To demonstrate the compliance with FCC Regulations Subpart 15C the initial test report **CETECOM_TR18_1_0257101T93a** was done. For the initial Homologation a **Reference Antenna** was used because the real car antenna was still not available.

The Partial Test Report **18-1-00257110T02a** was done under real conditions with the real car including the real antenna.
