services on the market, excellence in architectural design, and rewards emerging areas of design including business model innovation, social impact and design entrepreneurship.
